RESOLUTION ON THE ANNUAL REPORT OF THE PORT OFFICER, CALCUTTA, FOR THE YEAR 1907-08.

No. 2279Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 25th July 1908.

RESOLUTION.

READ—

Letter No. 3074, dated 3rd July 1908, from the Port Officer, Calcutta, submitting the Annual Report of his Department for 1907-08.

There were 52 pilots on the active list at the close of the year 1807-08, against 50 at the end of 1906-07. There were two casualties, one Branch Pilot and one Leadsman Apprentice having been invalided during the year. Five

Leadsmen were recruited from England. It was intended to fill one of these appointments locally, but no eligible candidate came forward. Arrangements have been made to obtain three recruits during the current year to meet the requirements of the service.

2. One thousand five hundred and sixty-seven vessels arrived at the port and 1,562 departed with a gross tonnage of 6,010,081 inwards and 5,985,574 outwards. The average tonnage of steam sailing vessels inwards and outwards was 3,824, as compared with 3,846, 3,722 and 3,734, the averages for the three previous years respectively. The pilotage receipts amounted to Rs. 13,49,151 during the year as against Rs. 14,21,189, Rs. 13.62,785, and Rs. 13,54,169, respectively, during the past three years. The rates for pilotage vary with the draft of the vessel and not with the tonnage, and the fall in the receipts would appear to indicate that a larger tonnage of cargo is now being carried for the same draft.

3. There has been an increase in the number of inward vessels drawing over 21 feet and decrease in the outward as compared with those of the previous year. The number of such vessels piloted inwards and outwards was 334 and 896, against 315 and 954 respectively in the year before. One sailing ship of more than 21 feet draught entered the port and one departed during the year.

4. *Six* inward vessels only were neaped at Diamond Harbour during the year for want of sufficient depth of water over the bars of the river, while last year *twenty* vessels were neaped at Diamond Harbour, *one* at Saugor Island and *six* at Calcutta. The bars were exceptionally good during the year owing, no doubt, partly to the successful dredging operations of the *Sandpiper*. Only *6* vessels were detained at the Sandheads for want of pilots, against *13* during the previous year, the average detention being 29 hours and 4 minutes.

5. There were 5 collisions and 20 groundings, against 9 collisions and 30 groundings in the previous year. In three cases of collisions the pilots were free from blame, and in two they were found to have been negligent. In respect to the groundings, the pilots were in fault for error of judgment in two cases only.

6. Fifty-four preliminary enquiries were held, as the result of which three cases were referred to Departmental Courts and five to special Courts of Enquiry. No Marine Court under Act XII of 1859 was held during the year.

7. Eighty-three candidates appeared at examinations for Colonial and Home Trade Certificates of Competency, of whom forty-six passed. Four hundred and thirty-two candidates appeared at examinations for Certificates of Competency as Master, Serang, Engineer and Engine-driver under the Inland Steam-vessels Act, VI of 1884, but only 250 passed.

8. Mr. G. Robertson was the First Engineers and Shipwright-Surveyor throughout the year. Mr. E. G. Venn, Chief Engineer, R.I.M., was the Second Engineer and Shipwright-Surveyor. The appointment of a Third Surveyor was found necessary to cope with the increase of work, and Mr. H. R. Stark acted in the newly-created appointment from the 24th June to 31st October 1907 as a temporary measure. Mr. F. Olford, Engineer, Royal Indian Marine, was appointed permanently as Third Engineer and Shipwright-Surveyor from the 4th November 1907.

9. Commander St. L. S. Warden, R.I.M., presided over the Department throughout the year. Commander A. S. Balfour, R.I.M., continued as Assistant Port Officer and Deputy Shipping Master up to the 16th of December 1907 when he reverted to the Royal Indian Marine on being relieved by Lieutenant H. E. Harold, R.I.M., who has held the post up to the close of the year.

By order of the Lieutenant-Governor of Bengal,

W. A. INGLIS,

Secretary.

ANNUAL REPORT ON THE GOVERNMENT CINCHONA PLANTATION AND FACTORY IN BENGAL FOR THE YEAR 1907-08

NOTIFICATION.

No. 1318M dl.—The 22nd July 1908.—The following extracts paragraphs 1 to 12 from the Annual Report on the Government Cinchona Plantation and Factory in Bengal, for the year 1907-08, are published for general information

C. E. A. W. OLDHAM,
Secretary to the Govt. of Bengal.

Forty-sixth Annual Report of the Government Cinchona Plantation, British Sikkim, being that for the financial year 1907-08, and also the Report of the Factory of the same year, by W. W. SMITH, ESQ., *Officiating Superintendent of Cinchona Cultivation in Bengal and Officiating Government Quinologist.*

Weather and General.—At the head-quarters division Mungpoo, rainfall to the amount of 96·46 inches was recorded against an average of 123·02 inches during the preceding 20 years, the total number of wet days being 176; and the greatest amount during one day 5·62 inches. Similarly Munsong rainfall was deficient, the total measured being 72·07 inches against an average of 90·72 during the preceding six years; number of wet days 191; the largest fall in one day 2·08 inches.

2 *Plantation and Crop.*—Cinchona extensions in all divisions amount to 110·63 acres with 290,140 young trees. Of these 52·68 acres *Ledgeriana* (143,423 plants) were put out in the Mungpoo plantation and 11·27 acres *Hybrid* (*No. 2*) (19,638 plants) in the Sittong Division. No land now remains of sufficiently good quality to justify further extensions of Cinchona, and these will be discontinued in this area. At Munsong 46·68 acres of *Ledgeriana* (127,079 plants) have been added, the total area of this species now amounting to 544·61 acres.

The total number of Cinchona trees of all sorts on the permanent plantations on 31st March 1908 was 3,471,216. Of this number, 2,779,746 were *Cinchona Ledgeriana*, being 1,626,035 on Mungpoo plantation and 1,153,711 on Munsong plantation. The remainder consisted of 346,699 of *Hybrid* (*No. 1*) (all on Mungpoo plantation), 92,992 of *Hybrid* (*No. 2* and 251,779 of *Cinchona Succirubra*, both mostly on Mungpoo plantation. Details are given in Appendices A(1) and A (2). The decrease in the number of trees on the plantation as a whole since last year is 227,561 plants.

Cultivation has been but moderately maintained in the head-quarters division. The use of bonemeal was discontinued, the result not being sufficient to justify a continuation of expenditure under this heading. Mortality continues very high amongst the *Ledger* trees in this area, and the current season will show a further and marked decrease. Munsong has been kept in a good state of cultivation throughout the year and the trees continue to thrive well over the whole area.

Propagation by cuttings of selected *Hybrid* (*No. 2*) has been continued, the number of stock plants containing 6 per cent. Quinine Sulphate and upwards having increased from 1,200 to 6,820. The whole of these with their frames have been transferred to Munsong in anticipation of sanction to open out new land where conditions for Cinchona cultivation are so much better than those existing at Mungpoo.

Bark harvest (dry) for the year from all divisions amounted to 445,638 lbs., an increase of 16,081 over the preceding year. Of this total *Ledgeriana* bark was 419,388 lbs., *Succirubra* 407 lbs., *Hybrid (No. 1)* 21,914 lbs. and *Hybrid (No. 2)* 3,929 lbs. (Of *Ledgeriana* bark Munsong contributed 131,479 lbs. against 89,031 for 1906-07. The latter was obtained almost entirely from thinnings.

3. *Factory and Outturn.*—The total quantity of bark worked up in the Factory was 945,900 lbs. made up of 764,954 lbs. of *Ledgeriana* and 167,074 lbs. of *Hybrid (No. 1)* and 2,022 lbs. of *Officinalis* and 11,850 lbs. of *Succirubra*. The output of Quinine Sulphate, amounted to 27,564 lbs., being an increase of 11,499, or 71·57 per cent. on last year's output and the largest quantity ever turned out by the Factory in one year. This is in part due to the new machinery, but principally to the new method of working by which each vat produces double the amount it did previously.

Only 3,370 lbs. of Cinchona Febrifuge was produced, but this was sufficient to leave a stock in hand of 1,843lbs. and with a greater demand far more could now be produced.

No Cinchonidine Sulphate was manufactured during the year, there being an ample quantity in stock to meet the very limited demand for it. The total outturn of the Factory for the year is 30,934 lbs., being an increase of 12,216 lbs. 12 oz. over that of the preceding year.

The average yield of Quinine Sulphate from the bark used in the Factory was 2·90 per cent., a difference of ·22 per cent. from last year's figures, 2·68 per cent. These low figures will not occur in future years, for the whole of the accumulation of old and poor bark has now been worked up, and only the bark now being produced or bought will be available. The yield at the end of the year had risen to 3·34 per cent., and should rise still further, while in the course of a few years bark from the selected trees should be coming in, and a normal yield of 6 or 7 per cent. be obtained.

The Factory officers have analysed 546 samples of bark for the Plantation, while work for the improvement of Factory and other methods is constantly going on.

4. *General Charges.*—The charges against the department as a whole amount to Rs. 21,834-8-6, as against Rs. 48,104-1-6 charged last year. The total is made up of Rs. 4,748 13-6 for pay of clerical and menial staff; Rs. 543 5 for postal and telegraph charges; Rs. 874 for advertising manufactured articles; Rs. 1,475 for taxes (Road cess and Public Works cess); Rs. 5,353 10-6 for extension of plantations; Rs. 5,854-10-6 for additions to Factory; and Rs. 2,985-1 for erection and alteration of bungalows. The details are given in Appendix D.

5. *Plantation Charges.*—The total plantation charges amount to Rs. 90,715-1-3, of which the sum of Rs. 64,461-14-3 was incurred for Mungpoo plantation and Rs. 26,253-3 for Munsong. Against the total plantation charges has to be placed the yield of 445,638 lbs. of bark, valued at Rs. 89,567-6-10.

6. *Factory Charges.*—The working expenses of the Factory were Rs. 90,408-9-7, being Rs. 81,983-9-7 incurred in the manufacture of Sulphate of Quinine and Rs. 8,425 in making Cinchona Febrifuge. The value of the bark put through the Factory was Rs. 1,85,788-12-2. The details are given in Appendix C (2).

7. *Issue of Manufactured Articles.*—The amount of Sulphate of Quinine sold during the year was 16,957 lbs. 6½ oz., being 1,176 lbs. 14 oz. in excess of last year's sales. The Medical Depôt, Lahore Cantonment, took 2,500 lbs., the Inspector-General of Prisons, Bengal, for pice packets 600 lbs., the Superintendent, Central Prisons, Lahore, 30 lbs., and the Superintendent, District Jail, Bannu, 27 lbs. more than in the previous year. On the other hand, the Medical Depôt, Calcutta, the Inspector-General of Prisons, Bengal, for jails and lock-ups, and the Government officers and dispensaries, etc.,

took, respectively, 500 lbs., 12 lbs. and 998 lbs. 9 oz. less than they did in 1906-07. The Inspector-General of Civil Hospitals, Eastern Bengal and Assam, took 25 lbs. of Sulphate of Quinine during the year. Of Cinchona Febrifuge 3,339 lbs. 12 oz. were sold, showing a decrease of 530 lbs. over last year's sale due chiefly to the fact that the Medical Depôt, Calcutta, the Inspector-General of Prisons, Bengal, and the Government officers, and the general public took amongst them 726 lbs. 12 oz. less than last year's supply. The Medical Depôt, Lahore Cantonment, on the other hand, took 200 lbs. more than in the preceding year. Of Cinchonidine Sulphate, only 164 lbs. 12 oz. were issued. The details are given in Appendix F. A detailed statement of the sales of Sulphate of Quinine, Sulphate of Cinchonidine and Cinchona Febrifuge to dispensaries in the various provinces is given in Appendix G.

8. *Receipts.*—The toral receipts for the year amount to Rs. 2,23,681-2, being Rs. 11,410-3-4 more than last year's receipts and Rs. 20,722-14-8, more than the year's expenditure. The total budget grant for the year was Rs. 2,31,131. Owing to labour difficulties at Munsong and other causes this sum was not spent in full, there being a saving of Rs. 28,172-12-8. Of the receipts, Rs. 67,862-6 were in cash and Rs. 1,55,818-12 by book credit. Of the cash sales, Rs. 41,819-8-6 were for Sulphate of Quinine, Rs. 22,933-2—for Cinchona Febrifuge, Rs. 717-3—for Sulphate of Cinchonidine, Rs. 1,440 for Amorphous Alkaloids, Rs. 378 for Cinchona Bark and Rs. 574-8-6-for Miscellaneous items (sale proceeds of old casks and fines for cattle trespasses in the Cinchona plantation). The book credits include Rs. 1,09,531-4 for Sulphate of Quinine to Medical Depôts; Rs. 42,537-8 for the same to prisons for making into pice-packets; Rs. 375 to the Inspector-General of Civil Hospitals, Eastern Bengal and Assam and Rs. 3,375 for Cinchona Febrifuge and Sulphate of Cinchonidine issued to the Medical Depôts. The details are given in Appendix B. The outstandings on 31st March 1907 were all recovered.

9. *Stock Account.*—On the 31st March 1908 there were in stock 14,3 6 lbs. 11½ oz. of Sulphate of Quinine valued at Rs. 1,53,778-14-3; 762 lbs. of Sulphate of Cinchonidine valued at Rs. 8,572-8; 1,843 lbs. of Cinchona Febrifuge, valued at Rs. 13,822-8; 14,925 lbs. of Amorphous Alkaloids, valued at Rs. 13,059-6; 409,119lbs. of Cinchona Bark, valued at Rs. 81,033-2-8; 12,285 gallons of oil, valued at Rs. 9,151-15 9; 175,062 lbs. of chemicals, valued at Rs. 14,688-15-6; and sundry stores, valued at Rs. 5,649-11. The total value is Rs. 2,99,757-1-2 taken at the average rate at which such stock was sold during the year.

10. *Profit and Loss Account.*—This is shown in the form prescribed by Government as Appendix E. The surplus on the year's working is Rs. 52,967-8-5, or deducting non-recurrent charges, Rs. 44,127-12-11.

11. *Sale of Quinine at Post Offices.*—The quantity of Sulphate of Quinine issued to the Prisons Department for conversion into pice-packets during the year was 4,000 lbs., being an increase of 600 lbs. over last year's issue.

12. *Miscellaneous*—(*a*) *Land rent.*—The revenue collected from the settlers within the Cinchona reserves for grazing and land rent amounts to Rs. 3,717-1-6. This sum was paid into the Darjeeling Treasury, no credit being taken for it in the Cinchona accounts.

PROSPECTUS OF THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION OF 1908.

INTRODUCTORY.

WITH the sanction of the Government of His Highness the Maharaja of Mysore, the Committee issue the following prospectus in connection with the Exhibition of 1908.

2. *Opening of the Exhibition.*—This year the Exhibition will commence on Wednesday, 30th September 1908, and close on Wednesday, 14th October 1908. The cattle show will begin on Tuesday, 6th October, and close on Thursday, 8th. From the experience of last year it may be observed that the show offers a good opportunity for people desirous of purchasing good specimens of Mysore cattle.

3. *Object of the Exhibition.*—The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery, and processes the use of which it is desirable to bring to the notice of the raiyat, the artizan and the manufacturer by actual demonstration. But as the exhibition of solitary samples may not afford sufficient information and may not be attractive to the visiting public, articles intended for sale will also be admitted.

4. *Articles on sale* versus *samples.*—Articles on a large scale sent merely for sale will have to be kept in separate stalls and under the charge of the exhibitors or their agents. There is no objection to the sale of samples, but they will not be allowed to be removed from the Exhibition grounds till the termination of the show. Articles admitted for purposes of sale alone may be removed after purchase. But no article will be allowed to leave the Exhibition grounds without a gate pass.

5. *Plan of the buildings.*—A plan of the Exhibition grounds and buildings and the extent of covered and open space available is appended this prospectus. Those who desire to have

special facilities for the sale of articles or demonstration of processes are requested to place themselves in communication with the Secretary to the Exhibition Committee.

6. *Lectures and Demonstrations.*—Lectures will be delivered by competent persons in English and Kanarese on subjects connected with industry, agriculture, health and sanitation, the value of agricultural implements and machines, their cost, construction and repair. Arrangements will also be made for holding a competition on the Exhibition grounds in ploughing and weaving and processes connected therewith. The exact time and place of the lectures and demonstrations will be announced later on by hand-bills and notices.

7. *Donations.*—The Committee would thankfully accept donations for awarding prizes or medals from individuals or Associations desiring to give an impetus to any special branch of agriculture or industry.

8. *Classification of Exhibits.*—The Exhibition of 1908 will be confined to the main groups and sub-heads indicated in the prize list subjoined to this prospectus.

9. *Open to all India.*—The Committee invite exhibits from all the Districts in the State as well as from outside. They also appeal to the various Agricultural Departments and Associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

10. *Judges.*—Leading raiyats and non-official gentlemen will be invited to assist the Committee in judging the exhibits.

11. *Admission fees for visitors.*—An admission fee of annas two per head will be levied each time a person enters the Exhibition buildings. There will be no season tickets, nor family tickets, nor special tickets at half rates for pupils. Only children in arms who are less than three years of age will be admitted free.

RULES AND REGULATIONS.

1. *Noxious Articles.*—Explosives or any substance noxious or dangerous will not be admitted by the Committee.

2. *Particulars re exhibits.*—Intending exhibitors are requested to send to the Secretary to the Exhibition Committee particulars of exhibits they intend to forward and the amount of space which their exhibits may take up in Form A appended to this prospectus. Printed forms may be obtained from the District, Divisional and Taluk offices, or from the Secretary to the Committee; plain paper of foolscap size may also be used provided all the headings in the form are properly copied and filled up.

3. *Applications from exhibitors.*—Applications in Form A should reach the Secretary to the Committee not later than 1st August 1908. Each application should contain a post card on which the address and post town of the exhibitor are legibly written.

4. *Lists from Taluks.*—Deputy Commissioners of Districts, Subdivisional Officers and Amildars of Taluks are requested to convene, as early as possible, a meeting of the leading artizans, raiyats and merchants residing within their respective charges, to explain to them fully the object and scope of the exhibition and to distribute to them forms of application, to have them filled up by intending exhibitors and to forward them to the Secretary to the Committee. This will give the Committee an idea of the total space required and enable the exhibitors to make a good choice of the exhibits by preventing a number of them from sending exhibits of the same quality and description.

5. *Articles not enumerated.*—The classified list of prizes will show the nature of articles which can compete at the Exhibition. Articles not specially enumerated in the price list may, however, be admitted by the Committee at their discretion.

6. *No fees to be charged for exhibits.*—No fees will be charged for the admission or registration of the exhibits or for the space allowed for them.

7. *Acceptance of exhibits.*—The Committee reserve to themselves absolute discretion as regards the acceptance and rejection of exhibits and the allotment of space covered or uncovered.

8. *Delivery of exhibits.*—Articles intended for the exhibition may be brought by the exhibitor or his agent or servant and delivered at the Exhibition ground or sent by post or railway or through the Deputy Commissioners of Districts.

9. *Payment of freight and transport charges.*—No exhibits in respect of which the necessary freight or transport charges have not been paid by the exhibitor, will be accepted by the Committee.

10. *List of particulars.*—All packages received or delivered and all implements and machinery intended for the Exhibition must bear a label specifying the name and number of exhibits and the registered number of the exhibitor and must be addressed to the Secretary. They must contain a list, in duplicate, showing the name or description of the article, its price,

the place of production or manufacture, name of the manufacturer or exhibitor. In the case of exhibits in the Agricultural section, essential particulars such as the season of sowing, the soil on which they are grown, the quantity of seed per acre, the manure used, whether any irrigation is required, the time required for the maturing of crop, the average yield per acre, and any other interesting details regarding cultivation should be given.

11. *Exhibits which have already won prizes.*—Exhibits which have won prizes or medals in the Mysore Exhibitions of 1906 and 1907 are precluded from competing for prizes though there is no objection to there being accepted for purposes of show or sale.

12. *Date of delivery of exhibits.*—Intending exhibitors are requested to send the exhibit so as to reach Mysore on the 10th September 1908, from which date the Committee will arrange to take charge of exhibits. **But no exhibits will be received after the 23rd September 1908.**

13. *Belated exhibits.*—Articles that are not delivered at the Exhibition Hall in the time fixed may be admitted at the discretion of the Committee subsequent to the dates mentioned in paragraph 12, but shall not be entitled to compete for prizes.

14. *Perishable articles.*—Vegetables, fruits, dairy produce, and other perishable articles, may, however, be delivered at the Exhibition Hall till 7 P.M., on 29th September 1908.

15. *Admission of exhibits.*—No exhibits will be admitted whithout a pass signed by the Secretary or members of the Committee on duty at the Exhibition grounds.

16. *Responsibility of exhibitors.*—Exhibitors will have to pay every expense of transit, delivery, fixing and removing their exhibits, and they must either personally or by their agents or servants superintend their reception and removal, in default of which the Committee reserve to themselves the right of doing whatever may be considered necessary at the expense of the exhibitor.

17. *Committee accept no responsibility.*—No responsibility will be accepted by the Committee as to any damage or loss howsoever occurring.

18. *Special facilities.*—Exhibitors are requested to mention in their applications whether they wish to illustrate practically any processes of manufacture or the working of any implement or machinery, and if so, to state briefly the nature of the demonstration and any special facilities they require.

19. *Special arrangement to be made at the exhibitor's expense.*—If the exibitors require any special arrangements to be made (or have to mount their machinery) they must carry them out at their own expense, but the Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual labour at the exhibitor's expense. The expenses of demonstrating machinery and implements should be borne by the exhibitor except where special arrangements have been made with the Committee.

20. *Valuable exhibits.*—All valuable exhibits must be forwarded under the charge of an attendant.

21 *Exhibits unaccompanied by men in charge.*—Exhibitors who are unable to attend personally or send their agents in charge of exhibits may make special arrangements with the Committee for the exhibition of their goods on payment in advance in full of the estimated expense.

22. *Weighing of exhibits.*—The Committee entrust the work of receiving the exhibits to responsible officials. But as the goods are landed near the Exhibition grounds by special arrangement, it is not possible to weigh every consignment before taking delivery of it. So exhibitors are requested to take every possible precaution in packing their exhibits and to send to the Committee in time an accurate list of exhibits sent by them. Exhibitors who wish that their consignment should be weighed at the Railway Station before delivery should intimate their wish to the Secretary in time and remit in advance a special fee of one rupee on each consignment to be thus weighed.

23. *Acknowledgment of exhibits.*—Receipt of exhibits will be acknowledged by return of the duplicate list mentioned in paragraph 10 to the exhibitor duly signed by the Secretary. No other kind of receipt will be sent. Any differences between the list and the articles actually received will be noted in the duplicate list.

24. *Free pass to exhibitors.*—In cases in which the owners themselves are in charge of exhibits, the necessary free pass will be given.

25. *Free admission to bonâ fide raiyats and artizans.*—Raiyats and artizans unable to pay fees, belonging to the Mysore State or from outside, who produce certificates of identification signed by their respective Taluk Officers in Form B appended to this prospectus, will be admitted free.

26. *Space for exhibits on sale.*—Accommodation will be found within the Exhibition grounds, as far as possible, for articles intended for sale. But those who wish to send articles on a large scale would do well to have temporary booths put up at their own cost in the Exhibition grounds, by previous arrangement with the Committee.

27. *Commission on sale.*—A commission of one anna in the rupee on sales of exhibits conducted in the Exhibition stalls and grounds will be levied by the Committee from all exhibitors.

28. *Articles on sale.*—Articles on sale or articles sold should in every case have cards attached to them notifying the same.

29. *Removal of exhibits.*—All exhibits must be removed within a week after the close of the Exhibition. Exhibits remaining after that time will be disposed of as the Committee deem fit. Perishable articles will be allowed to be removed at the option of the owners or purchasers within 24 hours after the opening of the Exhibition.

30. *Exhibits on loan.*—Works of art and articles of special merit including those of antiquarian interest will be thankfully received. Gentlemen willing to lend them are requested to place themselves in communication with the Secretary, or any of the members of the Committee who will inform them of the acceptance of the offer and will make necessary arrangements in connection with the exhibition of the articles.

31. *Exhibits belonging to any Department of Government.*—Articles or cattle exhibited by any Department of Government will not be eligible for money prizes or medals, but may be awarded certificates of merit. This rule does not preclude Government servants or pupils of Industrial Schools from competing for prizes if the exhibits are manufactured by themselves.

32. *Admission of live-stock.*—All cattle and sheep brought for the show will be located in a convenient place before the first selection and only such of the animals as are selected will be permitted to be picketed in the sheds provided at the show-yard according to breed, age and size, etc.

33. *Accommodation for cattle.*—Accommodation will be provided by the Committee free of cost for about 150 head of cattle.

34. *Grant for fodder.*—A sum of four annas will be given by the Committee for each head of cattle selected per day for fodder for the four days from 6th to 9th October (both inclusive).

35. *Admission to the show grounds.*—Only pass or ticket-holders will be allowed to the Show grounds, while the cattle are judged.

36.—*Animals which have won prizes.*—No animal which has won a prize in previous years in the Mysore Exhibitions will be eligible for a prize.

37. *Practical test.*—Working cattle may, at the owner's option, be subjected to a practical test as to their powers of draught. They must be the *bonâ fide* property of the exhibitor.

38. Single bullocks will also be tested both for riding and draught purposes at the owner's option.

39. *Caretaker.*—Each animal on lot competing separately must be in charge of a caretaker who will remain in charge of the exhibit and must be ready to lead it out at any time as required by the Committee.

40. *Distribution of prizes and medals.*—Prizes and medals will be distributed at the close of the Exhibition. This year it is proposed to hold a distribution of prizes in the Exhibition grounds on or about the 12th October.

41. *Number of Judges.*—The Judges in each class or group will not be less than three, but no prizes will be awarded unless in the opinion of the Judges the exhibits merit the reward. Judges cannot compete for prizes in classes or sections in which they are Judges.

42. *Photograph of articles exhibited.*—No article exhibited may be copied, photographed, drawn or reproduced in any manner without the special permission of the exhibitor and the Committee. General photographs of the stalls may, however, be taken with the permission of the Committee.

43. *Committee's decision final.*—The Committee have full power to make rules for the conduct of the Exhibition under these regulations and their decision is final in all cases.

44. *Acceptance of rules.*—All persons who become exhibitors shall be held to signify their assent to and acceptance of the foregoing rules and regulations, and also of such other rules as the Committee may hereafter issue, not inconsistent with these Regulations.

45. *Communications regarding the Exhibition.*—All communications regarding the Exhibition should be addressed to the Secretary to the Mysore Dasara Exhibition Committee and directed to Bangalore till 10th September 1908 and to Mysore after 10th September 1908.

LIVERPOOL COLONIAL PRODUCTS EXHIBITION, 1908.

No. 3397.—The 27th July 1908.—The following Resolution of the Government of India, Department of Commerce and Industry, is republished for general information:—

H. C. STREATFEILD,
Offg. Secy. to the Govt. of Bengal.

No. 6690—6711—8, dated Simla, the 16th July 1908.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

THE following papers relative to the Colonial Products Exhibition to be held at Liverpool in 1908 are published for general information. The Government of India will not participate in the Exhibition.

THE NEXT COLONIAL PRODUCTS EXHIBITION WILL BE HELD AT ST. GEORGE'S HALL, LIVERPOOL, FROM DECEMBER 7TH TO DECEMBER 19TH, 1908.

THE publication of this Prospectus is dictated by a double purpose: to offer a *résumé* of the principal details of the late Colonial Products Exhibition, and also, by emphasising the record success obtained by it and by giving a recapitulation* of the many flattering notices and opinions concerning it, to point out the amount of encouragement that has been derived from it to proceed still further with the task of demonstrating the immense importance to this country of improved and extended trade relations with her Colonies.

* Not printed.

Judging from the cordial support extended to, and the amount of enthusiasm aroused by, the last four Exhibitions—the first undertakings of the kind ever organised in Great Britain outside the Metropolis—it is a reasonable presumption that another, even on a still more extended scale, offering a greater diversity and larger number of Colonial products, will achieve a still larger measure of success, and so promote the furtherance of a greater amount of commercial reciprocity between the Colonies and the Mother Country. It might be said *en passant*, that on all sides it has been agreed that the increase of business through the Liverpool Colonial Products Exhibition has been enormous, and no doubt H. R. H. the Prince of Wales recognised this fact when he graciously became a Patron.

The resources of our Colonies, mineral—agricultural and manufacturing—increase rapidly as the time goes on, and no year passes but finds the oversea portions of the Empire in a better position to help to the attainment of that object which it is the desire of every citizen to see realised—the establishment of the Empire on a self-contained and self-supporting basis, independent of supplies from alien lands, and powerful to hold its own by the aid of its own people and by that aid alone.

That this end can be accomplished there is little room for doubt, providing there be unanimity of feeling and mutual interests between the peoples of our Colonies and ourselves; and it is difficult to discover any action on our part more valuable, helpful, and effective than endeavouring, as far as possible, to offer to the people of this country opportunities of realising by personal inspection the vast commercial wealth of our Colonies, as illustrated by the number and extent of the commodities with which they are able to supply us.

With this object in view it is intended to hold the fifth Colonial Products Exhibition from December 7 to December 19, 1908, which shall be more extended in its scope than the last, and for this purpose every effort will be made to obtain direct from each separate Colony samples of each and every product it is able to supply.

With many months available for organisation, preparation, and communication with the various Colonial authorities, whose co-operation may be safely reckoned on, the President and Managers entertain sanguine hopes of producing a collection of Colonial Products which, for extent and diversity, has never before been gathered together in one place on any previous occasion. Sir Alfred L. Jones, K.C.M.G., will again act as President.

Those Colonies desirous of obtaining space in this forthcoming important Exhibition should send in their application as soon as possible to the Joint-Managers at 14, Dale Street, or 21, Water Street, Liverpool, where a plan of the Hall can be seen and all information obtained.

PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1908.

The following note is published for general information.

F. W. Duke,

Offg. Chief Secy. to the Govt. of Bengal.

The 27th July 1908.

DEPARTMENT OF AGRICULTURE, BENGAL.

Preliminary Forecast of the Jute Crop of Bengal, 1908.

[On an average of the five years ending 1905-06, the area under jute in the territory which this forecast relates has represented some 16·6 per cent. of the total area under jute in British India.]

In accordance with the orders of Government, this forecast deals only with the estimated area sown. It gives also a general survey of prospects, but without any reference to the probable outturn either in percentage figures, or in bales. The information upon which the forecast has been framed was submitted by the Collectors of the different districts between the fourth and the seventh of July. The information, therefore, refers to the area sown before the end of June and no account has been taken of the effect of climatic conditions on the crop since that date.

2. *Acreage.*—The estimated area sown during the current and four preceding years is given below:—

1904	...	...	...	595,900
1905	...	...	...	569,309
1906	...	...	...	780,400
1907	...	...	...	931,200
1908	...	...	...	574,300

In addition there was an area of 32,000 acres in 1907 in the State of Kooch Behar and the area sown this year is estimated at 30,000 acres.

3. *Weather conditions.*—Purnea is by far the most important jute-growing district in Bengal. It produces from one-third to one-fourth of the total crop. The other districts of any importance are Hooghly, Howrah, 24-Parganas, Nadia, Murshidabad and Jessore. The weather conditions in Purnea were, on the whole, favourable. The Kissengunj sub-division got 1½ inches of rain in the month of March, 3 inches in the first week, and 3 inches in the fourth week of May. The districts round Calcutta were

less fortunate: they got no rain in March, very little in April, and the May rainfall was not at all general. It is reported from Howrah that the heavy rains in the end of June damaged the crop and it is probable that some damage was caused in other districts after the submission of the returns.

The season has, therefore, on the whole, been unfavourable for sowings. In addition to this, it is reported from many of the districts that the cultivator has sown more rice and less jute, as the price of the former was very high last year and that of the latter low.

Below is the usual statement of the rainfall in the seven principal jute-growing districts from March to June for the current and the four years preceding:—

Name of district.	1904.	1905.	1906.	1907.	1908.
Purnea .	15·20	16·79	15 54	16·87	10·97
Murshidabad .	20·93	19·96	11·71	20·06	16·48
24-Parganas .	22·22	18·80	14·01	27·75	22·58
Nadia .	21·81	23·57	13·36	24·87	24·45
Jessore	29·04	21·78	17·26	29·19	24·74
Howrah .	19·91	17·18	13·06	27·18	28·05
Hooghly .	19·15	16·92	12·52	24·70	22·09

4. *District Returns.*—The total area under jute, inclusive of that in the State of Cooch Behar, is estimated at 604,300 acres. This shows a decrease of 37 per cent. on the area sown last year, viz., 963,200 acres. The Collectors of Murshidabad, Bhagalpur, Cuttack, Midnapur, Hooghly, Champaran and the Sonthal Parganas report that sowings were still going on at the end of the last month, but the extra area sown is not likely to make much difference in the total.

5. *Conditions and prospects.*—The crop in Purnea, Hooghly, Nadia, Jessore, Khulna and in parts of Murshidabad is reported to be fair. It is poor in Howrah and parts of Midnapur, 24-Parganas and Murshidabad.

6. *General.*—The District Officers report that very little jute is left in their districts from last year's harvest.

7. *Combined Forecast of Bengal and Eastern Bengal and Assam.*—The Director of Agriculture of Eastern Bengal and Assam reports that the area under jute last year is now estimated at 3,010,800 acres. His forecast of the area sown this year is 2,263,900 acres, or 25 per cent. below last year's estimate. Taking the two Provinces together, the area sown this year is calculated to be 2,868,200 acres, a decrease of 28 per cent. on the revised estimates for last year.

W. R. GOURLAY,

CALCUTTA,
The 15th July 1908.

Offg. Director of Agriculture, Bengal.

(The following extracts from the Weather and Crop Report received on the 14th July are printed for information.)

Purnea.—Rainfall 0·50; jute becoming stunted on account of drought.

Burdwan.—Rainfall—Sadar 14·36 inches. Heavy rain has done some damage to jute in thanas Jamalpur and Raina.

Chinsurah.—Rainfall—Sadar 9·67 inches; prospects of jute fair; weeding of jute going on.

Nadia.—Rainfall 5·03; excessive rain in Meherpur subdivision has damaged jute on lowlands.

Jessore.—Rainfall 8·86. The recent rain has done damage to jute on lowlands of the Sadar, Jhenidah, Magura and Narail subdivisions.

Khulna.—Rainfall—Sadar 8·24 inches. Heavy rainfall of the week affected jute crop to some extent.

Division.	District.	Total area of the district.	Estimated total area under cultivation.	Approximate area sown last year (1907).	Estimated area sown this year (1908).	Whether much, little, or no jute remains in the district from the crop of the year 1907.	Figures from the Cadastral Survey.			Date at which the sowing of the crops was begun this year.	Remarks by District Officers.	Remarks by the Director of Agriculture, Bengal.
							Total area of the district which has been cadastrally surveyed.	Years during which the cadastral survey took place.	Area found under the crop during the cadastral survey.

Burdwan	Burdwan ...	1,721,960	1,284,200	21,700	12,800	Little ...	38,749	1889 to 1892 and 1903 to 1907.	132	Latter part of April to end of May.	The weather and rainfall were not altogether favourable for the growth of the crop. Sowings were slightly late. They have been completed. The crop is expected to be worse than that of last year. Owing to the fall in the price of jute and the rise in the price of rice more lands are being prepared for paddy cultivation: hence the decrease in the area under jute. The weather was not favourable at the time of sowing.	
	Midnapore ...	3,919,040	2,190,600	10,800	10,400	Very little in Sadar and Tamluk little in Contai and about ¼ remains undisposed of in Ghatal.	35,342	1893 to 1898.	29	Whole of May.	The weather and rainfall were favourable in the Sadar Sub-division in two thanas of Contai but not favourable in Ghatal and Tamluk. The condition of the crop is good at the Sadar Sub-division, fair in two, good in two and poor in the remaining four thanas of Contai, poor in Tamluk and bad in Ghatal, owing to excessive rain. The sowings were a little late in the Sadar Sub-division and late in the Contai, Tamluk and Ghatal Sub-divisions. Sowings are still going on in places except in Ghatal where they are completed. In the Sadar Sub-division the crop is expected to be better than last year's crop. In the Contai Sub-division it is better in two thanas, about the same in one and worse in the rest. The decrease in the area sown this year in the Contai Sub-division is due to want of rain at the time of sowing in Ghatal, it is due to the fall in the price of jute and to the extension of paddy cultivation.	

Division.	District.	Total area of the district.	Estimated total area under cultivation.	Approximate area sown last year (1907).	Estimated area sown this year (1908).	Whether much, little, or no jute remains in the district from the crop of the year 1907.	Figures from the Cadastral Survey.			Date at which the sowing of the crop was began this year. BURDWAN—*concld.*	Hooghly ...	761,210	445,900	65,000	51,900	Little ...	Not cadastrally surveyed.			Middle and end of May.	The rainfall and weather were not favourable. The condition of the crop is fair. Sowings were late. In the Sadar and Serampore Sub-divisions sowings have been completed, but in the Arambagh Sub-division they are still going on. The crop of this year is expected to be the same as that of the previous year. Absence of rain in the early part of the season is the cause of decrease in the area sown this year.	
	Howrah ...	526,400	250,000	61,700	33,900	A little remains in the jurisdiction of Amta thana.	...	...	...	15th April to 31st May.	The weather and rainfall were not favourable for the crop. Its condition is poor. The date of sowing was early in the Sadar Sub-division and normal in the Uluberia Sub-division. Sowings have been completed. The decrease in area is due to want of rain in the beginning of the season and to the cultivators not getting adequate prices last year. Also to high prices in rice which have induced the raiyats to reserve their fields for rice cultivation this year.	
	24-Parganas ...	2,100,833	1,079,700	86,400	59,000	Large quantity in the Basirhat subdivision.	...	...	...	May ...	The weather and rainfall were not favourable. The condition of the crop is poor in all the Sub-divisions except Basirhat and a part of Barasat where it is fair till now. The sowings were late everywhere in the district. They have been completed. The crop is expected to be worse than that of last year in all the Sub-divisions except Basirhat from where it is reported to be better than last year although the area sown is less. Unusually high prices of food-grains, the low price of jute, want of timely rainfall and excessive heat account for the decrease in the area sown this year.	

	Nadia ...	1,727,520	1,043,800	93,000	42,900	about 20 per cent. of last year's crop.	Not cadastrally surveyed.			May ...	The weather and rainfall were not favourable. The condition of the crop is fair. The sowings were late. They have been completed. The crop of this year is expected to be worse than that of last year owing to the late heavy rain-fall. The lands have been submerged in places. The decrease in the area sown is due to low prices obtained last year.
	Murshidabad	1,371,520	983,500	95,400	80,600	Little ...	...	...	...	May ...	The weather and rainfall were not favourable. The condition of the crop is poor in some tracts and fair in others. Sowings were late. They are going on. The crop is expected to be worse than that of last year. Decrease in the area is due to want of rain.
	Jessore ...	1,872,153	1,191,000	142,800	49,800	A small quantity.	...	...	...	April and May.	The weather and rainfall were not favourable. The condition of the crop is fair. Sowings were late. They have been completed. The crop is expected to be better than that of last year. The decrease in the area sown this year is due to the fact that the high prices of food-grains and the low price of jute last year have induced the cultivators to grow paddy in the place of jute.
	Khulna ...	3,049,616	670,000	37,500	16,700	Some ...	85,522	1903 to 1905.	614	15th May	The weather and rainfall were unfavourable for the growth of the crop in the Sadar and Bagerhat Sub-divisions, but not unfavourable in the Satkhira sub-division. The present condition of the crop appears to be fair. The sowings were late this year. Sowings have been completed. The crop is expected to be worse in the Sadar and Bagerhat sub-divisions and better in the Satkhira sub-division in comparison with the crop of last year. The decrease in the area sown this year is due to the fall in the price of jute and to the rise in that of paddy. The cultivators have sown more lands with paddy this year than jute.
PATNA ...	Champaran ...	2,269,940	1,447,600	5,800	2,000	No jute ...	2,269,940	1892 to 1899.	606	Beginning of February and March.	The weather and rainfall were very unfavourable, owing to drought. The condition of the crop is poor for want of timely rain. Sowings were late and in some parts had to be repeated. They are still going on in the British Subdivision, but completed in the Sadar Subdivision. The crop is expected to be much worse owing to late sowing and want of rain. The decrease in the area sown this year is due to many indigo factories having given up experimental cultivation and short sowings due to drought.

Patna—*concluded.*	Muzaffarpur ...	1,942,400	1,627,000	4,000	1,800	Little ...	1,942,400	1892-93 to 1898-99.	500	From February onwards.	The weather and rainfall were generally favourable. The condition of the crop is fair. Sowings were normal. They have been practically completed. The crop is expected to be worse than that of last year. The decrease in the area sown this year is due to the unfavourable condition both for growth and retting, to poor prices obtained last year and to a general disbelief as regards the suitability of the crop to the district.	
Bhagalpur	Bhagalpur ...	2,704,640	2,673,300	6,700	6,700	Little ...	1,220,410	1902 to 1904.	151	Middle of June.	The weather and rainfall were favourable. The condition of the crop is good. The sowing was normal, little early in the Sapaul Subdivision. It is still going on. The crop is expected to be better than that of last year.	
	Purnea ...	3,196,153	1,694,400	264,000	234,000	Very little	2,506,346	1901-02 and 1904-05.	98,903	Last week of April.	The weather and rainfall were favourable. The condition of the crop is fair. The sowings were a little late for want of rainfall; they were completed in May. The crop is expected to be a little inferior to that of last year. The heavy fall in the price of jute during the last year has discouraged cultivators from sowing this crop, the price fetched by jute being less than that fetched by rice.	
	Darjeeling ...	744,960	164,500	3,600	3,100	Very little	200,513	1897-98 and 1901-02.	2,332	From the beginning of April.	The weather and rainfall were not very favourable. The condition of the crop is fair. Sowings were late. They have been completed. The crop is expected to be worse in comparison with that of last year. The decrease in the area sown is due partly to the fall in the price of jute last year and partly to the want of rain at the time of sowing.	

BHAGALPUR—*concluded.*	Sonthal Parganas.	3,560,900	1,545,300	8,900	1,200	Very little	3,272,009	1889 to 1903-04.	1,247	Middle of May.	The weather and rainfall were not favourable. The condition of the crop is poor. Sowings were late. They have been completed except at Sahebganj in the Rajmahal Sub-division. The crop is expected to be worse than that of last year. The decrease in the area sown is due to want of timely rain and the low price at which jute sold last year. In the Rajmahal Sub-division, many cultivators have substituted other crops for jute this season owing to the latter cause.
ORISSA	Cuttack ...	2,339,560	1,223,500	17,600	13,800	A small quantity.	2,088,487	1888 to 1895.	652	15th May	The weather and rainfall were not favourable for the growth of the crop. The crop is being sown. The sowings were late for want of rain. They are still going on. As the sowings are still going on, the crop of this year cannot be expected to be as good as that of last year. The decrease in the area is partly due to want of timely rain and largely to the low price of jute. There are still considerable stocks in the mufassil. A larger area will go down under paddy this year.
	Balasore ...	1,334,368	932,200	5,400	3,600	Little ...	1,095,779	1891-92 to 1894-95.	138	15th May	The weather and rainfall were unfavourable to the growth of the crop. The condition of the crop is fair. Sowings were normal and have been completed. The crop of this year is on the whole better than the crop of last year. The decrease in the area sown is due to want of seasonable rain.

NOMINATION OF A MEMBER OF THE BENGAL LEGISLATIVE COUNCIL ON THE RECOMMENDATION OF THE DISTRICT BOARDS OF THE ORISSA DIVISION.

RESOLUTION—No. 4070A.

APPOINTMENT.

Dated Calcutta, the 28th July 1908.

THE seat in the Bengal Legislative Council of the Hon'ble Babu Jogendra Chandra Ghose, who was nominated as the representative of the District Boards of the Presidency Division on the 23rd October 1906, will be vacated on the 22nd October 1908.

2. In paragraph 5 of the Resolution of this Government, No. 1553J., dated the 25th March 1893, it was prescribed that District Boards should be grouped together, Division by Division, and that District Boards within each divisional area should take it in turns to exercise the privilege bestowed upon them of recommending a person for nomination to the Council. In the same paragraph, a sketch was given of the form which the rotation would probably assume, but it was mentioned that the Lieutenant-Governor could not bind himself or his successors as to the exact order in which the privilege would in future be exercised.

3. As there will still be five Indian non-official members representing Bengal proper on the Council, when the Hon'ble Babu Jogendra Chandra Ghose vacates his seat, the Lieutenant-Governor has decided that the District Boards of the Orissa Division, which have not been represented on the Legislative Council since 1902, should be allowed the privilege of recommending a person for nomination to the Council in order to fill the vacancy. A notification will, therefore, be published in the *Calcutta Gazette* specifying the District Boards of the Orissa Division as the group of Boards on whose recommendation the Lieutenant-Governor will make a nomination to the seat.

4. The following statement shows the District Boards which will send delegates to vote for a person to be recommended for the vacant seat, and the number of votes assigned to them according to the scale shown in paragraph 5 of the Resolution of this Government No. 2307A., dated the 31st March 1897:—

Division.	District Boards.	Ordinary income (1906-07).	Number of votes to be recorded by the representat ve.
		Rs.	
Orissa ...	Cuttack	1,48,028	3
	Balasore	79,745	2
	Puri	70,642	1
	Sambalpur	64,291	1

5. Under Rule IV of the Regulations framed by the Governor-General in Council with the approval of the Secretary of State under section 1 (4 of the Indian Councils Act, 1892, for Bengal, the Lieutenant-Governor desires that the Commissioner of the Orissa Division will at once address the Chairmen of the District Boards enumerated in the above list, requesting them (*i*) to convene a special meeting of their Boards, at which one member of the Board should be selected to represent them for the purpose of making the recommendation for the seat in Council, and (*ii*) to submit the names of any candidates for the Council who may offer themselves for recommendation.

6. The period of three months laid down in Rule VII of the Regulations as that within which a recommendation shall be made to the Lieutenant-Governor will run from the date on which the Commissioner of the Division issues his request to the Chairmen of the District Boards.

7. All candidates for the Council should be proposed and seconded by two members of one of the District Boards included in the group; and their names, addresses and qualifications, with those of their proposers and seconders, should be reported to the Commissioner by the Chairman of the Board to which the proposer and seconder in each case belong, so as to reach him not later than a month before the date fixed for the appointment of a representative under Regulation V (c), which date should at the same time be notified to the Commissioner. It will be the business of each Chairman to see that this is done.

8. The Commissioner should enter the names of candidates who have been duly proposed and seconded, with those of their proposers and seconders, and the other particulars above noted, as they reach him, in a list to be kept for the purpose; and he should circulate this list to all District Boards included in the group, so as to reach them before the date fixed for the appointment of a representative. On the date on which the meeting for the purpose of appointing a representative is held, the list of candidates mentioned above should be circulated to each member present at the meeting. It will rest with the District Boards, if they see fit, to give clear and definite instructions to their representatives as to the way in which they should vote, that is, as to the candidate for whom they should vote, declaring the name of the candidate to whom all their votes should be given or, if to be given to more than one candidate, the order and manner in which such votes should be given.

9. As soon as the representatives have been selected, they will be called upon by the Commissioner of the Division to meet together on an early and convenient date, with special reference to the limit imposed by Regulation VII of the Regulations, and at such convenient place as he may specify, for the purpose of electing, by a majority of votes, a person whom they will recommend to the Lieutenant-Governor to be nominated as a member of the Council.

10. The electoral representatives present at this meeting shall elect one of themselves to be Chairman, and he shall preside and be responsible for the fair and proper conduct of the voting.

11. The names of all candidates entered on the list mentioned above, together with those of their proposers and seconders, shall be read out by the Chairman, and the representatives shall then proceed to vote. The person elected must obtain a majority of the votes of the representatives present. If on the occasion of the first vote an absolute majority is not obtained, the name of the candidate who obtains the least number of votes shall be withdrawn from the election, and another vote shall then be taken for the remaining candidates, and so on, until an absolute majority is obtained.

12. The Chairman of the meeting shall without delay report to the Commissioner of the Division the name of the person elected, with the number of votes obtained, and any other information which it may appear desirable to communicate, and he shall, on behalf of the meeting, recommend to the Lieutenant-Governor the nomination to the Council of the person so elected. The Commissioner shall submit the report from the Chairman of the meeting, with any observations he may wish to add, to the Chief Secretary to the Government, by whom the recommendation will be submitted to the Lieutenant-Governor.

13. Attention is drawn to Rule VI of the Regulations framed by the Governor-General in Council with the approval of the Secretary of State, which runs as follows:—

VI.—It shall be a condition in the case of any person to be recommended by a Municipal Corporation or group of Municipal Corporations that he shall be a person resident within the Municipality or the District in which it is situated, or in some one of the Municipalities constituting the group or of the districts in which they are situated.

A similar condition shall also apply to persons to be recommended by District Boards.

Explanation.—A person is not "resident" within the meaning of this Rule unless he has a place of residence in the locality concerned, and such practical connection with that locality as qualifies him to represent the inhabitants thereof.

If at any time the question is raised whether a person proposed for election is "resident" within the meaning of this rule, the question shall be referred to, and decided by, the Local Government, whose decision shall be final.

Under this rule it is not necessary that the person recommended should be a member of any District Board concerned, but he must be resident within the Division from which the recommendation is made. Subject to this condition, the rules declare no limit of qualification.

14. It is desirable that the subsidiary arrangements now sanctioned shall, as far as possible, be given effect to by the District Boards concerned with the minimum amount of official interference. The Divisional Commissioner and the District Magistrates will, of course, afford any assistance which may be required, and will do their utmost to facilitate the smooth working of the elections; but Government officers are forbidden to take part, directly or indirectly, in the election by convassing, influencing votes, or otherwise interfering with the free choice of the District Boards. No indication should be given by any official member of any of the District Boards concerned as to the manner in which he himself intends to vote.

ORDERED that a copy of this Resolution be furnished to the Commissioner of the Orissa Division, for information and guidance, and for communication to the District Boards in his Division.

ORDERED also that a copy be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

* The report is for the week ending the 15th July 1908.

General Summary.—Rain was heavy in Howrah, the 24-Parganas, Sambalpur and parts of Midnapore, moderate in Darjeeling, Angul, Hazaribagh and Manbhum and light in other districts except Monghyr, where there was no rain during the week under report. Transplantation of winter rice and weeding of *hadoi* crops are going on, but more rain is urgently wanted in Bihar for standing crops and for transplantation of winter paddy, especially in Darbhanga and Purnea. *Bhadoi* paddy and jute are reported to be suffering for want of rain in Purnea. Prospects of the sugarcane crop are fair. Condition of jute is fair, but unfavourable on low lands in Howrah and in most districts of the Presidency Division. The price of common rice is stationary in most districts; it has slightly risen in Hooghly, Patna, the Sonthal Parganas and Ranchi and fallen in Howrah, Gaya and Darbhanga. Stocks of food-grains are insufficient in Nadia, Murshidabad, Balasore and Palamau. Supply of fodder and water is sufficient throughout the Provinces. Cattle-disease is prevalent in Jessore, Gaya, Shahabad, Saran, Darbhanga, Bhagalpur, Purnea, Sambalpur, Hazaribagh, Ranchi and Palamau. Gratuitous relief was given to 29,801 persons, of whom 15,889 were in Orissa. Test-works in Nadia, Jessore, Cuttack, Balasore, Angul, Puri, Hazaribagh and Ranchi were attended by 8,245 persons. Test-works in Bankura have been temporarily closed. The number of persons on famine relief works in Ranchi was 7,262.

The mean pressure, temperature, etc., are deduced from the traces of the Knudsen's Barograph and from observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the new Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for hours preceding 8 A.M. of that day.

o, overcast; p, passing temporary showers; d, drizzling rain.

6. He will on being appointed to the service receive Rs. 100 per mensem.

7. A Leadsman Apprentice will go through such a course of training and pass such examinations as the Government of Bengal may from time to time prescribe. He will, whilst in this grade, receive a salary of from Rs. 100 to Rs. 150 a month, in accordance with the duty on which he is employed. He will also receive such share of the lead-money paid by the ships on which he does duty as may from time to time be fixed by the Government of Bengal.

8. After five years' service as a Leadsman Apprentice, he will be allowed to appear at an examination to qualify him for appointment as Mate Pilot, but if he shows exceptional ability and has passed each previous examination in his first attempt, bears a very good character and is otherwise well reported on, this period may, with the special sanction of the Government, be reduced to four and-a-half years, when, if successful in the examination, he will be promoted to the grade of Mate Pilot on the occurrence of a vacancy. While remaining as a Leadsman Apprentice after passing this examination, he will receive a salary of Rs. 175 a month.

All Pilots who continue in the service after attaining the age of 55 years will be similarly examined every year.

12. If the Local Government has reason to believe that a Pilot is, owing to physical unfitness of any kind, incapable of discharging his duties properly, it shall arrange for his medical examination, and shall take such action as may seem desirable when the results of that examination are communicated. In particular, Pilots shall be medically examined after the occurrence of any accident to the vessels in their pilotage charge, if the circumstances tend to show that the accident was in any way attributable to physical unfitness on the part of the Pilot.

13. Pilots are not entitled to any salary while on pilotage duty, but receive as their remuneration a share, at present 50 per cent., but liable to alteration at the discretion of the Government of Bengal, of the pilotage dues paid by ships piloted by them.

14. 15. The principal leave and pension rules at present in force are contained in Chapter XXXIII of the Civil Service Regulations, fourth edition, and are summarised in Chapters XXXI and XXXII of the Code of Regulations for the Bengal Pilot Service; but it is to be understood that the rules are subject to alteration at the discretion of the Government of India. To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit the accompanying report, received from the Commissioner of Salt, Bengal, on the administration of the Salt Department in the year 1907-08. The report does not cover the preventive work in Bihar, which is controlled by the Commissioner of Northern India Salt Revenue, but includes within its scope the preventive work in the districts of Chittagong and Noakhali, which continues to be under the control of the Commissioner of Salt, Bengal.

Member in charge :
THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

2. *Amendment of the Salt Law.*—Reports were received from local officers during the year on the proposals made in the Government of India's letter No. 3462Exc., dated 3rd June 1907, for amendment of the Indian Salt Act, of 1882, which include the repeal of the Bengal Act of 1864, and the Board submitted to Government their report on these proposals in their letter No. 53B.—T., dated 25th April 1908.

9. *Imports.*—There was a continued increase both in the quantity of salt imported into Bengal by sea during the year, and also in the imports of Madras salt by land into Orissa. The transactions in salt at the Sulkea and Kidderpore Dock *golas* were the highest on record.

10. *Consumption.*—According to the method of calculation by which the consumption of salt in the province is worked out, as described in paragraph 7 of the Board's letter to Government, No. 4451B., dated the 30th July 1907, the quantity of salt which passed into consumption in the province during the year under review amounted to 82,81,916 maunds as against 78,94,200 maunds in the previous year.

* * * * * * *

11. The reduction of duty on salt from Re. 1-8 to Re. 1 a maund, with effect from the 20th March 1907, sanctioned by the Government of India's Notification No. 1748Exc., dated the 20th March 1907, has resulted in a decrease of 6 annas and 10 pies in the provincial average of the wholesale prices per maund at district head-quarters in the year under report as compared with the previous year. This decrease of price is similar to the decrease of 6 annas 6 pies per maund, which occurred in the first year (1905-06) following the reduction in the rate of duty from Rs. 2 to Re. 1-8, and it may be hoped that there will be a further decrease of price in the current year, as in

1906-07, such as will secure to the wholesale purchaser, and to the public the full benefit of the reduction in duty from Re. 1-8 to Re. 1. Retail prices in the province also show an average decline from one anna and one pie a seer in 1906-07 to 11 pies a seer in 1907-08.

12. There was a large decrease in the number of seizures of illicit salt and in the number of prosecutions under the Salt Laws during the year, as compared with the previous year. In the district of the 24-Parganas, the number of cases under section 9 of Act XII of 1882 fell from 139 to 38. This satisfactory decrease in the number of offences is attributed by the Commissioner to "the cheapening of licit salt, the adequate supply of salt in every market, the opening of new shops in various localities, and the constant patrol over the saline areas."

13. *Receipts and charges.*—The financial results of the year, as compared with those in 1906-07, show a decrease of nearly 53 lakhs, or 32·9 per cent. in the receipts, and of Rs. 99,023 or 20·3 per cent. in the charges. The decrease in receipts is accounted for chiefly by the reduction of duty; but there was also a small falling off in the amount of salt cleared during the year.

No. 335S., dated Calcutta, the 1st July 1908.

From—B. FOLEY, Esq., I.C.S., Offg. Commissioner of Excise and Salt, Bengal,
To—The Secretary to the Board of Revenue, I.P.

I HAVE the honour to submit the following consolidated Report on the administration of the Salt Department in Bengal for 1907-08. Preventive operations continued during the year under the India Salt Act, XII of 1882, to be controlled by the Commissioner of Excise and Salt and operations under Act VII (B.C.) of 1864 by the Board of Revenue.

2. Mr. E. Geake was in charge of the Department from the 1st April 1907 to the 27th February 1908. I held charge until the close of the year.

Charge of Department.

GENERAL.

3. * * Noakhali and Chittagong remained under the control of the Bengal Salt Commissioner throughout the year and at the request of the Board of Revenue, Eastern-Bengal and Assam, this arrangement will continue for another year, pending the amalgamation of the Salt and Excise establishments in that Province.

Control of the Salt Department.

* * * * * * *

5. The India Salt Act, XII of 1882, continued to be the Salt Law in force in Orissa. In the districts of Midnapore, Howrah, the 24-Parganas, Khulna, Backergunj, Noakhali and Chittagong that Act and Act VII (B.C.) of 1864 remained concurrently in force.

Salt Law.

* * * * * * *

8. The duty on salt remained at Re. 1 per maund throughout the year.

Rate of duty.

* * * * * * *

10. On the recommendation of the Commissioner, Northern India Salt Revenue, made in consequence of the reduction in the rate of duty on salt the Government of India in their orders No. 6026Exc., dated the 4th October 1907, reduced the fee that was payable under the terms of their orders No. 3663S.R., dated the 15th July 1901, from Rs. 300 to

Reduction of the concession fee in connection with the issue of duty-free salt for industrial purposes.

Rs. 100 per annum in the case of concessions regarding the issue of duty-free salt for industrial purposes.

Rebate of duty on salt used for fish-curing.

11. On the application of a Company which is being formed to develop the sea-fishing industry in the Bay of Bengal on the lines indicated in Mr. K. G. Gupta's Report on the Fisheries of Bengal, the Government of India in their orders No. 1257-1, dated the 5th February 1908, sanctioned a rebate of duty on salt used for fish-curing, subject to the conditions that the concessionaires should pay for the cost of any preventive establishment that might be found necessary and that the rebate to be allowed should not exceed the duty payable on the salt used in fish-curing. Effect will be given to these orders after ascertaining the requirements of the Company, and general rules on the lines of the Madras and Bombay rules will be framed subsequently for the issue of duty-free salt for fish-curing to the coast fishermen of Bengal.

Reduction of duty on *Sitta* or impure salt.

12. The rate of duty on *Sitta* or impure salt obtained in the process of manufacture or refinement of saltpetre was reduced from Re. 1 to 8 annas a maund with effect from the 1st September 1907, in India Government orders No. 5273Exc., dated the 22nd August 1907, to the Commissioner, Northern India Salt Revenue, who recommended the reduction. The reduction was made in consequence of the lowering of the rate of duty on salt to one rupee and the possibility of *Sitta* being advantageously used for industrial and agricultural purposes.

* * * * * * *

Legislation for introduction of credit system of payment of duty.

15. A Bill to provide for the introduction of the credit system for payment of duty on salt, as obtains in Madras and Bombay, was introduced in the Council of the Governor-General of India on the 8th June last.

Chinese Salt Mission.

16. During the year a Chinese Mission, consisting of two Secretaries of the Chinese Board of Finance (Messrs. T'ang Jui-T'ung and Fan Shao-Sen) with a Secretary (Mr. Wang Tsai-chi) and an Interpreter (Mr. Yi-Shan), was sent to Calcutta to study the salt system prevailing in Bengal. The Mission arrived in October 1907, and after obtaining the information they desired, left Calcutta in November.

CHAPTER II.—STOCKS, IMPORTS AND CLEARANCES.

Stocks and issues.

17. * * * The stock of salt in all the golas, both public and private, at the beginning of the year was over 7 lakhs of maunds less than on the 1st April 1906. The imports showed an increase of over 16 lakhs of maunds. The clearances were less than in the previous year by more than a quarter of a lakh of maunds. In addition to the closing balance, there were at the close of the year 3,63,100 maunds of salt lying afloat in the port of Calcutta against 3,54,668 maunds at the end of 1906-07.

The percentage of the total importations of salt bonded in the Sulkea and Kidderpore golas during the year was 76 against 74 in the previous year. There was a large increase in importation during the year and the quantity bonded was in excess of that bonded in any of the past five years.

Imports.

18. * * The importations into Calcutta during the year show an increase of 14·1 per cent,, the largest quantity coming from the United Kingdom, the next from Salif, Spain, Aden, and Hamburg and Bremen in the order named. There was, however, a decrease in the quantity imported from the United Kingdom by more than 10 lakhs of maunds. Muscat and the Persian Gulf have fallen out of the list. A severe outbreak of small-pox put a stop to importation from Salif in 1906-07, but more salt than ever before was received from this port during the year under review.

19. * * In Calcutta the sales from the importing vessels direct and from bond both fell by 1·1 and 1·8 per cent., respectively; 19 per cent. was sold from shipboard and 81 per cent. from bond, the same figures, curiously enough, as in the previous year. Of the vessels carrying salt into Calcutta during the year, 98 per cent. were steamers.

Sales of imported salt from shipboard and bond.

20. The total salt transactions at the Sulkea and Kidderpore golas for the last five years are shown below:—

Transactions in the Sulkea and Kidderpore Dock golas.

Years.	Maunds.
1903-04	1,50,05,754
1904-05	1,62,70,908
1905-06	1,67,67,724
1906-07	1,77,57,526
1907-08	1,92,86,421

The turnover was the highest on record, but no difficulty was experienced in providing bonding accommodation.

The quantity of salt handled at Sulkea was 1,29,25,489 maunds against 1,11,59,238 in the preceding year and at Kidderpore 63,60,932 against 65,98,288 maunds.

The Kidderpore Salt golas received 30 per cent. of the total quantity bonded against 38 per cent. in the previous year.

The improvements made at Sulkea during the previous year have quite justified the expenditure incurred. The two new pontoons, however, which were constructed, have not proved as successful as was expected. Alterations are being made which will, it is hoped, render them suitable.

* * * * * * *

22. There were only two bonded warehouses in the province as in the previous year, both being situated at Chandbali in the district of Balasore and owned by Messrs. Turner, Morrison & Co. The quantity of salt despatched to these two warehouses as well as to the bonded warehouses transferred to the new province was 14,31,464 maunds (11,44,646 from shipboard and 2,86,818 from golas in Calcutta) against 13,22,300 maunds (9,43,164 maunds from shipboard and 3,79,136 maunds from golas in Calcutta) in the previous year. The quantity of salt despatched to the warehouses at Chandbali alone from shipboard amounted to 1,20,240 against 72,568 maunds (66,484 from shipboard and 6,084 from the golas in Calcutta) in the previous year, showing an increase of 66 per cent.

Inland bonded warehouses.

* * * * * * *

25. The quantity of Madras *karkatch* and refined salt imported into Orissa during the year was 11,94,529 maunds, against 9,47,102 in the previous year, showing an increase of 2,47,427 maunds, or of 26·1 per cent. Owing to the reduction of duty to Re. 1 per maund, the retail price decreased and there was larger consumption among the poorer classes.

Imports of Madras salt into Orissa by land.

* * * * * * *

26. The figures given below show the consumption of Bombay salt in the Tributary States during the last four years. The salt is imported by the Bengal-Nagpur Railway:—

Imports of Bombay salt.

	1904-05.	1905-06.	1906-07.	1907-08.
	Mds.	Mds.	Mds.	Mds.
Jharsaguda ...	...	7,404	26,336	13,599
Sambalpur ...	5,141	32,354	43,370	31,228
Total ...	5,141	39,758	69,706	44,827

There was a decrease of 24,879 maunds in the consumption of Bombay salt as compared with the previous year, but this decrease was more than compensated by the increase of 42,217 maunds in the consumption of Madras salt in those States.

CONSUMPTION AND PRICES.

Consumption in Bengal.

27. The total quantity of salt which passed into consumption in the Province during the year under report was 82,81,916 maunds. This is exclusive of 26,05,201 maunds, the net export by land, but inclusive of 18,104 maunds educed from saltpetre.

Price of Salt.

30. * * * The further reduction in the rate of duty from Re. 1-8 to Re. 1 a maund with effect from the 20th March 1907 brought about a fall in the wholesale prices to the extent of 6 annas 10 pies a maund as compared with the previous year. The retail prices in the saliferous districts, for which alone information is available, also show a decline, the price per seer ranging from 9 pies to 1 anna 3 pies against 1 anna to 1 anna 6 pies in the preceding year. The reduction of duty came into operation twelve days before the close of the preceding year.

Exclusive of duty, the average wholesale price of Liverpool salt per hundred maunds as sold from the ship's side in the port of Calcutta was Rs. 54-7-4 against Rs. 48-10-2 in 1906-07.

PREVENTIVE MEASURES.

Attachments, releases and confiscations in the saliferous districts, including Orissa.

31. Illicit salt was attached in 99 and confiscated in 93 cases against 387 and 414 cases, respectively, in the previous year. The quantities attached and confiscated were, respectively, 7 and 4 maunds, against 18 and 55 during the year 1906-1907. There was thus a decrease of 11 maunds, or 61·1 per cent. in the quantity attached. No salt was released during the year.

Number of seizures and unsuccessful house-searches.

32. The total number of seizures of salt or salt earth was 137 against 387 in the previous year. There were no unsuccessful house-searches during the year.

Prosecutions.

33. * * In the 24-Parganas the total number of prosecutions fell to 38 from 139. The fall is ascribed to the cheapening of licit salt, the adequate supply of salt in every market, the opening of new shops in various localities and the constant patrol over the saline areas. In Howrah there have been no cases during the last three years. In Chittagong there was one case in 1906-1907, but none during the year under report, nor were there any in Noakhali, against two (one false) in the previous year, nor again in Midnapore, or in Puri, against 5 and 20, respectively. In Khulna there have been no prosecutions for the last two years. In Cuttack there were 11 cases in 1907-1908 against 5 in the previous year, while in Balasore there were 9 against 2 in 1906-1907. The increase is to be attributed to the distress prevailing among the residents of the saline tracts.

FINANCIAL RESULTS.

Receipts and charges.

36. * * * * The results of the year, as compared with 1906-07, show a decrease of Rs. 52,99,729 or 32·9 per cent. in receipts and of Rs. 99,023 or 20·3 per cent. in expenditure, the net revenue being Rs. 1,04,00,522, which is less than that of the previous year by Rs. 52,00,706 or 33·3 per cent. The charges do not include a proportionate share of the cost of the Customs Preventive Service, which is largely employed in safeguarding the salt revenue. The decrease in receipts, Rs. 53,19,724, occurs under the head "Import duty on salt" and is due chiefly to the reduction in the rate of duty from Re. 1-8 to Re. 1 a maund, though partly also to a diminution in the clearances of salt during the year. The miscellaneous receipts, on the other hand, show an increase of Rs. 19,777.

37. According to the figures furnished by the Accountant-General, Bengal, the charges during the year were Rs. 3,88,359 against Rs. 4,87,382* in 1906-07, showing a decrease of Rs. 99,023 or 20·3 per cent.

Charges.

MISCELLANEOUS.

* * * * * * *

39. The quantity of salt educed in the manufacture of saltpetre during the year and removed on payment of duty from all the refineries in the Province was 18,104 maunds against 19,576 in the previous year, showing a decrease of 1,472 maunds. The decrease was due to the ordinary fluctuations of trade.

Trade in saltpetre in Bengal.

40. As in the previous year, there were two licensed saltpetre refineries at Soorah and Kakurgachi, but very little business was done in the latter.

Saltpetre refineries in Calcutta and its environs.

41. The quantity of refined saltpetre produced in the two refineries was 6,237 maunds against 11,283 maunds in the year before. The quantity of salt educed fell to 753 from 1,569 maunds and the quantity of *sitta* or impure salt left in the course of refinement was 784 maunds against 1,497 in the previous year. The decrease is due to a general decline in the trade. Five hundred and fifteen maunds of educed salt and 20 maunds of *sitta* were sold during the year. The license fees realised from the two refineries amounted to Rs. 100 and the duty recovered was Rs. 520.

Work done in the Calcutta refineries.

BRUSSELS UNIVERSAL AND INTERNATIONAL EXHIBITION, 1910.

NOTIFICATION.

No. 3548.—The 31st July 1908.—The following resolution of the Government of India, Department of Commerce and Industry, is republished for general information, in continuation of this Government Notification No. 307, dated the 13th January 1908:—

H. C. STREATFEILD,
Offg. Secy. to the Govt. of Bengal.

No. 6453—6473—6, dated Simla, the 10th July 1908.

RESOLUTION—By the Govt. of India, Department of Commerce and Industry.

The following papers relative to the Universal and International Exhibition to be held at Brussels in the year 1910 are published for general information, in continuation of Resolution No. 22-42-1, dated the 6th January 1908:—

BRUSSELS UNIVERSAL AND INTERNATIONAL EXHIBITION, 1910.

UNDER THE HIGH PATRONAGE OF HIS MAJESTY THE KING OF THE BELGIANS AND THE HONORARY PRESIDENCY OF H. R. H. PRINCE ALBERT OF BELGIUM WITH THE SUPPORT OF THE PUBLIC AUTHORITIES.

Appeal to Producers.

Brussels, January 24, 1908.

A Universal and International Exhibition will open at Brussels in the month of April 1910, and will last for about six months. Its Palaces and Halls will be erected in the new quarter of the Avenue Louise skirted by the grand old beech trees of the Bois de la Camber, the favourite resort of the Brussels people. What a delightful view indeed will the observer command from this picturesque site: he will witness in the distance the undulating country overlooked in the rear by the thick-set trees and green shrubbery of the Forest of Soignes.

From its position at the junction of the main lines of communication of Europe, and its being the Capital of one of the most densely populated and most industrial countries of the Globe, and having, for centuries past, been accumulating art treasures of all kinds, Brussels is so well known that any enlargement upon its reputation will be quite unnecessary.

Not only is the Belgian Capital the seat of a strong artistic, scientific, and commercial movements, but every possible effort is made towards improving the City and rendering it more and more attractive, while the people are always ready to welcome and extend hospitality to foreigners coming to visit Brussels.

No sooner had the scheme been announced than it secured the enlightened protection of the King and the support of Government; and the Brussels Exhibition is bound to be a great success.

The Belgian Government have acquainted the Foreign Cabinets with the organisation of this Exhibition, inviting them to take part and to be officially represented by appointing Commissioners or Committees.

Even now, important corporations are in course of formation, from all over Belgium considerable support is forthcoming and adhesions have practically been received from the large neighbouring Countries.

The Brussels Universal and International Exhibition includes, in broad lines, artistic, scientific, Industrial, commercial and colonial sections. It will be open to works of art, industrial and agricultural products, and generally to all wares coming within the classification annexed to the General Regulations.

The Artistic section will consist of an International Saloon of Fine Arts.

The Scientific section will embrace with the various degrees of education, the instruments and general methods connected with Letters, Sciences and Arts.

The Industrial section will be made up of all the products, methods and materials, both industrial and agricultural.

Steps will be taken to render fully complete the special groups connected with fancy trades, mines, metallurgy, machinery, electricity, arms manufacturing and mechanical locomotion.

The programme further contains special Exhibitions, temporary Agricultural and Horticultural Shows; Congresses, Conferences, Artistic and Sportive Fêtes.

The Executive Committee also propose to organise during the Exhibition popular games and competitions.

Furthermore, like at other Exhibitions, national compartments will be formed wherein the works and productions of a same country will be divided into groups and classes according to a system of general classification.

The Exhibition will cover a total area of about two hundred acres, a large portion of which will be reserved to the Foreign Sections. The installations will be connected with the Belgian State Railway, so as to bring all exhibits up to the required spot on rail tracks laid down in the Halls and ground.

The principal Palace and the Halls of the Exhibition will be built of iron and covered with hard materials: the roofed surface amounting to at least one hundred and fifty thousand square metres.

The Machinery Gallery will include numerous workshops in operation under the eyes of the Public.

A vast park, in which attractions will scatter in all directions, will surround the buildings.

Enclosed herewith will be found the full programme of the Exhibition comprising the General Regulations, and the detailed classification of the goods.

The attention of Exhibitors is specially directed to the fact that the rent for detached space includes handling charges (Article 25 of General Regulations). Exhibitors will thus be enabled to accurately estimate beforehand the charges incumbent upon them.

According to the clauses inserted in Articles 18 and 27 of the General Regulations, *special arrangements may be concluded for the hire of large spaces as well as for the handling work and storage of empties, but solely with such Countries as are officially represented.*

In that case, the charges would be fixed separately, viz.:

(1) For hire of space in the Halls, exclusive of expense of decoration;
(2) For handling;
(3) For storage of empties.

Any such agreements to be entered into with officially represented Countries will be drawn up by the Commissioner-General of the Belgian Government.

The Government will grant on the State Railways free transport to and fro, of Belgian products consigned to the Exhibition and free return in the case of foreign exhibits.

The exhibition will be treated as an actual bonded warehouse, foreign goods intended for the exhibition being allowed provisional duty-free importation subject to being afterwards re-exported.

The necessary measures will be taken by the Government for protecting in Belgium patentable inventions, industrial designs or models, and manufacturing or trade marks appearing at the Exhibition.

Moreover, the Belgian Government have sanctioned the organisation of a Lottery comprising several series of a million tickets each The prizes will be purchased from the Exhibitors, or (as regards series of tickets issued prior to the opening) from such persons as shall have given a written undertaking to exhibit.

An International Jury of Awards will be instituted, to operate under the control of the Commissioner-General of the Belgian Government. The Members of the Jury will be designated by the Government of their respective countries.

The General Regulations specify the nature of the awards to be attributed to the Exhibitors; same consist of diplomas or medals.

In conclusion, the Executive Committee propose to give all kinds of fêtes, to multiply the attractions with the view of enhancing the splendour of the Exhibition and increasing the number of visitors.

The Board of Directors of the "Société Anonyme de l'Exposition de Bruxelles" is placed under the Presidency of Baron Baeyens, Governor of the Bank "Société Généralé de Belgique." An Executive Committee with Mr. Emile De Mot, Senator, Burgomaster of the City of Brussels, as President, has been invested with all the powers of the Board.

The Executive Committee will determine the various measures coming within the scope of organisation and management, and are exclusively qualified to deal with all questions of receipts and expenditure.

Although an undertaking solely due to private initiative, the Brussels Exhibition has ensured the effective co-operation of the Belgian Government, and also the support of the City of Brussels and Province of Brabant. It is placed under the High Patronage of H. M. the King of the Belgians and under the Honorary Presidency of H. R. H. Prince Albert of Belgium.

The Duke d'Ursel has been invested with the functions of Government Commissioner-General to the Brussels Exhibition, and M. J. Gody has been appointed Deputy Commissioner-General.

The Exhibition is not organised with the view of profit; its promoters are anxious to make our country appreciated abroad, by displaying anew her productive power and industrial progress.

The Executive Committee therefore warmly appeal to all, convinced, as they are, that the character and object of the Exhibition will secure numerous and important adhesions.

Damage to paddy by insect-pests is reported from the 24-Parganas. Sugarcane is doing well. The price of common rice has risen in the 24-Parganas, Gaya, Darbhanga, Purnea and Palamau, has fallen in Bankura, Jessore, the Sonthal Parganas, Puri and Sambalpur, and has been stationary in the remaining districts. Stocks of food-grains are insufficient in Nadia, Murshidabad, Balasore and Palamau. The supply of fodder and water is sufficient for the Province. Cattle-disease is prevalent in Jessore, Gaya, Saran, Purnea, the Sonthal Parganas, Sambalpur, Hazaribagh, Palamau and Manbhum. SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF MAY 1908.

DURING the first week of the month, the position of the trough of low pressure permitted the moist air from the Bay to flow freely into Eastern Bengal and Assam. In the latter area rain fell daily, but in Eastern Bengal it occurred chiefly on the last three days of the week, extending on the 7th into Bihar. On the 3rd nor'westers with rain were numerous in Bengal. Temperature was in general excess up to the 5th, but owing to the rainfall a rapid fall of temperature took place and weather was cooler than usual except in the south-east. At the beginning of the second week a shallow depression appeared over the Andaman Sea on the 8th, and as it advanced northward, it caused moderate to heavy rain in the coast districts, but had disappeared by the morning of the 11th without giving rise to very stormy weather. Generally rainfall occurred in all parts of the two Provinces, except South Bihar, but decreased towards the end of the week, and weather was almost dry on the 13th. Temperature was normal or in defect, the deficiency being most marked on the 8th. At the beginning of the third week pressure conditions were not favourable to rainfall over the two Provinces. The trough of low pressure widened out into a large area of low pressure, covering Burma and Northern India, the barometer being lowest in Burma. The inflow of moist air into North-East India was consequently checked and weather was dry up to the 18th. The trough of low pressure then commenced to reform and rainfall gradually increased in the northern districts, and from the 19th to the 21st was fairly general in Assam and Eastern Bengal. During the fourth week of the month rain fell every day in Eastern Bengal and Assam, and on the 24th the position of the trough of low pressure permitted an extension of rainfall into Chota Nagpur. On the 25th, rainfall extended into Bihar, but on the 26th retreated eastward, being confined chiefly to Eastern Bengal and Assam for the rest of the week. During the last five days of the month weather was dominated by an area of low pressure which appeared over the south-east of the Bay in front of an advance of monsoon winds. Rainfall was therefore scanty in North-East India, as the depression checked the usual inflow of moist southerly winds.

Summary of Temperature.—Mean temperature was in general excess over the whole area, the departure being greatest in Bihar, where the average mean was 2° above the normal mean of the month.

The highest temperature recorded was 114°·1 at Sambalpur and the lowest 62°·9 at Monghyr.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Bengal and of Eastern Bengal and Assam for the month of May 1908:—

Summary of Rainfall.—The rainfall registration is in the hands of the Director of Agriculture, Bengal, and the usual data regarding the actual and normal rainfall during the month are published by that officer. A short table, however, is attached to this report giving the rainfall recorded during the month at the head-quarters of the various districts of the Province. With a few local exceptions the precipitation of the month was more or less below normal at all recording stations, the deficiency reaching 65 per cent. in Orissa, 52 per cent. in Bihar, and 30 per cent. in Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Knudsen's Barograph and fro eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All t thermometers are verified, and the readings have been corrected to a standard constructed and verified at t Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four fe above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at t Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is f 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; p, passing temporary showers.

GENERAL SUMMARY.—The rainfall during the week under report was heavy in Cuttack, Balasore, Angul and in parts of Saran, moderate in Shahabad and in the districts of Chota Nagpur and light in other districts. Some damage has also been done by insects to the *Gondli* millet crop in Ranchi. The price of common rice has risen in Patna, Gaya and Muzaffarpur, and has fallen in Bankura, Nadia, Jessore, Saran, the Santhal Parganas, Sambalpur, Hazaribagh, Palamau and Manbhum. It has been stationary in the remaining districts. Stocks of food-grains are insufficient in Murshidabad, Nadia, Balasore and Palamau. There is no complaint regarding the supply of fodder and water. Cattle-disease is reported from Gaya, Muzaffarpur, Darbhanga, Monghyr, Sambalpur, Ranchi, Palamau and Manbhum. 32,561 persons were given gratuitous relief, of whom 15,796 belong to Orissa. The mean pressure, temperature, etc., are deduced from the traces of the Knudsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; p, passing temporary showers; t, thunder.

(6) The mere registration of a transfer, or the mere receipt of a registration-fee, under this section, shall not be deemed to imply a consent to, or permission to make, the transfer, within the meaning of section 13; and the landlord shall not be bound by the terms or conditions of any such transfer.

Procedure on refusal of landlord to register transfer of tenure.

12. If any landlord refuses to admit to registry or otherwise to give effect to any such transfer as is mentioned in section 11, the transferee or his successor in title may make application to the Deputy Commissioner; and the Deputy Commissioner shall thereupon make such inquiry as he considers necessary; and, if no sufficient grounds are shown for the refusal, shall pass an order enjoining the landlord to admit to registry and otherwise give effect to such transfer: [1879 s. 36.]

OCCUPANCY-RAIYATS.

General.

Continuance of existing occupancy rights.

14. Every raiyat who, immediately before the commencement of this Act, has, by the operation of any enactment, or by custom or usage or otherwise, a right of occupancy in any land, shall, when this Act comes into force, have a right of occupancy in that land notwithstanding the fact that he may not have cultivated or held the land for a period of twelve years. [1885, s. 19 (1).]

Definition of "settled raiyat."

15. (*1*) Every person who, for a period of twelve years, whether wholly or partly before or after the commencement of this Act, has continuously held as a raiyat land situate in any village, whether under a lease or otherwise, shall be deemed to have become, on the expiration of that period, a settled raiyat of that village. [1879, s. 6, paras. 1, 2, & 1885, s. 20.]

(2) A person shall be deemed, for the purposes of this section, to have continuously held land in a village notwithstanding that the particular land held by him has been different at different times.

(3) A person shall be deemed, for the purposes of this section, to have held as a raiyat any land held as a raiyat by a person whose heir he is.

(*4*) Land held by two or more co-sharers as a raiyati holding shall be deemed, for the purposes of this section, to have been held as a raiyat by each such co-sharer.

(*5*) A person shall continue to be a settled raiyat of a village as long as he holds any land as a raiyat in that village and for three years thereafter.

(*6*) If a raiyat recovers possession of land under section 71, or by suit, he shall be deemed to have continued to be a settled raiyat notwithstanding his having been out of possession more than three years.

(*7*) If, in any suit or proceeding, it is proved or admitted that a person holds any land as a raiyat, it shall, as between him and the landlord under whom he holds the land, be presumed, for the purposes of this section, until the contrary is proved or admitted, that he has for twelve years continuously held that land or some part of it as a raiyat.

The Chota Nagpur Tenancy and Settlement Bill, 1908.

(*Chapter IV.—Occupancy-raiyats.—Clauses 16—18.*)

Bhuinhars and Mundari khunt-kattidars to be settled raiyats in certain cases.

16. The following classes of persons, namely :—

(*a*) where any land in a village, other than land known as manjhihas or bethkheta, is entered in any register prepared and confirmed under the Chota Nagpur Tenures Act, 1869,—all members of any Bhuinhari family holding land in such village, and [Ben. Act I of 1869.]

(*b*) where any village contains land not forming part of a Mundari khunt-kattidari tenancy, and an entry of Mundari khunt-kattidari tenancies or of Mundari khunt-kattidars in such village has been made in any record-of-rights as finally published under this Act or under any law in force before the commencement of this Act—all male members of any Mundari khunt-kattidari family holding land in such village,

shall be deemed to be settled raiyats for the purposes of this Act, in regard to the raiyati land which they cultivate in such village; and the provisions of sub-sections (4), (5) and (6) of section 15 shall apply to such persons.

Settled raiyats to have occupancy rights.

17. (*1*) Every person who is a settled raiyat of a village within the meaning of section 15 or section 16 shall have a right of occupancy in all land for the time being held by him as a raiyat in that village. [1879, s. 6, para. 1; 1885, s. 21.]

(*2*) Every person who, being a settled raiyat of a village within the meaning of section 15 or section 16, held land as a raiyat in that village at any time between 1st January, 1907, and the commencement of this Act shall be deemed to have acquired a right of occupancy in that land under the law then in force; but nothing in this sub-section shall affect any decree or order passed by any Court before the commencement of this Act.

Effect of acquisition of occupancy-right by landlord.

18. (*1*) When the immediate landlord of an occupancy holding is a proprietor or a permanent tenure-holder, and the entire interest of the landlord and the raiyat in the holding become united in the same person by transfer, succession or otherwise, such person shall not retain a right of occupancy in the holding, but shall hold the same as a proprietor or permanent-tenure holder, as the case may be; but nothing in this sub-section shall prejudicially affect the rights of any third person. [1885, s. 22.]

(*2*) If an occupancy-right in land is transferred to a person jointly interested in the land as proprietor or permanent tenure-holder, he shall be entitled to hold the land subject to the payment to his co-proprietors or joint permanent tenure-holders of the shares of the rent which may be from time to time payable to them; and, if such transferee sub-lets the land to a third person, such third person shall be deemed to be a tenure-holder or a raiyat, as the case may be, in respect of the land.

Illustration.—*A*, a co-sharer landlord, purchases the occupancy holding of a raiyat *X*. *A* is entitled himself to hold the land on payment to his co-sharers of the shares of the rent payable to them in respect of the holding. *A* sub-lets the land to *Y*, who takes it for the purpose of establishing tenants on it; *Y* becomes a tenure-holder in respect of the land. Or *A* sub-lets it to *Z*, who takes it for the purpose of cultivating it himself; *Z* becomes a raiyat in respect of the land.

(*3*) A person interested in any estate, tenure, village or land, whether solely or jointly with others, as a temporary tenure-holder, ijaradar or farmer of rents or as a mortgagee in possession shall not, during the period of his lease or mortgage, acquire by purchase or otherwise a right of occupancy in any land comprised in his lease or mortgage:

Provided that nothing in this sub-section shall prohibit the acquisition of occupancy rights by any tenure-holder or farmer of rents who by established custom or usage has a right to acquire the same.

Explanation.—A person having a right of occupancy in land does not lose it by subsequently becoming jointly interested in the land as proprietor or permanent tenure-holder, or by subsequently holding the land in ijara or farm.

Provided that in any case in which, under the law of inheritance to which the raiyat is subject, his other property goes to the Crown, his right of occupancy shall be extinguished.

Enhancement of rent.

Presumption as to fair and equitable rent in case of occupancy-raiyat.

23. The rent for the time being payable by an occupancy-raiyat shall be presumed to be fair and equitable until the contrary is proved. [1879, s. 8, para. 2 1885, s. 27.]

(*b*) if it is fair and equitable;

but not otherwise:

Provided that, where the rate of rent lawfully payable by an occupancy-raiyat for his holding has been made an issue in any suit for arrears of rent, and the Court has arrived at a finding on that issue, the rate of rent so found shall be lawfully payable by the raiyat for the holding.

(*b*) in any area for which a record-of-rights has been finally published as aforesaid, or for which an order has been issued as aforesaid for the preparation of such a record, the money-rent of an occupancy-raiyat whose rent is liable to enhancement shall be enhanced only by order of a Revenue-officer passed under Chapter XII.

(*2*) No enhancement of such rent made after the commencement of this Act in any manner other than that referred to in clause (*a*) or clause (*b*), as the case may be, whether by private contract or otherwise, shall for any reason be recognized or given effect to in any suit or proceeding in any Court.

64. (1) The oral or written consent of the landlord for the conversion of land into korkar shall be required in every case except—

(*a*) where the land was, before such conversion, included in the tenancy of a cultivator who has acquired a right of occupancy in it, or

(*b*) where, by the custom or usage of the village, tenure or estate, such consent is not necessary.

(2) In the following cases, namely,

in case (*i*), by a member of a Bhuinhari family, or

in case (*ii*), by a member of a Mundari khunt-katti family,

Such consent to be deemed to have been given when ejectment not sought.

65. Where the consent of the landlord is required by section 64 for the conversion of land into korkar, such consent shall be deemed to have been given if, within two years from the date on which the cultivator commenced such conversion, the landlord has not made an application to the Deputy Commissioner for the ejectment of the cultivator.

Power to eject cultivator.

66. When any such application is made, the Deputy Commissioner may, after making such inquiry as he thinks fit, and if he is satisfied that the cultivator has no right to convert the land into korkar, order his ejectment therefrom.

Prohibition against conversion into korkar of cultivated or homestead land of another person.

67. Nothing in sections 64 and 65 shall authorize any cultivator to convert into korkar any land which is cultivated land or homestead land in the direct possession of any other person.

69. When in any village, tenure or estate there is a custom or usage whereby korkar is held—

72. (*1*) Any raiyat may relinquish the land held or cultivated by him, provided he gives written notice of his intention to the landlord or his agent in or before the month of *Paush* of the year preceding that in which the relinquishment is to have effect. [1879, s. 29 *Cf.* 1885, s. 86.]

(*2*) If a raiyat fails to give such notice, and the land is not let to any other person, he shall continue liable for the rent of the land.

(*3*) If the landlord, or his agent, refuses to receive any notice given under sub-section (*1*) and to sign a receipt for the same, the raiyat may make an application to the Deputy Commissioner, who shall thereupon cause the notice to be served on such person or his agent, in the manner provided by section 252.

Abandonment of land by raiyat.

73. (1) If a raiyat voluntarily abandons the land held or cultivated by him, without notice to the landlord, and ceases either himself or through any other person to cultivate the land and to pay his rent as it falls due, the landlord may, at any time after the expiration of the agricultural year in which the raiyat so abandons and ceases to cultivate, enter on the holding and let it to another tenant or take it into cultivation himself. [1885, s. 87(1) to (3).]

(2) Before a landlord enters under this section, he shall send a notice to the Deputy Commissioner, in the prescribed manner, stating that he has treated the holding as abandoned and is about to enter on it accordingly; and the Deputy Commissioner shall cause a notice of the fact to be published in the prescribed manner.

(*2*) If any landlord intending to measure any land which he has a right to measure is opposed in making such measurement by the occupant of the land,

(*2*) Where the making of an application or the institution of a suit has been delayed by sub-section (*1*), the period of three months therein mentioned shall be excluded in computing the period of limitation provided for such suit or application.

Period for which rents entered in the record-of-rights are to remain unaltered.

93. (*1*) When the rent of an occupancy holding is entered in a record-of-rights which has been prepared and finally published under this Chapter or any law in force before the commencement of this Act, then, subject to the provisions of sections 86, 88 and 89, [1879, s. 22B. 1885, s. 113.]

such rent shall not, except on the ground of a landlord's improvement or of a subsequent alteration in the area of the holding, be enhanced or increased for a period of—

(*a*) fifteen years after the final publication of the record-of-rights, when such publication was made after the commencement of this Act, or

(*b*) seven years after the final publication of the record-of-rights, when such publication was made before the commencement of this Act;

and no such rent shall be decreased or reduced within the said periods, respectively, save on the ground of alteration in the area of the holding or on the ground that the soil of the holding has, without the fault of the raiyat, become permanently deteriorated by a deposit of sand or other specific cause, sudden or gradual:

Provided that, in any area in respect of which a record-of-rights has been finally published before the commencement of this Act, a Revenue-officer may, on the application of any landlord, made within two years from the commencement of this Act, assess a fair rent on lands which are included in a holding and are assessable with rent but for which no rent has been paid or has been entered as payable in the record-of-rights.

(*2*) The periods of fifteen years and seven years mentioned in clauses (*a*) and (*b*) of sub-section (*1*) shall be counted from the date of the final publication of the record-of-rights.

Expenses of proceedings under this Chapter.

94. (1) When the preparation of a record-of-rights has been directed or undertaken under this Chapter, [1885, s. 114, & Notfn.]

the expenses incurred in carrying out the provisions of this Chapter in any local area, estate, tenure or part thereof (including expenses that may be incurred at any time, whether before or after the preparation of the record-of-rights, in the maintenance, repair or restoration of boundary-marks and other survey marks erected for the purpose of carrying out the provisions of this Chapter), or such part of those expenses as the Local Government may direct,

shall be defrayed by the landlords, tenants and occupants of land in that local area, estate, tenure or part, in such proportions, and in such instalments (if any), as the Local Government, having regard to all the circumstan-

(Chapter XII.—Record-of-Rights and Settlement of Rents.—Clauses 95, 96.)

(2) The cost of preparing copies of Survey maps and extracts from records-of-rights under this Chapter for distribution to landlords and tenants shall be deemed to be part of the expenses incurred in carrying out the provisions of this Chapter.

(3) The estimated amount of the expenses likely to be incurred for the maintenance, repair or restoration of boundary-marks for a period not exceeding fifteen years, or such part of such amount as the Local Government may direct, may be recovered in advance in the same manner as if such expenses had been already incurred.

(4) The portion of the expenses referred to in the foregoing provisions of this section which any person is liable to pay shall be recoverable by the Government as if it were an arrear of land-revenue due in respect of the said local area, estate, tenure or part.

Explanation.—The word "tenure" in this section includes all revenue-free and rent-free tenures and holdings within a local area, estate or tenure.

Effect of proceedings in certain cases had in Courts pending final publication of record-of-rights.

95. When an order has been made, under section 79 or under any law in force before the commencement of this Act, directing the preparation of a record-of-rights by a Revenue-officer,

then any judgment, decree or order passed by any Court in any suit or proceeding between the making of such first-mentioned order and the final publication of the record-of-rights, and relating to any of the following matters, namely:—

(*a*) the existence, non-existence, extent or value of customary rights in waste-land or jungle-land in the area to which the record-of-rights applies, or

(*b*) the amount of rent payable in respect of any tenancy therein, or

(*c*) the question whether any land which is the subject of dispute is included in the tenancy of a raiyat or is the khas land of the landlord,

may be received in evidence in any inquiry made by such Revenue-officer in the course of preparing such record-of-rights, if such judgment, decree or order relates to matters relevant to such inquiry;

but no such judgment, decree or order shall be conclusive proof of that which it states, either in the Court of such Revenue-officer or in any other Court, Civil, Criminal or Revenue, subsequent to the final publication of the record-of-rights.

Power of Revenue-officer to give effect to agreement or compromise

96. In framing a record-of-rights, and in deciding disputes, under this Chapter, the Revenue-officer shall give effect to any lawful agreement or compromise made or entered into by any landlord and his tenant: [1885, s. 106 B (1), (3), and Notfn.]

Provided as follows:—

(*a*) the Revenue-officer shall not give effect to any agreement or compromise the terms of which, if they were embodied in a contract, could not be enforced under this Act; and

(*b*) where the terms of any agreement or compromise are such as might unfairly or inequitably affect the rights of third parties, the Revenue-officer shall not give effect to such agreement or compromise unless and until he is satisfied by evidence that the statements made by the parties thereto are correct.

Illustration—A, a proprietor, agrees that B, his tenant, shall be recorded as an occupancy-raiyat. This affects the rights of the tenants of B. The Revenue-officer must, under proviso (*b*), inquire whether B is a tenure-holder or a raiyat, within the meaning of section 5 or section 6. If he finds, on the evidence, that B is a raiyat, he may give effect to the agreement. If he so finds that B is a tenure-holder, he must not give effect to the agreement.

Date from which settled rent takes effect.

97. When a rent is settled by a Revenue-officer under this Chapter, it shall take effect from the beginning of the agricultural year next after the date of the decision finally fixing the rent. [1885, s. 110.]

Revision of record-of-rights, and new settlement of rents, under orders of Local Government.

98. (*1*) The Local Government may at any time, either of its own motion or on the application of any landlord or tenant, direct that any record-of-rights which has been finally published under this Act or under any law in force before the commencement of this Act, or any portion of any such record-of rights, be revised, in the prescribed manner, but not so as to affect any rent entered therein. [1885, s. 104G (*2*) and Notfn.]

(*2*) At any time after the expiration of the period of—

(*a*) fifteen years from the date of the certificate of the final publication of a record-of-rights, when such publication was made after the commencement of this Act, or

(*b*) seven years from the date of the certificate of the final publication of a record-of-rights, when such publication was made before the commencement of this Act,

and thereafter at intervals of periods of fifteen years, the Local Government may, of its own motion or on the application of any landlord or tenant, direct—

(*i*) that such record-of-rights or any portion thereof be revised, in the prescribed manner, in so far as it relates to rents, and

(*ii*) that a settlement of rents payable by tenants be made under section 84.

(*3*) The foregoing sections of this Chapter shall, subject to any rules made in this behalf under section 256, apply to every revision and settlement referred to in sub-section (*1*) or sub section (*2*).

Validation of directions given, before the commencement of this Act, for the record of certain rights.

99. Where a direction has been given, in any order made under section 101 of the Bengal Tenancy Act, 1885, before the commencement of this Act, for the record of any rights of the kind mentioned in clause (*n*) of section 80 of this Act, such direction shall be deemed to be as valid as if the said clause had been enacted before such order was made. VIII of 1885.

CHAPTER XIII.

PRÆDIAL CONDITIONS, AND THE COMMUTATION AND RECORD THEREOF.

Prohibition against new prædial conditions.

100. (*1*) From and after the commencement of this Act,— [1897 s. 10 (1).

(*a*) no tenancy shall be created with any prædial condition attached, other than rent-free tenancies with the sole condition of rendering personal service; and

(*b*) no new prædial condition shall be imposed on any tenancy in existence at the time of such commencement.

(*2*) If any landlord creates a tenancy with a prædial condition attached, or imposes a prædial condition on an existing tenancy, in contravention of sub-section (*1*), he shall not be entitled to enforce the observance of such condition.

Liability of tenant when original conditions of tenancy cannot be ascertained.

101. When the original conditions of a tenancy cannot be ascertained, the tenant shall not be liable to any prædial conditions other than or in excess of those to which, by established custom or usage, the general body of the class to which he belongs in the village, tenure or estate in which the lands of the tenancy are situated, is liable:

Provided that, in any case in which prædial conditions have been observed by a tenant for a period of five years continuously, any Revenue-officer acting under this Chapter may, when commuting such conditions under this Chapter, presume that the same are observeable in accordance with established custom or usage or in accordance with an express or implied contract made at the commencement of the tenancy.

Method of calculating present value of prædial condition.

102. When, in any proceedings under this Act, it becomes necessary for a Court to calculate the value of any prædial condition, such [illegible]

(Chapter XIII.—Prædial Conditions, and the Commutation and Record thereof.—Clauses 103—106.)

Procedure in suit to recover value of prædial conditions.

103. When, in any suit for the recovery of rent, it is sought to recover the value of the prædial conditions appurtenant to a tenancy, an issue may be framed as to whether the value of the prædial conditions, when added to the rent payable in respect of the tenancy, exceeds a fair rent; and, if it is found that the resulting amount exceeds a fair rent, the Court shall decree the rent and so much (if any) of the value of the prædial conditions as, together with the rent, will not exceed a fair rent.

Voluntary commutation of prædial conditions.

104. (*1*) When any land is held subject to any prædial conditions, the tenant or the landlord may apply in writing to a Revenue-officer for commutation of such conditions. [1897, s. 4.]

(*2*) The Revenue-officer shall thereupon cause a notice to be served on the landlord or the tenant, as the case may be, and shall fix a day for considering the application; and on such day, or any day thereafter to which the hearing may be adjourned, shall proceed to inquire into the matter and to determine the amount which, in his judgment, is fairly and equitably payable in commutation of such conditions.

(*3*) In calculating the said amount, the Revenue-officer shall have regard only to the conditions to which the tenant is liable in accordance with established custom or usage or with any contract made when the tenancy commenced, and to the money value of such conditions at the time of making such calculation, and shall follow the procedure prescribed in section 102:

Provided that the amount payable in commutation shall be so fixed that the total annual rent of the land, including such amount as aforesaid, shall not exceed the rent which would be fair and reasonable if the land were not held subject to any prædial conditions.

Power to order record of prædial conditions, with or without commutation.

105. (*1*) The Local Government may, in any case in which it is, in its opinion, expedient so to do, make an order directing either— [1897, s. 5.]

(*a*) that a record of all prædial conditions to which the lands within any local area or any estate, tenure or part thereof are subject shall be prepared, and a commutation of such conditions made, by a Revenue-officer; or

(*b*) that a record as aforesaid be made by a Revenue-officer without commutation of such conditions as aforesaid.

(*2*) A notification in the Calcutta Gazette of an order under this section shall be conclusive evidence that the order has been duly made.

(*3*) The record of prædial conditions shall be prepared in the prescribed manner.

Preparation of record.

106. (*1*) Whenever an order is made under section 105, the Revenue-officer shall thereupon proceed to prepare a record containing the following particulars, namely:— [1897, s. 5.

(*a*) the name of each tenant;

(*b*) the name of his landlord;

(*c*) the rent payable for the lands held by each tenant at the time the record is being prepared;

(*d*) the prædial conditions to which all or any of such lands are subject;

(*e*) the amount which, in the judgment of the Revenue-officer, may fairly be deemed payable in commutation of such conditions, and

(*f*) such other particulars as the Board may direct.

The Chota Nagpur Tenancy and Settlement Bill, 1908.

(Chapter XIII.—Prædial Conditions, and the Commutation and Record thereof.—Clauses 107—110.)

Publication of record.

107. (*1*) When the Revenue-officer has prepared a record under section 106, he shall cause a draft of the same to be locally published in the prescribed manner and for the prescribed period, and shall receive and consider any objections which may be made to any entry therein or to any omission therefrom during the period of publication. [1897, s. 7.]

(*2*) When objections have been considered and disposed of in the prescribed manner, the record shall be finally framed and published in the prescribed manner.

(*3*) Separate drafts or records may be published under sub-section (*1*) or sub-section (*2*) for different local areas, estates, tenures or parts thereof.

Appeal from orders of Revenue-officers.

108. (*1*) An appeal from any order of a Revenue-officer under this Chapter shall lie to the Deputy Commissioner, or to such officer as the Local Government may appoint in this behalf. [1897, s. 8.]

(*2*) When an appeal has been disposed of under sub-section (*1*), a further appeal shall lie to the Commissioner.

(*3*) The provisions of the Code of Civil Procedure relating to appeals shall, as nearly as may be, apply to all appeals under sub-section (*1*) or sub-section (*2*). XIV of 1882.

(*4*) If the Commissioner does not concur with the lower appellate authority, an appeal shall lie to the Board from the order of the Commissioner.

(*5*) Every appeal under sub-section (*1*) must be presented within three months, and every appeal under sub-section (*2*) or sub-section (*4*) must be presented within one month, from the date of the order appealed against.

Revision by Commissioner or Board.

109. The Commissioner or the Board may direct the revision of any record prepared under this Chapter, or any portion of such record, at any time within two years from the date of the final publication of the record, but not so as to affect any decision from which an appeal has been preferred under section 108: [1897, s. 9.]

Provided that no such direction shall be made until reasonable notice has been given to the parties concerned to appear and be heard in the matter.

Procedure where a survey and record-of-rights are being made.

110. In every local area, estate, tenure or part thereof, in which a survey is being made and a record-of-rights is being prepared under this Act or under any law in force before the commencement of this Act, [1897, s. 9A.]

and in which a record of prædial conditions is being prepared and a commutation thereof is being made under an order issued under section 105,

the following provisions shall have effect, instead of those contained in sections 106 to 109, namely:—

(*1*) The Revenue-officer shall, at the time of attesting the preliminary record, ascertain all the prædial conditions to which, by established custom or usage or by contract made when the tenancy commenced, each tenant is liable, and the cash values of such conditions; and shall prepare a statement, in such form as the Board may direct, showing the conditions and values so ascertained.

(*2*) In calculating the cash value of such conditions, the Revenue-officer shall be guided by the provisions of section 104, sub-section (*3*).

The Chota Nagpur Tenancy and Settlement Bill, 1908.

(Chapter XII.—Prædial Conditions, and the Commutation and Record thereof.—Clauses 111—113.)

(3) The Revenue-officer shall enter in the *khatiyán* of each tenant the cash value of the prædial conditions (if any) to which such tenant is liable, as ascertained under clause (1).

(4) If any tenant is liable, by established custom or usage or by contract made when the tenancy commenced, to any prædial conditions other than those to which the general body of tenants are liable, or is not liable to all the prædial conditions to which the general body of tenants are liable, the Revenue-officer shall also specify in the *khatiyán* the prædial conditions to which such tenant is liable.

(5) The statement prepared under clause (1), and the entries in the *khatiyán*, shall be published in draft in the same manner and for the same period as the record-of-rights.

(6) Objections as to entries or omissions in the statement or *khatiyán* relating to prædial conditions may be made under the same conditions as objections to entries in or omissions from the record-of-rights, and shall be disposed of in the same manner as such objections.

(7) After the disposal of objections, the said statement, and the entries in the *khatiyan* relating to prædial conditions, shall be finally published at the same time and in the same manner as the record-of-rights.

(8) At any time within three months from the date of the certificate of the final publication of the record-of-rights, a suit may be instituted before a Revenue-officer, for the decision of any dispute regarding any entry in the record relating to prædial conditions or regarding any omission to enter any such conditions in the record; and the Revenue-officer shall hear and decide the dispute.

(9) In all such suits the Revenue-officer shall, subject to any rules made in this behalf under section 256, adopt the procedure laid down in Chapter XVI for the trial of suits.

(10) An appeal shall lie to the Commissioner from any decision of a Revenue-officer under clause (8), if presented within three months from the date of the decision.

Note of decisions in record-of-rights.

111. A note of every decision made by the Revenue-officer under clause (8) of section 110, or by the Commissioner under clause (10) of that section, shall be made in the record-of-rights as finally published under section 82, and such note shall be considered as part of the record.

Decision of question as to whether a payment in kind is a prædial condition or a payment of rent in kind.

112. Where, in any proceeding under this Chapter or under section 35, a question arises as to whether a payment in kind is a prædial condition or a payment of rent in kind, the Revenue-officer acting under this Chapter, or the officer acting under section 35, as the case may be, shall, after such inquiry as he may consider necessary, decide whether in fact the payment is a prædial condition or not.

Commencement and effect of commutation.

113. (1) When the commutation of any prædial conditions is settled under this Chapter, for any local area or estate, tenure or part thereof, the settlement shall take effect from the beginning of the agricultural year next after the final publication of the record. [1897, s. 10.

The Chota Nagpur Tenancy and Settlement Bill, 1908.

(Chapter XIII.—Prædial Conditions, and the Commutation and Record thereof.—Chapter XIV.—Record of Landlords' Privileged Lands.—Clauses 114—117.]

(3) The amount determined by a Revenue-officer under this Chapter to be payable by a tenant in commutation of prædial conditions shall be deemed to be part of the rent payable by the tenant, and shall be recoverable accordingly.

Expenses of voluntary commutation.

114. (1) The Revenue-officer may require any person applying for commutation under section 104 to deposit in advance the whole or any part of the estimated amount of the expenses to be incurred thereunder. [1897, s. 11.]

(2) When in any case the proceedings under section 104 have been completed, the Revenue-officer shall apportion the total expenses thereof between the landlord and tenant in such proportion as, having regard to all the circumstances, he may deem fit; and the amounts so apportioned shall be recoverable as an arrear of land-revenue.

(3) If the amount deposited by any person in pursuance of sub-section (1) exceeds the sum apportioned to him under sub-section (2), the excess shall, when the proceedings have been completed, be refunded to him.

Expenses of record and compulsory commutation.

115. (1) The expenses incurred by the Government in carrying out in any local area or any estate, tenure or part thereof any order made under section 105, or such part of those expenses as the Local Government may direct, shall be defrayed by the landlords and tenants of land in that local area, estate, tenure or part, in such proportions as the Local Government, having regard to all the circumstances, may determine. [1897, s. 12.]

(2) The portion of the aforesaid expenses which any person is liable to pay shall be recoverable by the Government as if it were an arrear of land-revenue due in respect of the said local area, estate, tenure or part.

Explanation.—The word "tenure" in this section includes all revenue-free and rent-free tenures and holdings within a local area, estate or tenure.

Saving of right to claim reduction or enhancement of rent.

116. No proceedings under this Chapter shall bar the right of any tenant or landlord to claim a reduction or enhancement of rent under this Act after such proceedings have been completed. [1897, s. 12A.]

CHAPTER XIV.

RECORD OF LANDLORDS' PRIVILEGED LANDS.

117. (1) The expression "landlords' privileged lands," as used in this Chapter, means— [1879, s. 6, para 1. 1885, ss. 116, 120 (1) (a).]

(a) lands—

(i) which are cultivated by the proprietor himself with his own stock or by his own servants or by hired labour, or are held by a tenant under a lease for a term of years or from year to year, and which were, by custom, recognised, before the first day of January, 1905, as privileged land in which occupancy-rights could not accrue, and

(ii) which are entered in a record prepared by a Revenue-officer under this Chapter after he has satisfied himself that they rightly fall under sub-clause (i) of this section, and

(b) lands which are entered as manjhihas or bethkheta in any register prepared and confirmed under the Chota Nagpur Tenures Act, 1869. Ben. Act I of 1869.

(2) From such date as the Local Government may, by notification, direct, no lease shall be considered for the purposes of sub-clause (i) of this section unless it be in writing.

Jurisdiction where land is situated in more than one district or sub-division.

133. (*1*) When any suit is instituted or application made in respect of any land comprised in a tenure or holding, and such land is situated in more than one district or sub-division, the district or sub-division in which the greater part of such land is situated shall be deemed to be the district or sub-division in which the cause of action has arisen; [1879, s. 147.]

and, if any question be raised respecting the district or sub-division in which the greater part of the land is situated, the Board or (if the land is situated in one district) the Deputy Commissioner shall decide the question.

(*2*) Except as provided in sub-section (*1*), no Deputy Commissioner shall exercise any jurisdiction under this Act in respect of any land situated beyond the local limits of his jurisdiction, even if such land forms part of an estate the revenue of which is paid into the treasury of his district. 134. The following suits and applications shall be cognizable by the Deputy Commissioner, and shall be instituted and tried or heard under the provisions of this Act, and shall not be cognizable in any other Court, except as otherwise provided in this Act, namely:— [1879, s. 37.]

Collective suits or applications.

136. Subject to such rules (if any) as may be made in this behalf under section 256, any number of tenants holding land in the same village may sue or apply or be sued or complained against collectively, in any suit or proceeding before the Deputy Commissioner under this Act, and an allegation that such tenants are wrongly joined shall be no ground for dismissing a suit or refusing to hear an application; [1879, s. 39.]

(Chapter XVI.—Judicial Procedure in matters cognizable by the Deputy Commissioner—Clauses 137—140.)

but no order shall be passed in any such collective suit or application unless the officer making the same is satisfied that all parties have had an opportunity to appear and make objection to any claims preferred against them;

and if at any time it appears to the Deputy Commissioner that the question between any two of the parties of whom one is so joined with others cannot conveniently be jointly tried or heard, the Deputy Commissioner may order a separate trial or hearing.

137. Every order or decree passed in any case which is tried or heard jointly under section 136 shall specify the extent to which each of the tenants named in the order or decree shall be affected thereby. [1879, s. 40.]

(*b*) a specification of the extent and boundaries of such land, or (if the plaintiff is unable to specify the extent or boundaries) a description sufficient for the identification of the land.

Provided that, in all cases in which the Deputy Commissioner admits a statement of claim or application which does not contain the said particulars, he may direct the supply, without payment of fee, of a verified or certified copy of, or extract from, the record-of-rights relating to the tenancy and the question in dispute in the suit or application.

(*3*) Where, since the record-of-rights was prepared and finally published, an alteration has been made in the area of the tenancy, the statement required by clause (*ii*) of sub-section (*2*) must also show the rental of the original tenancy according to the record-of-rights, and the statement of claim must further show how the amount of the rent claimed in the suit has been calculated. [1885, s. 148 (*b* 2) & Notfn.]

144. (*1*) If the plaintiff relies in support of his claim on any document in his possession, he must deliver such document to the Deputy Commissioner at the time of presenting his statement of claim. [1879, s. 51.]

(*2*) Unless such document be delivered or its non-delivery be excused by the Deputy Commissioner, or unless the Deputy Commissioner sees fit to extend the time for delivering the same, it shall not afterwards be admitted.

Production of documents by defendant.

145. If the plaintiff requires the production of any document in the possession or power of the defendant, he may, at the time of presenting his statement of claim, deliver a description of the document to the Deputy Commissioner, in order that the defendant may be directed to produce the document. [1879, s. 52.]

150. (*1*) If, in any suit against a tenant for the recovery of an arrear of rent, or against an agent for the recovery of any money, papers or accounts, the plaintiff desires a warrant of arrest to be issued against the defendant, such defendant being resident within the district in which the suit is instituted, he shall present with his statement of claim an application for the issue of such warrant. [1879, s. 57.]

(*2*) When such application is presented, the Deputy Commissioner shall examine the plaintiff or his agent, according to the law for the time being in force for the examination of witnesses, and shall inspect the documents adduced by him in support of his claim; and, if there be *primâ facie* grounds for believing the claim to be well founded, and that, if a summons be issued, the defendant will abscond instead of appearing to answer the claim, the Deputy Commissioner may issue a warrant, in the prescribed form, for the arrest of the defendant:

Provided that no such warrant shall be issued in a suit for arrears of rent due in respect of a tenure or holding which is liable to sale in execution of any decree which may be passed in the case.

[1879, s. 57.]

[1879, s. 64.]

158. If the defendant appears on any subsequent day to which the hearing of the suit may be postponed under section 157, the Deputy Commissioner may, upon such conditions (if any) as to costs or otherwise as he may think proper, allow the defendant to be heard in answer to the suit as if he had appeared on the day fixed for his attendance. [1879, s. 65.]

163. Any party to a suit before the Deputy Commissioner under this Act may employ an agent to conduct the case on his behalf; but the appointment of an agent shall not excuse the personal attendance of the plaintiff or defendant in cases where his personal attendance is required by the summons or by any order of the Deputy Commissioner. Execution of decree or order for cancelment of lease, or for ejectment or re-instatement of tenant not being an actual cultivator.

193. If the decree or order is for the cancelment of any lease, or the ejectment of any tenant (not being an actual cultivator), or for the re-instatement of any tenant (not being an actual cultivator) in the possession of a tenancy from which he has been ejected, the decree or order shall be executed— [1879, s. 95.]

(*a*) by proclaiming its substance to the cultivators or other occupants of the tenancy by beat of drum, or

(*b*) by notification reciting the substance of the decree or order and affixed in some conspicuous place within, or adjacent to, the tenancy, or

(*c*) in such other manner as may be prescribed by rule made in this behalf under section 256.

Execution against judgment-debtor's surety.

194. If the judgment-debtor has given security for his appearance, and is not present when judgment is pronounced, and if his surety fails to deliver him into custody when required so to do, a warrant of execution may be issued against the surety, for the sum due under the bond, in the same manner as if a decree for that sum had been passed against the surety. [1879, s. 97.]

Execution of decree for rent given in favour of sharer in undivided estate or tenure.

195. If a decree is given by the Deputy Commissioner under this Act in favour of a sharer in a joint undivided estate or tenure for money due to him on account of his share of the rent of any tenure comprised in such undivided estate or tenure, [1879, s. 27.]

application for the sale of such tenure shall not be received unless execution has first been taken out against any moveable property which the judgment-debtor may possess within the district in which the suit was instituted, and unless the sale of such property (if any) has proved insufficient to satisfy the decree;

and such tenure may then, with the previous sanction of the Commissioner, but not otherwise, be sold, in execution of the decree, in the manner in which any other immoveable property may be sold in execution of a decree for money under the provisions of sections 196 and 209.

Execution against immoveable property in certain cases, if judgment not satisfied.

196. In the execution of any decree or order by the Deputy Commissioner under this Act for the payment of money, not being money due or recoverable as an arrear of rent, [1879, s. 128.]

if satisfaction of the decree or order cannot be obtained by execution against the person or moveable property of the debtor within the district in which the suit was instituted,

the judgment-creditor may apply for execution against any immoveable property belonging to such debtor;

and such immoveable property may, with the sanction of the Commissioner, but not otherwise, be brought to sale in the manner provided in section 209.

The Chota Nagpur Tenancy and Settlement Bill, 1908.

(Chapter XVI.—Judicial Procedure in matters cognisable by the Deputy Commissioner—Clauses 197—203.)

Sales in Execution of Decrees of the Deputy Commissioner.

Notification of intended sale of moveable property, and custody of property.

197. (*1*) For the purpose of executing a warrant of execution issued by the Deputy Commissioner under this Chapter against the moveable property of a judgment-debtor, the officer charged with the execution of the warrant shall prepare a list of the property pointed out by the judgment-creditor; and shall publish a proclamation specifying the day upon which the sale is intended to be held, and a copy of the said list, at the intended place of sale and at the residence of the debtor. [1879, s. 111.]

(*2*) A copy of the said list and proclamation shall be transmitted to the Deputy Commissioner, and shall be affixed in his office.

(*3*) Until the day of sale, the said property shall remain in the custody of the officer executing the warrant.

Interval between seizure and sale.

198. No sale of any moveable property seized in execution under this Chapter shall be made until the expiration of a period of ten days after the day on which the property was so seized. [1879, s. 117.]

Place and manner of sale.

199. (*1*) Such sale shall be held at the place where the property is deposited, or at the nearest market or other place of public resort if the officer executing the warrant thinks it is likely to sell there to better advantage. [1879, s. 112.]

(*2*) The property shall be sold by public auction, in one or more lots as the officer executing the warrant may think advisable; and if the judgment-debt, and the costs of the execution and sale, are realised by the sale of a portion of the property, the execution shall immediately be withdrawn with respect to the remainder.

Prohibition of purchase by officers.

200. Officers executing warrants for the sale of property under this Chapter, and all persons employed by, or subordinate to, such officers, are prohibited from purchasing, either directly or indirectly, any property sold by such officers. [1879, s. 116.]

Postponement of sale if fair price be not offered.

201. If, on the property being put up for sale, no price which the officer executing the warrant considers fair is offered for it, and the owner of the property, or some person authorized to act on his behalf, applies to have the sale postponed until the next day, or the next market day if a market be held at the place of sale, the sale shall be postponed until such day, and shall then be completed at whatever price may be offered for the property. [1879, s. 113.]

Payment of purchase money.

202. (*1*) The price of every lot shall be paid in ready money at the time of sale, or as soon thereafter as the officer executing the warrant may think necessary; and, in default of such payment, the property shall again be put up and sold. [1879, s. 114.]

(*2*) When the purchase-money has been paid in full, the officer executing the warrant shall give the purchaser a certificate describing the property purchased by him and stating the price paid.

Application of proceeds of sale.

203. (*1*) From the proceeds of the sale, the officer executing the warrant shall make a deduction, at the rate of one anna in the rupee, on account of the costs of the sale, and shall transmit the amount to the Deputy Commissioner in order that it may be credited to the Government. [1879, s. 115.]

(*2*) The said officer shall then pay to the judgment-creditor the expenses incurred by the judgment-creditor in securing the execution of the decree, to such amount as, after examination of the statement of expenses furnished by the judgment-creditor, he thinks proper to allow.

(*3*) The remainder shall be applied to the discharge of the debt for which the sale was made, with interest thereon up to the day of sale; and, if there be any surplus, it shall be delivered to the person whose property has been sold.

The Chota Nagpur Tenancy and Settlement Bill, 1908.

(*Chapter XVI.—Judicial Procedure in matters cognizable by the Deputy Commissioner—Clauses 204—207.*)

Procedure where third party claims interest in property seized.

204. (*1*) If, before the day fixed for the sale, a third party appears before the Deputy Commissioner and claims a right or interest in any of the moveable property seized in execution, the Deputy Commissioner shall examine such party or his agent according to the law for the time being in force relating to the examination of witnesses; and, if he sees sufficient reason for so doing, may stay the sale of such property. [1879, s. 118.]

(*2*) The Deputy Commissioner shall, after taking evidence, adjudicate upon such claim, and shall make such order thereupon as he thinks fit. [1879, s. 119.]

(*3*) If the claimant fails to establish his right to the property seized in execution, the Deputy Commissioner may, by his order under sub-section (*2*), award to the judgment-creditor against the claimant, in addition to the costs of the proceedings, such sum as the Deputy Commissioner may consider sufficient to cover any loss of interest or any other damage which the judgment-creditor has sustained by reason of the postponement of the sale. [1879, s. 120.]

(*4*) The party against whom any order is passed by the Deputy Commissioner under this section may, at any time within one year from the date of the order, bring a suit in the Civil Court to establish his right: [1879, s. 121.]

Provided that, if the order be for the sale of the property, the suit shall not be for the recovery of the property, but for damages against the judgment-creditor by whom the property was brought to sale.

Irregularities not to vitiate sale.

205. No irregularity in publishing or conducting a sale of moveable property under a warrant of execution issued under this Chapter shall vitiate such sale; but nothing contained in this section shall bar any person who sustains damage by reason of any such irregularity from recovering damages by suit in the Civil Court, if instituted within one year from the date of the sale. [1879, s. 122.]

Sale of tenure or holding in execution of decree for arrears of rent.

206. (*1*) When a decree passed by the Deputy Commissioner under this Act is for an arrear of rent due in respect of a tenure or holding, the decree-holder may apply for the sale of such tenure or holding, and the tenure or holding may thereupon be brought to sale, in execution of the decree, according to the provisions for the sale of under-tenures contained in the Bengal Rent Recovery (Under-tenures) Act, 1865; and all the provisions of that Act except sections 13 and 14 shall, as far as may be, apply: [1879, s. 123, paras. 1 to 4.] Ben. Act VIII of 1865.

Provided that the Commissioner may, by order, in any case in which he may consider it desirable so to do,—

(*a*) prohibit the sale of any tenure or portion thereof, or

(*b*) stay any such sale for any period specified in the order:

Provided also that any sale of a resumable tenure under this section shall not affect the right of the grantor or his successor in title to resume such tenure, but shall be made subject to such right.

(*2*) When a warrant of execution has been issued under this Chapter against the person or moveable property of the judgment-debtor, no application shall be received under sub-section (*1*) while such warrant remains in force.

Sale of other property in execution of decree for arrears of rent of tenure or holding.

207. (*1*) If, after the sale of a tenure or holding in pursuance of section 206, any portion of the amount decreed remains due, process may be applied for against any other property, moveable or immoveable, belonging to the judgment-debtor. [1879, s. 123, para. 5.]

The Chota Nagpur Tenancy and Settlement Bill, 1908.

(Chapter XVI.—Judicial Procedure in matters cognizable by the Deputy Commissioner—Clauses 208, 209.)

(2) Notwithstanding anything contained in sub-section (1), a decree-holder may, with the permission of the Deputy Commissioner, granted for reasons to be recorded in writing, proceed against any other property, moveable or immoveable, of the judgment-debtor, without first making application for the sale of the tenure or holding in respect of which the arrear has accrued.

(3) Property referred to in sub-sections (1) and (2) may be brought to sale— [1879, s. 123, para. 5.]

(a) if moveable, in the manner provided in sections 197 to 203, and

(b) if immoveable, in the manner provided in section 209.

Procedure where third party claims to be in lawful possession of tenure or holding.

208. (1) If, before the day fixed for the sale of any tenure or holding under this Chapter, a third party appears before the Deputy Commissioner and alleges that such third party, and not the person against whom the decree has been obtained, is the holder of such tenure or holding and was in lawful possession of the same at the time when the decree was obtained, [1879, s. 125.]

the Deputy Commissioner shall examine such party according to the law for the time being in force relating to the examination of witnesses; and if he sees sufficient reason for so doing, and if such party deposits in Court or gives security for the amount of the decree, the Deputy Commissioner shall stay the sale, and shall, after taking evidence, adjudicate upon the claim:

Provided that no such adjudication shall be made if the Deputy Commissioner considers that the claim was designedly or unnecessarily delayed:

Provided also that no transfer of a tenure shall be recognised unless it has been registered in the office of the landlord or sufficient cause for non-registration is shown to the satisfaction of the Deputy Commissioner.

(2) The party against whom judgment is given by the Deputy Commissioner under sub-section (1) may, at any time within one year from the date of the judgment, bring a suit in the Civil Court to establish his right. [1879, s. 126.]

Execution against buildings, undertenures and estates.

209. (1) If the immoveable property against which execution is applied for under this Chapter is a building, process shall be issued in the same manner as for the seizure and sale of moveable property; and the provisions of sections 197 to 203 shall, so far as may be practicable, be applicable to the execution of such process. [1879, s. 129.]

(2) If the property is a saleable tenure, it shall be sold under the provisions of the law for the time being in force in Bengal applicable to the sale of such tenures for demands other than those for arrears of rent due in respect thereof.

(3) If the property is an estate or a share of an estate, it shall be sold under the provisions of the law for the time being in force in Bengal applicable to the sale of estates for the recovery of demands recoverable by the same process as arrears of land-revenue.

(4) If, before the day fixed for the sale of any immoveable property referred to in this section, objection is offered to the sale on the ground of such property not belonging to the judgment-debtor, the Deputy Commissioner shall examine the party making the objection, according to the law for the time being in force relating to the examination of witnesses; and, if satisfied that there is sufficient ground for so doing, shall stay the sale, and shall, after taking evidence, adjudicate upon the objection. [1879, s. 130.]

(5) The party against whom judgment is given by the Deputy Commissioner under sub-section (4) may, at any time within one year from the date of the judgment, bring a suit in the Civil Court to establish his right.

(*a*) for payment to the purchaser—a sum equal to five *per centum* of the purchase-money, and

(*b*) for payment to the decree-holder—the amount specified in the proclamation of sale as that for the recovery of which the sale was ordered, less any amount which may, since the date of such proclamation and sale, have been received by the decree-holder:

Provided that, if a person applies under section 211 to set aside the sale of his immoveable property, he shall not be entitled to make an application under this section. [Act XIV of 1882, s. 310A. prov.]

(*2*) If the said deposits are made within the said period, the Court shall pass an order setting aside the sale, and the provisions of section 315 of the Code of Civil Procedure shall apply in the case of a sale so set aside. [1879, s. 130A (*2*).] XIV of 1882.

211. (*1*) When any immoveable property has been sold under this Chapter in execution of a decree, the decree-holder or the person who owned such property immediately before the sale may apply to the Deputy Commissioner to set aside the sale on the ground of a material irregularity in publishing or conducting it; but no sale shall be set aside on the ground of irregularity unless the applicant proves to the satisfaction of the Deputy Commissioner that he has sustained substantial injury by reason of such irregularity. [Act XIV of 1882, s. 311.]

(*2*) If such application be made, and if the objection be allowed, the Deputy Commissioner shall pass an order setting aside the sale. [Act XIV of 1882, s. 312, para. 2.]

Grounds on which suit to set aside sale may be instituted.

212. No suit shall be entertained in any Court to set aside, or to modify the effect of, any sale made under this Chapter, save under section 210 or section 211 or on the ground of fraud or want of jurisdiction.

Provided that the transfer shall be made by registered deed, and that, before the deed is registered and the land transferred, the written consent of the Deputy Commissioner shall be obtained to the terms of the deed and to the transfer.

(*2*) Before consenting to any such transfer the Deputy Commissioner shall satisfy himself that the landlord is adequately compensated for the transfer, and, where only part of the land comprised in the tenancy is transferred, may, if he thinks fit, apportion between the transferee and the original tenant all dues payable for the tenancy.

(*3*) An appeal against any order of a Deputy Commissioner consenting or refusing to consent to any such transfer shall lie to the Commissioner, if presented within one month from the date of the order.

240. (*1*) When an arrear of rent accrues in respect of a Mundari khunt-kattidari tenancy for which a record-of-rights has been prepared under this Act or under any law in force before the commencement of this Act, [1879, s. 155.]

no suit shall be maintainable in any Court for the recovery of the arrear; but the landlord may apply in writing to the Deputy Commissioner to make a certificate authorising the recovery thereof, with simple interest at six-and-a-quarter or (in the case of money recoverable under the Cess Act, 1880,) twelve-and-a-half *per centum per annum*, under the Public Demands Recovery Act, 1895. (*3*) The person in whose favour any such certificate is made shall be deemed to be the decree-holder for the amount mentioned in the certificate, and the person against whom the certificate is made shall be deemed to be the judgment-debtor for the said amount; and all proceedings taken by the Certificate Officer for the recovery of such amount shall be taken at the instance of the first-mentioned person, and at his cost and on his responsibility, and not otherwise.

(*4*) Every such certificate shall have the same effect as a certificate made under section 7 of the said Public Demands Recovery Act, 1895; and the following portions of that Act shall be applicable, namely, the proviso to section 7, sub-section (*1*); section 9, sub-sections (*2*) and (*3*); section 10, sub-section (*1*); and sections 11 to 14, 18, 19, 22 and 24 to 33: Ben. Act I of 1895.

Provided as follows:—

(*a*) a certificate made under this section may be enforced only by the attachment and sale of the moveable property of the person against whom the certificate is made, or by the attachment and realisation of rent or other debts due to him, or by execution against his person in the manner provided by Chapter XVI, or by any two or more of these processes; and

(*b*) no objection by any third person to the attachment or sale of crops shall be entertained, except—

(*i*) an objection, by a mortgagee holding under a bhugut bandha mortgage, that the judgment-debtor has other moveable property or assets from which the sum due can be realised; or

(*ii*) an objection, by a lessee holding under a mukarrari lease as described in section 236, clause (*a*), that the land in respect of which the arrear accrued is included in his lease, and that the judgment-debtor has other moveable property or assets from which the sum due can be realised; or

(*iii*) an objection, by a cultivator, that he is in possession of the land in respect of which the arrear accrued, that the land is recorded in the record-of-rights as being in the possession of himself or of some person from whom he has lawfully acquired such possession, and that the judgment-debtor has other moveable property or assets from which the sum due can be realised; or

(*iv*) an objection, by such third person, that the land on which such crops were or are standing is entered in the record-of-rights as being in the possession of himself or of some person from whom he has lawfully acquired possession, and that such land does not form part of the tenancy in respect of which the certificate was made.

(7) Notwithstanding anything hereinbefore contained, the Deputy Commissioner may, in any case, by written order setting forth the reasons therefor, refuse to make a certificate as aforesaid, or stay for any specified period the execution of any certificate which has been made.

(2) A decree or order made in any such suit may be enforced only by the attachment and sale of the moveable property of the defendant, or by the attachment and realisation of rent or other debts due to him, or by execution against his person in the manner provided by Chapter XVI, or by any two or more of these processes.

the objection shall not be entertained if it be shown that other khunt-kattidars could not be made parties without undue delay or expense.

Recovery of money due to the Government.

244. Where a decree, or a certificate under the Public Demands Recovery Act, 1895, has been made against a Mundari khunt-kattidar for any money due to the Government, the Deputy Commissioner may attach the land occupied by him and make such arrangements as the Deputy Commissioner may consider suitable for liquidating the debt. STATEMENT OF OBJECTS AND REASONS.

THE objects of this Bill are—

(1) to consolidate, simplify and re-arrange the greater part of the statute law relating to landlord and tenant in Chota Nagpur;
(2) to secure raiyats in Chota Nagpur in the enjoyment of their existing rights, both statutory and customary, to ameliorate their condition, and to ensure in cases of necessity their protection against oppressive landlords;
(3) to safeguard the interests of landlords in their khas privileged lands, and their interests in certain other directions, and to protect them against fraudulent complaints made by raiyats, and
(4) to remove, as far as possible, ambiguities, defects and anomalies which are known to exist in the present law.

2. The existing statute law relating to landlord and tenant in Chota Nagpur (except the district of Manbhum) is to be found mainly in the following Acts of the Bengal Council:—

Bengal Act I of 1879,	Bengal Act V of 1903, and
Bengal Act IV of 1897,	Bengal Act V of 1905,

and in certain provisions of Act VIII of 1885 (the Bengal Tenancy Act, 1885) which were extended to Chota Nagpur (except the district of Manbhum) by Notification No. 1379L.R., dated the 5th March 1908, *viz.*, sections 3(*1*), (*2*), (*15*), (*17*), 101(*1*), (*3*), (*4*), 102, 102A, 103A, 103B, 104G(*2*), 108A, 109B(*1*), (*3*), 111, 111A, 114, 148 (*b*), (*b1*), (*b2*), 189(*1*), (*2*), 190 and 195 (*a*), (*f*).

3. In 1906 certain proposals to amend Bengal Act I of 1879 were made, and an amending Bill was drafted, circulated for consideration, and introduced in the Bengal Council, and was referred to a Select Committee of the Council in February, 1907. The opportunity has now been taken of incorporating the clauses of that Bill (subject to certain modifications and additions) with the sections of the Acts at present in force, and of re-arranging the law relating to landlord and tenant in the manner adopted in the Bengal Tenancy Act, 1885. It is hoped that the new arrangement of the sections and the division of the Act into Chapters dealing with separate subjects will render the law more readily intelligible and easy of reference.

4. The important principles of the Bill in regard to its second object, namely, the improvement of the position of raiyats in Chota Nagpur, are the following:—

(*1*) The principle of the settled raiyat, which has been accepted in the rest of Bengal since 1885, is recognized in Chota Nagpur (clause 15). No objections of any kind have been made to this proposal, and no reason exists why raiyats in Chota Nagpur should be placed in a less advantageous position in this respect than raiyats in the rest of Bengal. At the same time, where by custom or usage raiyats in Chota Nagpur have rights superior to those conferred by the Bengal Tenancy Act, 1885, these have been safeguarded.

(*2*) All enhancements of rents of occupancy-raiyats by private contract in future have been distinctly prohibited [clause 25(*2*)]. Section 21 of Bengal Act I of 1879 provides for this to some extent already, but opinions have not been unanimous as to the proper interpretation of that section, and moreover, in practice, private enhancements have been frequent, and in many cases excessive, and hence the question has been dealt with fully in the present Bill (clauses 25 to 28). The Bill (clause 24) legalises existing enhancements where the enhanced rents have been paid continuously for a period of seven years; and for enhancements in future provides that rents shall only be enhanced, in areas where a record-of-rights has not been prepared, by order of the Deputy Commissioner, and, in areas where a record-of rights has been published, by periodical revisions of that record by Settlement-officers. A record-of-rights is being prepared for the whole Division, and it is therefore hoped that, in the course of a few years, rents of occupancy-raiyats will only be liable to enhancement at periodical revisions of Settlement all over the Division. In preparing records-of-rights after the commencement of this Bill, Settlement-officers have also been given the power of settling fair rents (clause 84), and, when once fair rents have been settled and a record prepared, no revision of the same is allowed for a period of fifteen years (clause 93).

(*3*) The term "enhancement" has been distinguished from an increase of rent on account of increase of area (clause 29). An increase of rent on the ground of an increase in the area of a tenancy is allowed at any time if sanctioned by the Deputy Commissioner on an application made to him, or by a Revenue-officer engaged in preparing a record-of-rights; and, in addition to this, landlords are allowed, under the Bill, to settle separate new lands with any raiyat by private contract (clauses 30 to 32). Provision has also been made for the payment of increased rent where uplands are converted into rice lands, without the intervention of any Government officer [clause 32(*b*)].

(*4*) There exists in the present law no provision for the commutation of rents in kind into money-rents. This has been provided for in the Bill (clause 35), on the lines of the Bengal Tenancy Act, 1885.

(*5*) All raiyats have been protected from ejectment from their holdings, except in execution of a decree or of an order of a competent Court (clause 70). The provisions of the Bengal Tenancy Act regarding abandonment have also been inserted in the Bill (clause 73).

(*6*) The position of non-occupancy raiyats has been very much ameliorated by the present Bill, and such raiyats have been given very much the same rights as non-occupancy raiyats in the rest of Bengal (Chapter VI). No objections to this proposal have been made at the various discussions of the Bill.

(*7*) The customary rights of the raiyats in regard to the conversion of jungle and waste lands into rice lands have been clearly and specifically recognized (clauses 64 to 69).

(*8*) Lastly, provision has been made that the Local Government may, in any particular area in which such a course is found necessary, cause to be prepared a record-of-rights of village headmen and other classes of tenants, which record shall be final and conclusive (clauses 123 to 127). Aboriginal cultivators have in certain areas been protected already to some extent by the Chota Nagpur Tenures Act, 1869, and by Bengal Acts V of 1903 and V of 1905; but similar protective measures are necessary in the case of other aboriginals in many parts of the Division, and it is to meet the cases of these men that the present proposals contained in clauses 123 to 127 of the Bill have been made. It is not proposed to extend the provisions of these clauses to any area where inquiry does not show that the preparation of such a record is advisable, but it is necessary that the Local Government should have power to protect these aboriginals in areas in which the necessity for such protection is proved to exist. In many parts of the Division aboriginal raiyats are entirely unable to meet the expense of civil litigation, and are also not sufficiently intelligent or educated to be able to secure their rights in their lands in the ordinary Civil Courts. The result of the Bhuinhari agitation was the Chota Nagpur Tenures Act, 1869, by which Act certain classes of aboriginal raiyats in Ranchi were partially protected. The result of repeated risings on the part of the Mundas was the special legislation of 1903 and 1905 to which reference has been made. The discontent that prevails among more law-abiding classes of aboriginals at the want of any protective measures securing them in the enjoyment of their rights is the more to be regretted in that it has given rise to a feeling that the best method of securing redress of any grievances is violent and unlawful political agitation. It is obviously undesirable that any such false impression should exist.

5. The interests of landlords have been equally considered in the Bill in many most important matters, as follows:—

(*1*) Provision has been made for the preparation of a record of all landlords' privileged lands, *i.e.*, lands in which, by custom, no occupancy-rights can accrue (clauses 117 to 122). In Bengal the only persons who can own lands of a similar character are proprietors of estates; but in Chota Nagpur the fact has been recognized that such privileged lands can be, and often are, held by tenure-holders. The register of such lands will be prepared by Deputy Commissioners, on application made, in areas in which a record-of-rights is not prepared after the commencement of the Bill, and by Settlement-officers during the course of ordinary settlement proceedings in areas where a record-of-rights is prepared after the commencement of the Bill.

(*2*) Settlement-officers preparing records-of-rights in future have also been given power to settle fair rents in all cases at any time before final publication of the record-of-rights (clause 84) and Revenue-officers are authorized, in areas in which a record-of-rights has been prepared before the Bill comes into force, to assess rents on lands recorded as assessable with rent, but on which no rent has actually been assessed [clause 93 (*1*) proviso]. Under the existing law no application for assessment of rents on such lands can be entertained, to the very great prejudice of landlords.

(*3*) Authority has also been given to Revenue Courts to grant compensation to landlords in cases in which false or vexatious allegations of non-delivery of rent receipts are made by raiyats (clause 55).

6. All amendments of any importance which it is proposed by the Bill to make in the existing law are mentioned in the subjoined notes on clauses.

NOTES ON CLAUSES.

Clauses 1 and 2.—The Bill is declared to extend, like the enactments and notifications which are entered in Schedule A for repeal, to the whole of the Chota Nagpur Division except the district of Manbhum. Power is taken to extend the whole or any portion of the Bill, when it becomes law, to the district of Manbhum or any part thereof; and it is declared that when such extension is made the enactments specified in Schedule B shall be deemed to be repealed. Manbhum has long been governed, in tenancy matters, by special enactments, most of which were repealed in the rest of the Chota Nagpur Division by Bengal Act I of 1879; and it is expected that in course of time it will

be possible to bring the Bill into force in that district, so that the whole Division may be subject to the same law.

Clause 3 (*vi*).—It is proposed to authorise the Local Government to empower any other officer to discharge the functions of the Commissioner or the Judicial Commissioner of Chota Nagpur in any particular area to which the Bill applies.

Clause 3 (*viii*).—The Deputy Commissioner has power, under the present law, to transfer his functions to any Deputy Collector. It is proposed to extend this provision by authorising him to transfer any of his functions to any Revenue-officer.

Clause 3 (*xi*) defines "korkar," that is, shortly, land reclaimed from waste or jungle for the preparation of rice. This term is used in the existing Act (Bengal Act I of 1879), but, owing to the want of a definition of it, very considerable difficulty has arisen in dealing with cases in which such land is in dispute.

Clause 3 (*xvi*).—This explanation of the words "pay," "payable" and "payment" is new. It is taken from the Bengal Tenancy Act, 1885, and is inserted with reference to the payment of rent in kind (*cf.* clause 35 of the Bill).

Clause 3 (*xvii*).—This definition of "permanent tenure" is new. It is taken from the Bengal Tenancy Act, 1885.

Clause 3 (*xviii*).—This definition of "praedial conditions" is taken from Bengal Act IV of 1897, with amendments designed to meet difficulties that have arisen in connection with the subject in commutation proceedings.

Clause 3 (*xxii*).—This definition of "rent" is taken, with very slight modifications, from the Bengal Tenancy Act, 1885. Provision has been made that the value of personal services, locally known as *begari*, shall not be included in "rent." In practice in most Courts, at present, the value or price of such services is not deemed to be a portion of the rent.

Clause 3 (*xxvii*).—This definition of the word "village" is based on section 3(*10*) of the Bengal Tenancy Act, 1885, but does not exactly follow it. Where a survey and record-of-rights have been prepared, the declaration in the record is adopted, subject to any modification made by a competent Court after final publication of the record. It is necessary, however, to have some definition for areas for which such a survey has not been made, and hence sub-clause (*b*) has been added. In most cases the area of a village is well known and will not be disputed. In cases where disputes arise, provision has been made for a determination of the question. It is not apprehended that sub-clause (*b*) will often be needed in practice.

Clause 4 is new. It merely describes the various classes of tenants dealt with in the Bill, and follows the Bengal Tenancy Act, 1885, section 4.

Clause 7 defines "raiyat having khunt-katti rights"; that is, a raiyat who is one of those who founded a village and originally cleared the jungle, or is a descendant in the male line of such a raiyat. The term "khunt-katti" is used in section 19 of the existing Act (Bengal Act I of 1879), but no definition of the expression is given in that Act.

Clause 9 reproduces section 18 of Bengal Act I of 1879, with the substitution of "tenure-holder" for "dependent talukdar or other person possessing a permanent transferable interest in land, intermediate between the proprietor of an estate and the raiyat." It is understood that the expression "tenure-holder", as defined in clause 5 of the Bill, includes all the persons referred to in the said section 18.

Clause 10 is based on section 19 of Bengal Act I of 1879, which provides for the enhancement of rents of bhuinhars whose tenures are less than 20 years old. No bhuinhars whose tenures are registered under the Chota Nagpur Tenures Act, 1869, are liable to enhancement under the existing law, since their tenures are all more than twenty years old. Their exemption from enhancement is definitely stated in clause 10. Tenants of a similar description whose lands are not so registered are protected by clause 37 of the Bill.

Clause 11(*1*) reproduces the first paragraph of section 34 of Bengal Act I of 1879, but the words "or otherwise" have been inserted so as to extend the paragraph to transfers of all kinds.

Clause 13 (*b*) is new. It protects a raiyat or any other cultivator in his rights when the tenure within which his land is comprised is resumed. The word "cultivator" has been used advisedly, in order to protect village headmen and others who might not technically be "raiyats" as defined in clause 6 of the Bill.

Clauses 14, 15, 16 and 17 are almost entirely new. They deal with the question of the settled raiyat and occupancy-rights. The provisions of sections 19, 20 and 21 of the Bengal Tenancy Act, 1885, have been followed, with some modifications, those of importance being as follow :—

(*a*) in clause 15 (*5*) and (*6*) three years have been substituted for one year, because raiyats in Chota Nagpur are in the habit of moving temporarily to the labour districts in Bengal and Assam for periods of more than a year, in search of labour;

(*b*) clause 16 gives to Bhuinhars and Mundari Khunt-kattidars the rights of settled raiyats. The reasons for this are obvious. If a raiyat, by cultivating lands for 12 years in a village, acquires any status of advantage in the village, the same privilege should *a fortiori* be accorded to any raiyat holding land in the village who is one of the family of the original reclaimers of the village ; and this is exactly the position of Bhuinhars and Mundari Khunt-kattidars.

The provision in section 6 of Bengal Act I of 1879 which bars the acquisition of occupancy-rights in lands locally known as mán or saika is not reproduced in the present clauses. Such lands are dealt with elsewhere. Where they are landlords' privileged lands, they are provided for in clause 44; and, where they are service lands, they will be covered by clause 77.

Clause 18 is new. It embodies section 22 of the Bengal Tenancy Act, 1885, with changes in sub-clause (*3*), and the addition thereto of a proviso to meet the case of certain village headmen and others who are really cultivators and, by custom, acquire occupancy-rights in their lands.

Clause 19 is new. It embodies section 23 of the Bengal Tenancy Act, 1885, with the addition of a reference to local custom or usage and with the omission of the reference to trees.

Clause 21 is new. It embodies section 25 of the Bengal Tenancy Act, 1885, with an amendment in sub-clause (*a*) corresponding with that made in clause 19.

Clause 22 is new. It embodies section 26 of the Bengal Tenancy Act, 1885.

Clause 23 embodies section 27 of the Bengal Tenancy Act, 1885. It is similar to paragraph 2 of section 8 of Bengal Act I of 1879, except that the words "in an inquiry under section 24" are not reproduced.

Clause 24 is new. It embodies the section 21 which was proposed in clause 13 of the Bill of July, 1907. The enhancement of rents of occupancy-raiyats by private contract, whether prohibited or not by section 21 of Bengal Act I of 1879, has been very common, and to refuse to recognise the validity of such enhancements when the same have been paid for many years would cause such a disturbance of the relations between landlord and tenant that the greatest dissatisfaction and ill-feeling would result. It is therefore proposed to validate such enhancements when the enhanced rents have been paid for a period of seven years continually, and when the rents are fair and equitable.

Clauses 25, 26 and 27 deal with the future enhancement of the rent of occupancy-raiyats. They reproduce sections 21 to 24 of Bengal Act I of 1879, with the following modifications—

(*a*) enhancement under the procedure provided by clause 27 of the Bill is limited [by clause 25(*a*)] to areas for which a record-of-rights has not been prepared ;

(*b*) it is declared [by clause 25(*b*)] that in areas for which a record-of-rights has been prepared enhancement may be made only by order of a Revenue-officer, passed under Chapter XII of the Bill;

(*c*) it is expressly declared [by clause 25(*2*)] that enhancements made otherwise than as now proposed shall not be recognised in any Court;

(*d*) the particulars to be entered in applications to the Deputy Commissioner for enhancement have been revised [clause 26], and

(*e*) it is declared that rent may be enhanced only on specific grounds; that no enhancement shall be ordered which is, under the circumstances of the case, unfair or inequitable; and that all enhancements shall be limited in the manner prescribed by rules made by the Local Government [clause 27(*1*), provisoes].

Clause 28 is new. It embodies section 30 of the Bengal Tenancy Act, 1885, and authorises the gradual enhancement of rent where an immediate enhancement might be inequitable.

Clause 29 is new. It deals with the distinction between (1) enhancements and (2) increases of rent on account of increased area. It will be noticed that a payment of increased rent for lands converted from waste or jungle into rice lands is not to be deemed an "enhancement." Such reclamations are common, and rent is payable for the converted lands in accordance with different customs in various villages; and it would be inequitable to refuse to allow private contracts, in accordance with local custom, for the increase of rent in the case of such reclamations On the other hand, the commutation of money-rents into rents in kind is a form of enhancement which is at times practised in the Chota Nagpur Division, and should be checked.

Clauses 30, 31 and 32 are new. They deal with increases of rents on account of increases in area. Such increases will only be effected by orders of the Deputy Commissioner or by orders of a Revenue-officer engaged in preparing a record-of-rights. Increases of rent on account of separate new lands settled with a tenant, or on account of the conversion of uplands into rice lands, are not affected (*see* clause 32).

Clause 33.—The particulars to be entered in applications to the Deputy Commissioner for reduction of rent have been revised.

Clause 34 reproduces section 28 of Bengal Act I of 1879, with the addition of a proviso, taken from section 38 of the Bengal Tenancy Act, 1885, specifying the grounds on which the rent of an occupancy raiyat may be reduced under an order of the Deputy Commissioner.

Clauses 34A, 34B, and 34C are new, and are introduced in order to systematise the procedure for securing a decrease of rent on the ground of a decrease in the area of the land held by an occupancy-raiyat. The clauses are based on sections 38 and 52 of the Bengal Tenancy Act, 1885, and follow clauses 29 to 31 of the Bill, relating to the increasing of rent in respect of excess area.

Clause 35 is new. It deals with the commutation of rents payable in kind into money-rents, and follows very closely the provisions of section 40 of the Bengal Tenancy Act, 1885, a sub-clause being added, at the end, to prohibit the assessment of any amount in excess of a fair and equitable rent.

Clause 36 is new. It embodies section 40A of the Bengal Tenancy Act, 1885, with the substitution of "increased" for "enhanced."

Clause 37.—The first paragraph is new. It declares that the provisions of the Bill relating to occupancy-raiyats shall apply to raiyats having khunt-katti rights.

The provisos reproduce so much of section 19 of Bengal Act I of 1879 as relates to raiyats having khunt-katti rights, but with the modification that the bar to the enhancement of their rent shall operate only where the tenancy was created more than twenty years before the commencement of the new Act, instead of where the tenancy was created more than twenty years before the institution of a suit for enhancement.

Clauses 38 to 43 deal with the rights of non-occupancy raiyats, and follow, with some modifications, sections 42 to 44 and 46 of the Bengal Tenancy Act, 1885. The principal modifications are as follow:—

(*a*) the provisions of clause 38 are declared to be subject to local custom or usage;

(*b*) clause 39 is new;

(*c*) in clause 41 (*b*) the same protection is given to a non-occupancy raiyat in regard to the use of his land in any manner authorized by custom as is afforded to occupancy-raiyats by clause 19;

(*d*) in clause 42 (*1*) the period within which a suit under that clause may be brought has been made six, instead of three, months, to meet the convenience of landlords;

(*e*) it has been provided in clause 42 (*2*) that a notice of enhancement need not be served through the Court if the landlord prefers some other method of service; and

(*f*) it has been declared that the Court may, if it thinks fit, have regard to the rents generally paid by non-occupancy raiyats for similar land in adjoining villages.

Clause 44.—This clause reproduces the concluding portion of paragraph 1 of section 6 of Bengal Act I of 1879, with the modification that, to prevent the acquisition of occupancy-rights in landlords' privileged lands which are leased, the lease must be registered.

The other provisions of the clause are new. They bar the acquisition of occupancy-rights in (1) lands which are entered as manjhihas or bethkheta in the register made

under the Chota Nagpur Tenures Act, 1869, and (2) land acquired for the Government of any Local Authority or Railway Company, and Government land in cantonments. The provision in case (1) is new in form only, for it was declared in the preamble to the Chota Nagpur Tenures Act, 1869, that manjhihas lands are at the "absolute disposal" of the proprietors of villages, and in section 1 of that Act that "manjhihas" includes bethkheta, and section 6 of Bengal Act I of 1879 declares that occupancy-rights cannot be acquired in manjhihas lands. The provision in case (2) follows section 116 of the Bengal Tenancy Act, 1885, as amended by Bengal Act I of 1907.

Clause 44 also declares that Chapter V (relating to non-occupancy raiyats) shall not apply to landlords' privileged lands or to land referred to in case (2) above.

Clause 47.—The words "express or implied, which exceeds or might in any possible event exceed" have been substituted for "exceeding," in order to meet an objection which has been taken that section 10B of Bengal Act I of 1879 does not prohibit all transfers for a period exceeding five years.

Clause 48.—In proviso (*b*) words have been inserted to authorise the sale of holdings, under the Certificate procedure, for the recovery of loans granted by the Local Government for the benefit of the holdings otherwise than under the Land Improvement Loans Act, 1883, or the Agriculturists' Loans Act, 1884.

Clause 49 is new. It provides against the transfer of their tenures by Bhuinhars, and also bars the acquisition of occupancy-rights by their lessees. The original Bhuinhars and their descendants are really cultivators, and are in as much need of protection in these respects as any other class of cultivators. In fact, many of these Bhuinhars have already sold their lands to money-lenders and others, and it is very necessary to prevent the remainder from similarly transferring their tenures and reducing themselves to the position of landless labourers.

Clauses 50 and 51 are new. They embody a very important change in the existing law. By clause 51 landlords are allowed, subject to certain conditions, to acquire the holdings of raiyats for works of public utility, as landlords in Bengal are allowed to do under section 84 of the Bengal Tenancy Act, 1885. A similar right of transfer is granted to raiyats and bhuinhar tenure-holders by clause 50, and they are allowed to part with their holdings or tenures in certain circumstances for works of general utility. Provision has at the same time been made for the proper safeguarding of the landlords' interest when transfers are sanctioned under clause 50. Under the existing law, an obstructive landlord, or an obstructive raiyat, may indefinitely delay the completion of some work, from which all alike, landlords and tenants, would benefit.

Clause 52 is new, and is intended to protect tenants from liability to pay rent to a transferee, when the same has been paid *bonâ fide* to an old landlord whose interest in the tenure or estate has been transferred. The clause embodies section 72 of the Bengal Tenancy Act, 1885, with the addition of the words "in good faith."

Clause 53 is new. It embodies section 53 of the Bengal Tenancy Act, 1885, with the qualification that agreements as to the payment of rent by instalments must be registered.

Clause 54 provides for the payment of rent by money-order, and is so obviously sound that little need be said to justify its inclusion in the Bill.

Clause 55(5).—Under Bengal Act I of 1879, section 12, as amended in 1903, landlords are subject to fine if receipts are not granted for rents paid. Provision has now been made for the punishment of raiyats who bring false accusations against their landlords that receipts have been withheld.

Clause 56 reproduces section 13 of Bengal Act I of 1879 [in the form adopted in section 61 (*1*) of the Bengal Tenancy Act, 1885,] with the following amendments:—

(*1*) the words "or remits" in sub-clause (*a*) are new: they refer to remittances by postal money-order;

(*2*) sub-clause (*d*) is new: it embodies clause (*d*) of section 61 (*1*) of the Bengal Tenancy Act, 1885;

(*3*) the words "within three months from the date on which such rent became due" are substituted for the words "within one month from the date of such tender," because in some cases there will be no actual tender.

(*4*) sub-clause (*2*) is new. It declares that, when a deposit is made, it shall be presumed, until the contrary is proved, that it has been lawfully made. This sub-clause is necessary because, if the onus of proving that a deposit is lawfully made is cast on the raiyat, he will lose the benefit of the clause in many cases, although the deposit has been lawfully made.

Clause 57.—Since it is proposed, by sub-clause (*d*) of clause 56, to allow a tenant to deposit rent when he entertains a *bonâ fide* doubt as to who is entitled to receive the rent, it is necessary to make some provision to enable the Deputy Commissioner, in cases of difficulty, to refer to the Civil Court claims to amounts deposited. Sub-clause (*3*) of clause 57 has been altered accordingly.

A further alteration made in clause 57 is the substitution of "as soon as possible" for "within seven days," in sub-clause (*2*).

In sub-clause (*5*), the word "agent" has been substituted for "duly authorised agent." A similar change has been made in other clauses of the Bill, taken from Bengal Act I of 1879, in which the expression "authorized agent" or "duly authorized agent" is used.

Clause 59 reproduces section 30 of Bengal Act I of 1879, with modifications which are, in part, based on sections 54 (*1*) and (*3*) and 67 of the Bengal Tenancy Act, 1885. The modifications are—

(*1*) the omission of the provision which admits of the rate of interest being fixed by agreement; and

(*2*) the fixing of the maximum rate of interest at 12½ *per cent.*, with a proviso limiting the interest for the entire year to 6¼ *per cent.*

The rate 12½ *per cent.* is reasonable. In some cases landlords are believed to realise rents in numerous instalments, and to claim heavy interest on each instalment, so that, although a tenant pays the whole of his rent in the year in which it accrues, yet he is mulcted in heavy sums for interest. It is to meet cases of this kind that the proviso has been framed. It is believed that simple interest at the rate of 6¼ *per cent.* will amply compensate any landlord for a delay in the receipt of rent when the sum is paid in full within the year in which it became due.

Section 16 of Bengal Act I of 1879, which prohibits irregular compulsion for payment of rent, is not reproduced in the Bill. The section is of no practical use; and it seems in any case to be superfluous, having regard to the provisions of the Indian Penal Code (Act XLV of 1860), sections 339 *et seq.*, relating to wrongful restraint and wrongful confinement.

Clauses 64 to 69 (clauses 64, 65, 66, 67 and 69 being new) deal with the subject of reclaiming waste and jungle lands and converting them into rice lands. Raiyats are allowed to convert any lands included in their holdings into rice land, without let or hindrance by the landlord. Outside their own holdings they are similarly allowed to reclaim waste and jungle lands and convert them into rice lands without the consent of the landlord, where they have a customary right to do so, the onus to prove the custom being on the raiyats. In cases in which the consent of the landlord to such reclamation is necessary, it is proposed by *clause 65* to declare that if the landlord does not stop a raiyat making *korkar*, by making an application to the Deputy Commissioner within two years of the commencement of the work of reclamation, he shall be deemed to have consented to the same; and, in the case of Bhuinhars and Mundari Khunt-kattidars, it is proposed by *clause 64* (*2*) to declare a presumption that they have a right to convert waste and jungle lands into *korkar* without the consent of the landlord. *Clause 65* will prevent landlords from allowing raiyats to expend years of labour in reclaiming lands and then claiming khas possession of the same, on the ground that no permission to reclaim was given. *Clause 67* prohibits a tenant, who wishes to make *korkar*, from trespassing on to lands in the occupation of another tenant; and *clause 64* only authorizes a raiyat to make *korkar* lands without consent where by custom such consent is not necessary. In the case of Bhuinhars and Mundari Khunt-kattidars, the proposals are that the right to prepare *korkar* without consent shall be presumed to exist until the contrary is proved, because it has been found by experience that, in the case of these tenancies, a custom of preparing *korkar* without consent is recognized, and, in fact, the origin of many of these reclaiming leases was this, that the tenant was to reclaim any land he wished, out of a specified area, and that right of reclaiming any waste land in the village these Khunt-kattidars and Bhuinhars still claim, and not unjustly. *Korkar* lands are ordinarily assessed with rent at rates lower than ordinary raiyati lands, and they are often held rent-free during preparation, or for a number of years; and these facts have been recognized in *clause 69* of the Bill. The question of *korkar* is one of very great importance, and this privilege of reclaiming lands without the consent of the landlord is one that is not uncommon, and is very much cherished by all the aboriginal races of the Division; and *clauses 64 to 69* of the Bill have been framed to make clear what the rights of landlords and tenants in the matter are.

Clause 68 provides that a raiyat shall have occupancy-rights in *korkar* whether he has cultivated it for 12 years or not, and merely reproduces paragraph 4 of section 6 of Bengal Act I of 1879. In this connection it may be mentioned that section 20 of Bengal Act I of 1879 has not been reproduced in the Bill. That section places *korkar* raiyats in a worse position than occupancy-raiyats, and it should therefore be repealed.

Clause 70 is new. It is based on section 89 of the Bengal Tenancy Act, 1885, and protects all tenants from irregular ejectment.

Clause 71 is new. It authorizes the Deputy Commissioner, after summary inquiry, to reinstate in possession a tenant who has been illegally dispossessed by his landlord.

Clause 73 is new. It deals with abandonment, and will be equally beneficial to landlords and to tenants. Many cases now arise in Court in which landlords allege that holdings were abandoned, and raiyats deny this. By the proposed clause, which is based on section 87 of the Bengal Tenancy Act, 1885, raiyats will be protected to some extent against false allegations of abandonment, and landlords will be in a position to prove that their action is *bonâ fide*, and that they have only entered on holdings really abandoned. The exact wording of the Act of 1885 has not been followed, changes being made in view of local conditions. It will be noticed that under this clause an occupancy-raiyat is allowed to apply within six years to be re-instated in possession of a holding alleged to be abondoned; whereas the period prescribed in section 87 of the Bengal Tenancy Act, 1885, is two years. The period of six years has been fixed in order to bring clause 73 into agreement with clause 233.

Clause 74 is new. It is based on section 47 of the Bengal Tenancy Act, 1885. In many instances tenants are known to execute *kabuliyats* which purport to admit them to occupation of land, when, in fact, their possession has been long antecedent to the execution of the leases; and it is to meet cases of this kind that the clause has been inserted in the Bill.

Clause 75.—Under the existing law, when a tenant does not attend a measurement of his lands after he has been directed to be present, any record prepared in his absence must be accepted as correct. This is a penal clause of great severity, and has been modified in sub-clause (*4*) of clause 75 of the Bill, in so far, that, although there will be a presumption as to the correctness of such record, the tenant is not debarred from proving it to be incorrect. Sub-clause (*4*) is based on section 91 (*2*) of the Bengal Tenancy Act, 1885.

Clause 76 lays down in clear language that the Bill shall not affect any custom, usage or customary right not inconsistent with, or not expressly or by necessary implication modified or abolished by, its provisions. The clause is based on section 183 of the Bengal Tenancy Act, 1885, and there are annexed to it two *Illustrations* (Nos. *I* and *III*) which are not appended to that section. *Illustration III* is inserted because the Bill contains no other express provision as to improvements made by raiyats.

Clause 77 is new. It embodies the first part of section 181 of the Bengal Tenancy Act, 1885. It is introduced into the Bill on the suggestion of the Settlement Department, and is as necessary in Chota Nagpur as is section 181 of the Bengal Tenancy Act in the rest of Bengal.

Clause 78 is new. It is designed to prevent tenants from contracting themselves out of their rights in certain cases, and overrides section 7 of Bengal Act I of 1879, which permits a raiyat to contract himself out of the acquisition of occupancy-rights. The clause follows section 178 of the Bengal Tenancy Act, 1885, with modifications.

Clause 80.—Sub-clauses (*n*) and (*o*) are new. The right to take wood, fruit and other jungle produce from village jungles, and to graze cattle in waste, fallow and jungle lands, is a constant source of disputes between landlords and tenants, and the tendency is to deprive raiyats of their customary rights in this matter. In order to afford material for a decision of future disputes, and to secure landlords and tenants in the enjoyment of their respective rights, it is desirable that, when a record-of-rights is prepared under Chapter XII, Settlement-officers should be empowered to make entries in the record of the privileges of landlords and tenants in this matter, and with this object sub-clause (*n*) has been inserted in clause 80. Similarly, as disputes frequently arise as to the right of raiyats to prepare *korkar*, Settlement-officers are empowered by sub-clause (*o*) to make entries in the record of the customary rights of residents in regard to this matter.

Clause 84 is new. It is based on sections 104 and 104D of the Bengal Tenancy Act, 1885, and authorizes Revenue-officers to settle fair rents under rules to be made by the Local Government. The principle of this clause was accepted without discussion at a recent Conference, at which representatives of landlords and tenants were present.

Clause 85 is new. It is taken from section 105A of the Bengal Tenancy Act, 1885, and authorizes a Revenue-officer, acting under Chapter XII, to decide certain questions which must constantly arise in the assessment of fair rents.

Clause 86 is new. It is based on sections 106 and 109A (*2*) of the Bengal Tenancy Act, 1885, and authorizes Revenue-officers to try suits for the decision of disputes, subject to an appeal to an officer to be appointed by rule made by the Local Government.

The provision in section 106 of the Bengal Tenancy Act, 1885, that the plaint in a suit before a Revenue-officer should be presented in stamped paper, has been omitted, because stamps are regulated by Imperial legislation.

Clause 87 is new. It is based on sections 107 (*2*) and 109D of the Bengal Tenancy Act, 1885, and provides for the entry, in the record-of-rights, of rents settled and decisions made under Chapter XII of the Bill.

Clause 88 is new. It embodies section 108 of the Bengal Tenancy Act, 1885, authorizing a Revenue-officer, specially empowered by the Local Government, to revise orders or decisions of Revenue-officers under Chapter XII.

Clause 89.—The reference to section 86, sub-section (*2*), in the proviso to this clause, is new.

Clause 90 is designed to prevent landlords from securing, during the pendency of settlement proceedings, decrees in the Court of the Deputy Commissioner [as defined in clause 3 (viii) of the Bill] or any Civil Court, in regard to certain matters which can only be decided satisfactorily by Settlement-officers, after careful local inquiry in the village. It is believed that grave injustice is done to aboriginal raiyats in this matter; and, when once settlement proceedings are in progress, it is advisable, for a satisfactory treatment of the matters referred to, that proceedings in Civil and Revenue Courts, situate often at a distance from the subject of dispute, should be stayed. The clause reproduces section 28A of Bengal Act I of 1879, also section 111 of the Bengal Tenancy Act, 1885, which was extended to Chota Nagpur by Notification No. 1379, dated the 5th March, 1908; but the following amendments have been made:—

(*a*) the bar to the entertainment of suits or applications in the Court of the Deputy Commissioner or in any Civil Court is declared to extend, in all cases, up to the expiration of a period of three months after the final publication of the record-of-rights;

(*b*) the clause is extended also to suits and applications in which there is in issue the existence or non-existence of customary rights to waste-land or jungle-land;

(*c*) a proviso has been inserted in sub-clause (*1*), to protect the landlord against loss during the period for which he is prevented from proceeding; and section 111B (*4*) of the Bengal Tenancy Act, 1885, has been embodied in sub-clause (*2*), to stay limitation during that period. These provisions are proposed in accordance with a resolution of a Conference held at Ranchi in August, 1907, at which representatives of all interested were present.

The Settlement authorities attach very great importance to clause 90.

Clause 91 reproduces so much of section 111A of the Bengal Tenancy Act, 1885, as was extended to Chota Nagpur by Notification No. 1379, dated the 5th March, 1908, except the proviso. The proviso (which gives a right of suit under Chapter VI of the Specific Relief Act, 1877), is omitted because Revenue-officers are in a better position to arrive at the facts, by means of local inquiries, than are Civil Courts, before which aboriginal races find themselves placed in a position of great disadvantage.

Clause 92 is new. It embodies sub-sections (*1*) and (*4*) of section 111B of the Bengal Tenancy Act, 1885.

Clause 93 reproduces section 28B of Bengal Act I of 1879, with the following amendments:—

(*1*) "occupancy holding" has been substituted for "tenure or holding;"

(*2*) the clause is declared to be subject to the provisions of clauses 86, 88 and 89, instead of overriding, as section 28B of Bengal Act I of 1879 does, other sections of that Act;

(*3*) under Bengal Act I of 1879, enhancement and reduction are barred for a period of seven years: clause 93 of the Bill alters the period to fifteen years in the case of future records, and retains the period of seven years in the case of past records;

(*4*) as the law stands at present, Settlement-officers have no power to assess rents on any lands, and in many villages lands have been entered in the record-of-rights as assessable with rents, but no rent has actually been recorded as payable for the same: by the proviso to clause 93(*1*) Settlement-officers are expressly authorized to assess rents upon such lands in areas where a record-of-rights has already been prepared.

Clause 94.—The words "extracts from," in sub-clause (2), are new.

Clause 95 is new, and is designed with the same object as clause 90. Clause 90 temporarily prohibits the institution of certain suits in Civil and Revenue Courts where the subject-matter of such a suit is situate in an area gazetted for settlement. Clause 95 deals with suits in regard to similar matters instituted before the notification of settlement has

been issued. The suits referred to are suits in regard to customary rights in waste-land or jungle land, to the amount of rent payable in respect of any tenancy in such land, or to the question whether land is included in a tenancy or is the *khas* land of the landlord; and it is provided that no decision of any Court in relation to these matters, affecting the rights of a tenant in an area gazetted for settlement, and decided after the issue of a notification of settlement, shall have final effect. The reasons for this proposed change are that it has been found by experience that Civil and Revenue Courts, sitting at headquarters of districts and sub-divisions, have not the necessary materials before them for the satisfactory decision of such disputes, whereas Settlement-officers, making careful local inquiry into such matters, are in a better position to make full inquiries and do justice to the parties. They are at present hampered in their decisions by the production before them of decrees of Courts operating as *res judicata*, and it is to avoid this that clause 95 is proposed. Decrees of Courts passed after an area is gazetted for settlement, relating to such matters in the said area, will in future be admissible in evidence before Settlement-officers and other tribunals after a record is finally published, but will not be conclusive proof of what is stated therein.

Clause 97 is new. It embodies the first part of section 110 of the Bengal Tenancy Act, 1885.

Clause 98 is based on section 104G, sub-sections (*2*), of the Bengal Tenancy Act, 1885, which was extended to Chota Nagpur by Notification No. 1379, dated the 5th March, 1908; but materially alters that sub-section. It empowers the Local Government to direct a revision of a record-of-rights at any time, but not so as to affect any rent entered in the record. It also empowers the Local Government to direct the revision of a record-of-rights, in so far as it relates to rents, and a fresh settlement of rents, at any time after the expiration of a period of fifteen years, if the record is made after the commencement of the new law, or seven years if it was made before such commencement; and also authorizes a repetition of such operations at later intervals of fifteen years.

The proviso to section 104G (*2*) of the Bengal Tenancy Act, 1885, which is already in force in Chota Nagpur, is not embodied in clause 98, because the scope of that clause is very different from that of section 104G (2).

Sub-clause (*3*) of clause 98 is new. It provides generally for the application of all the foregoing clauses of Chapter XII, where a revision or settlement is directed under sub-clause (*1*) or sub-clause (*2*).

Clause 99 is new. Its object is to validate certain records which have already been made.

Clause 100.—Section 10 (*1*) of Bengal Act IV of 1897 bars the imposition of prædial conditions on tenants of areas for which commutation has been made under that Act. Clause 100 of the Bill goes further, and bars the creation of tenancies with prædial conditions attached (except rent-free tenancies with the sole condition of rendering personal service), and the imposition of any new prædial condition on any existing tenancy. This amendment is considered most salutary. Many of these prædial conditions approach very nearly to *abwabs*, which are, in three out of the five districts in the Division, already prohibited by the Bengal Decennial Settlement Regulation, 1793 (VIII of 1793), section 54, and the Bengal Land-revenue Sales Regulation, 1812 (V of 1812), section 3. From the levy of these *rakumats* and *abwabs* raiyats in Chota Nagpur suffer very greatly, and it is eminently necessary to prohibit in no uncertain language the levy of any new prædial conditions. Where they exist already, they are, when legally recoverable, being commuted, and the benefit of all commutation proceedings would be nullified if the levy of new *rakumats* were not prohibited.

Sub-clause (*2*) of clause 100 and clause 62 deal with breaches of sub-clause (*1*) of the former clause.

Clause 101 is new. It is designed to protect a raiyat from being subjected to any prædial conditions in excess of those sanctioned by the general usage of the village, in cases in which the original conditions of the tenancy cannot be ascertained.

The proviso to this clause declares that, when any such conditions have been observed for a period of five years, a Revenue-officer acting under Chapter XIII may presume that the same are observable in accordance with one or other of the two conditions of ancient usage or contract. This proviso has been added at the suggestion of the Settlement Department, in view of the difficulty in many cases of ascertaining the ancient custom of a village, or the exact terms of the original contract of a tenancy.

Clause 102 is new. It declares that, in calculating the value of prædial conditions, their average value for the last 10 years, or for any shorter period for which evidence may be available, shall be taken as the basis of calculation. Clause 102 may be compared with section 40 (*4*) (*b*) of the Bengal Tenancy Act, 1885, relating to the commutation of rent payable in kind.

Clause 103 is new. In some cases it is found that the value of prædial conditions levied, together with the rent, exceeds a fair rent, and to provide for such cases this clause enacts that in any such case a Court shall decree in all only an amount which does not exceed a fair rent. The value of these prædial conditions has increased very largely of late years, and prædial conditions which at one time cost a raiyat little or nothing are now in many cases very burdensome and inequitable. Contributions of wood, bamboos, thatching-grass and other jungle produce may be instanced. When jungle abounded in all villages, such articles could be provided free of cost and at the expense of a day's labour; but now that in many villages no jungle exists, these articles have to be purchased at considerable expense, or their money value tendered to landlords.

Clause 104 follows almost exactly section 4 of Bengal Act IV of 1897, the following alterations being made in sub-clause (3) :—

(*a*) the word "only" has been inserted;

(*b*) the words "with established custom or usage or with any contract made when the tenancy commenced" have been substituted for "with ancient custom;" and

(*c*) the Revenue-officer has been directed to follow the procedure prescribed in the new clause 102.

With reference to the second of these alterations, it may be explained that the Settlement Department were of opinion that sections 4 and 9 of Bengal Act IV of 1897 were inconsistent; and, to remedy this ambiguity, it has been distinctly stated in clauses 104 and 110 that the prædial conditions to be considered in commutation proceedings are those payable in accordance with custom or usage, or in accordance with any contract made at the time of the creation of the tenancy. It is obvious that, when payments have been made for a number of years, a presumption will arise, and be given effect to, that the payment is in accordance with one or other of these conditions.

Clause 108.—Power is given to the Local Government to appoint an officer to hear first appeals, in place of the Deputy Commissioner.

Clause 110.—The insertion of references to "established custom or usage" and "contract made when the tenancy commenced," in sub-clauses (*1*) and (*4*) of this clause, is explained in the note, *supra* on clause 104.

Further amendments made in this clause are—

(*a*) the substitution of "each tenant" for "the general body of tenants," in sub-clause (*1*); and

(*b*) the omission from sub-clause (*8*) of the provision that plaints should be presented on stamped paper—stamps being regulated by Imperial legislation.

Clause 111 is new. It follows clause 87 of the Bill, and provides for the correction of the record-of-rights in commutation proceedings where a correction is made in the same by a suit under clause 110(8).

Clause 112 is new. Under the existing law, in certain cases, when Settlement-officers have proceeded to take measures for the commutation of prædial conditions, objections have been taken to the proceedings on the ground that the payments are payments of rent in kind and not prædial conditions. To meet this difficulty, Revenue-officers acting under this Chapter, and officers acting under clause 35, are given summary powers of deciding whether a payment is of the nature of a prædial condition or not.

Clause 117.—The whole of this clause, except the matter printed in Roman type in sub-clause (*i*), is new. The clause defines the expression "landlords' privileged lands."

Clause 118 is new. It is based on section 117 of the Bengal Tenancy Act, 1885, and empowers the Local Government to direct a survey and record of landlords' privileged lands.

Clause 119 is new. It is based on section 118 of the Bengal Tenancy Act, 1885, and authorises a Revenue-officer, on the application of landlord or tenant, to ascertain and record whether land is or is not landlords' privileged land. The clause will have no application where a record has been or is being made under clause 118.

Clause 120 is new. It declares that Revenue-officers acting under clause 118 or clause 119 shall proceed in the manner prescribed by rules made by the Local Government under clause 256, and, following section 120(*2*) of the Bengal Tenancy Act, 1885, directs that they shall presume that land is not a landlords' privileged land until the contrary is proved.

Clause 121 is new. It declares that, where any land in a village has been registered as manjhihas or bethkheta under the Chota Nagpur Tenures Act, 1869, no other lands in that village shall be recorded as being landlords' privileged lands. The reason for this declaration is that it is to be inferred that any privileged lands that exist in such villages were recorded at the time of the Bhuinhari Settlement.

Clause 122 is new. It provides for an appeal in all cases against decisions or orders of Revenue-officers in matters relating to landlords' privileged lands.

Clause 123 is new. It authorizes the Local Government to cause to be prepared a record of the rights and obligations of certain classes of tenants in any local area, which record is declared, by clause 127 of the Bill, to be final.

Raiyats having khunt-katti rights, and village headmen, are specifically mentioned in clause 123, because they are persons particularly needing and deserving protection. It has been found that the customary rights of these persons have been consistently disregarded in certain areas, and that great injustice has been the result. In parts of Singhbhum, village headmen, who are in reality in many cases both cultivating raiyats and hereditary tenure-holders with specific rights, have been evicted from their tenancies by powerful landlords without any regard to their customary rights and ancient privilages, and some means of protection for these unfortunate people is eminently necessary.

There are many other classes of aboriginal tenants whose rights are equally disregarded and who are as helpless as the classes referred to above, and it is eminently necessary to make some provision for safeguarding their interests in case of necessity. For this reason sub-clause (*c*) has been inserted. In the Sonthal Parganas (a district inhabited by aboriginals of the same or similar races as those of Chota Nagpur), a record-of-rights prepared by the Settlement Department is always conclusive evidence of the facts recited therein, and the effect of this has been to ensure protection to landlord and tenant alike in the enjoyment of their just rights.

Clause 124 is new. It directs that, when any final record is published under Chapter XV, notice shall be given to all persons known to be interested in the lands, the record of which is being prepared, in such manner as the Local Government may prescribe by rule. The object of this provision is to ensure that all such persons may have every opportunity of making, in due time, any objections to entries or omissions in the record.

Clause 125 is new. It provides for the trial of regular suits by Revenue-officers after the publication of the record, and follows section 160 of Bengal Act I of 1879, relating to the preparation of records-of-rights in the case of Mundari khunt-kattidars.

Clause 126 is new. It directs the correction of records in accordance with decisions arrived at under clause 125.

Clause 127 is new. It declares that records, when finally published or amended under clause 126, shall be conclusive evidence of the facts therein stated. The clause is based on section 164 of Bengal Act I of 1879.

Clause 128 is new. In many cases cultivating raiyats and tenure-holders have been misdescribed in deeds executed by themselves and others, and it is therefore proposed in this clause that, in all investigations under this Chapter, Revenue-officers shall inquire into the real origin and nature of the tenancy and the real status of the tenant, notwithstanding any misdescription in any document.

Clause 130.—A reference to applications has been inserted.

Clause 131.—A reference to applications has been inserted. A new clause, (*d*) has been inserted, with reference to the provision in clause 3 (*viii*) that powers of the Deputy Commissioner may be transferred to a Revenue-officer.

Clause 132.—A reference to Revenue-officers has been inserted, with reference to clause 3 (*viii*).

Clause 133 has been given general application, instead of being confined, like section 147 of Bengal Act I of 1879, to suits for arrears of rent.

Clause 134 reproduces section 37 of Bengal Act I of 1879, with the following amendments:—

(*i*) applications have been mentioned, wherever necessary;
(*ii*) sub-clauses (*1*) and (*2*) have been confined to tenancies of agricultural land;
(*iii*) sub-clause (*3*) has been confined to suits under the new Act, and to tenancies of agricultural land, but has been extended to all tenancies of such land;
(*iv*) sub-clauses (*5*), (*6*) and (*8*) are new.

The most important amendments are the insertion of sub-clauses (*5*) and (*6*), which declare that suits or applications to recover possession of agricultural land, brought by landlords against cultivators or village-headmen, shall be triable only by the Deputy Commissioner [as defined in clause 3 (*viii*)].

It is hoped that this change will result in the more effectual administration of justice. It is believed that Civil Courts are not in a position to deal satisfactorily with cases of the kinds specified in sub-clauses (*5*) and (*6*), and that they have not the opportunity of ascertaining, by local inquiry on the spot, the actual facts of the cases before them. It is to be noted that section 82 of Bengal Act I of 1879 (clause 172 of the Bill) specially provides for local inquiries in all proceedings under the Act, and it is intended to utilize this section as much as possible.

In sub-clause (8), it is proposed that *all* suits and applications under the Bill which are not mentioned in clauses (1) to (7) should be tried and heard by the Deputy Commissioner [as defined in clause 3 (*viii*)], and not by any other Court. This provision will advance to some further extent the policy of confining questions between landlord and tenant, so far as may be, to the Revenue Courts.

The words "except as otherwise provided in this Act," in clause 134, will prevent conflict with other clauses of the Bill which give jurisdiction to a specially appointed Revenue-officer or a Civil Court.

Clause 136 reproduces section 39 of Bengal Act I of 1879, but is extended, for the convenience of landlords, to *all* suits and applications. Consequently, applications for enhancements, measurement, commutations, deposits and other matters may be made on behalf of or against any number of tenants collectively. The convenience of this to landlords and tenants alike is clear, and much unnecessary writing and expenditure will be saved. There are two safe-guards against an improper use of the clause, in that the Local Government can interfere when such joint suits or applications are found to be inequitable or inexpedient, and the trying Court has also power to direct separate trials in any cases in which this may seem desirable.

Clause 138.—A reference to applications has been inserted.

Clause 140.—Sub-clause (*2*) reproduces clause (*bb*) of section 148 of the Bengal Tenancy Act, 1885, which was extended to Chota Nagpur by Notification No. 1379, dated the 5th March, 1908. The sub-clause is, however, extended to all suits and applications before the Deputy Commissioner relating to the rent of land or to any right or easement arising out of land, instead of being confined, as is section 148 (*bb*) of the Act of 1885, to suits for rent; and item (*iii*) (copy of entries in the record-of-rights) is new.

The three concluding clauses of section 47 of Bengal Act I of 1879 are sufficiently covered by sub-clause (*c*) of clause 139 and sub-clause (*2*) of clause 140.

Sub-clauses (*2*) and (*3*) provide for making the fullest use of the record-of-rights in all suits and applications before the Deputy Commissioner relating to land.

Clause 141 is new. It embodies clause (*ff*) of section 148 of the Bengal Tenancy Act, 1885, with some slight modifications.

Clause 166 provides for the record of statements of parties and witnesses in English. All Munsifs in the rest of Bengal are now required to record evidence in English in Civil cases, and there is no reason why Deputy Collectors in Chota Nagpur should not be similarly required to record statements in proceedings under the Act in English.

Clause 176.—Following the Bengal Tenancy Act, 1885, section 68, the Deputy Commissioner is prohibited by clause 176 of the Bill from awarding both interest and damages in rent suits.

Before leaving this part of the Bill it may be mentioned that section 86 of Bengal Act I of 1879 has not been reproduced. The section empowers the Deputy Commissioner to fix a term for which a lease is to be granted to an occupancy-raiyat, when the parties do not agree. When the section was enacted the rights of occupancy-raiyats had not been determined, but it is now out of date, since the rights of an occupancy-raiyat are not terminable.

Clause 206.—There is room for doubt under Bengal Act I of 1879, in the case of sales of tenures or holdings in execution of decrees under that Act, whether an appeal lies, according to sections 13 and 14 of the Bengal Rent Recovery (Under-tenures) Act, 1865 (Ben. Act VIII of 1865), to the Commissioner, or under section 135 of Bengal Act I of 1879. The latter section indicates that appeals in such cases should lie thereunder, and this has been made clear in clause 206(*1*) of the Bill, by the insertion of the words "except sections 13 and 14."

Clause 207.—Sub-clause (*2*) is new. Under the existing law (see the last paragraph of section 123 of Bengal Act I of 1879) it is open to doubt whether other property of a

judgment-debtor in a rent-suit can be sold before the defaulting enure or holding is sold; and in many cases the defaulting tenure cannot be sold, or it may be expedient not to sell it (see the first proviso in clause 206). The case of a decree for the rent due under a temporary lease which has expired may be cited as an example.

Clause 210.—The proviso to sub-clause (*1*) is new. It follows the proviso to section 310A of the Code of Civil Procedure (Act XIV of 1882), and is inserted because section 311 of that Code is embodied in clause 211 of the Bill.

Clause 211 is new. It introduces a new principle into the Bill, and is of great importance. It is known that in many cases, in execution of decrees for rent, lands which are not the property of the judgment-debtor are sold, and the greatest injustice results from such sales. There is in the existing law no provision for the setting aside of a sale on the ground of material irregularity, resulting in substantial injury, or on the ground of fraud, but the necessity for some such provision exists. Persons whose property is sold under the Bengal Tenancy Act, 1885, are allowed to file applications under section 311 of the Code of Civil Procedure, to get the sale set aside, and there is every reason for granting to debtors in rent suits in Chota Nagpur the same privilege. Hence clause 211, which is modelled on section 311 of the Code of Civil Procedure, has been introduced into the Bill.

Clause 212 is new. It enunciates a principle that is, it is believed, accepted in many Courts already, and follows the rulings reported in W. R. Sp. Number, page 147, and v. W. R., Act X Rulings, page 22. At the same time, attempts are made from time to time to nullify the effect of sales in execution of rent decrees, to the great detriment of *bonâ fide* purchasers; and as any want of security in the title of a purchaser in a rent sale affects the interest of judgment-creditors and debtors alike prejudicially in the long run, the principles enunciated in the rulings referred to have been specifically set forth in clause 212.

Clause 227 is new. Considerable difficulty is experienced in proceedings under Bengal Act I of 1879, owing to the fact that the Act is supposed to be, but is not in fact, a Code complete in itself; in regard to limitation, particularly, this difficulty arises. Provision has now been made therefore for the application of the provisions of the Indian Limitation Act 1877, where they are not inconsistent with the Bill itself, to all proceedings under this Bill.

Clause 228.—The first paragraph reproduces section 42 of Bengal Act I of 1879, but is extended to applications.

The proviso is new. It declares that for particular forms of application there shall be no period of limitation. The applications referred to are such that necessity for them may arise at any period while the applicant has an interest in the land which is the subject of the application. The applications referred to are noted below:—

(1) application for enhancement of rent (clause 26);
(2) applications for increase of rent on account of increased area (clause 30);
(3) applications for reduction of rent (clause 33);
(4) applications for commutation of rents payable in kind (clause 35);
(5) applications for consent of the Deputy Commissioner to transfer land in certain circumstances (clauses 50 and 51);
(6) applications for measurement of lands (clause 75);
(7) applications for settlement of fair rents (clause 84);
(8) applications for assessing rent on lands which are assessable with rent, but on which no rent is assessed (clause 93, proviso);
(9) applications for commutation of prædial conditions (clause 104);
(10) applications for record of landlords' privileged lands (clause 119); and
(11) applications for consent of the Deputy Commissioner to transfer of land by Mundari khunt-kattidars (clause 237).

Clause 230 reproduces section 44 of Bengal Act I of 1879, with the substitution of "three years from the end of the agricultural year in which the arrear became due" for "three years from the last day of the Bengal or Sambat year, or from the last day of the month of Jeth of the Fasli or Wilayati year, in which the arrear claimed shall have become due." This change follows that made in clause (*b*) of Article 2 of Schedule III to the Bengal Tenancy Act, 1885, by Bengal Act I of 1907, section 61 (2) (*b*).

Clause 231.—Section 44A of Bengal Act I of 1879 prohibits successive suits for rent, and was enacted in order to prevent a landlord from harassing tenants by repeated suits. The section was not intended to apply to cases in which a suit is withdrawn with leave to sue again, in which cases a defendant is always paid the costs of the first case, to compensate him for the trouble he has been put to in attending Court; nor was it intended to apply to cases dismissed for default, in which cases leave to sue again is granted under the Act as it stands. This has been made clear by sub-clause (*2*), which has been added to clause 231. If some such sub-clause were not added, part of a perfectly just claim might become barred by time in the six months during which a fresh suit is prohibited.

Clauses 233 and 234 are new. They allow a period of six years during which an occupancy-raiyat or a village headman may sue for recovery of possession of lands from which they have been illegally ousted. A landlord is, by Article 139 of Schedule II to the Indian Limitation Act, 1877 (XV of 1877), allowed 12 years within which he may sue a tenant alleged to be improperly in the possession of land, and there appears to be no reason why a tenant should not be allowed at least half that period to sue the landlord if he is unlawfully ousted.

Clause 236.—The amendment made in clause 47 (*1*) (*a*) has been repeated in clause 236 (*3*); and the provision in clause 47 (*3*) barring registration has been repeated in clause 236 (*6*).

Clause 237 is new. It gives to Mundari khunt-kattidars the same privileges in regard to the transfer of lands comprised in their tenancies, for works of public utility, as it is proposed by clause 50 to give to occupancy-raiyats. The same reasons apply in both cases.

Clause 244 is new. Under the existing law, the realization of any dues from a Mundari khunt-kattidar is a matter of some difficulty; and, as he has no security to offer for loans in time of scarcity, it is found difficult and often impossible to grant him that assistance which other cultivators obtain from the Government. To remedy this, it is proposed in clause 244 to allow the Deputy Commissioner to attach the tenancy of a Mundari khunt-kattidar in certain cases and make such arrangements as he considers suitable for liquidating the debt when decrees or certificates for arrears of rent, cesses or moneys due to the Government are outstanding against the debtor. It is to be noted that the Deputy Commissioner is not bound to take action under this clause, but is allowed the option of doing so, or refusing to do so, as may appear expedient.

Clause 246 reproduces section 160 of Bengal Act I of 1879, with the exception of the provision that plaints should be presented on stamped paper, stamps being regulated by Imperial legislation.

Clause 251 is new. It will secure finality for certain orders and decrees made by Deputy Commissioners and Revenue-officers in proceedings under the Act; the principle being that the action of a Deputy Commissioner or Revenue-officer acting in a *quasi*-judicial character shall not be liable to be set aside by any other Court, provided that his orders or decrees are passed with proper jurisdiction, and that there is no fraud. The words "save as expressly provided in this Act" refer to the provisions for appeal which are contained in Chapter XVI and other parts of the Bill.

This clause is similar in principle to clause 91 of the Bill.

The orders and decrees that it is proposed to make final are the following:—

Clause 27.—Orders by the Deputy Commissioner on applications for enhancement of rent.

„ *31.*—Orders by the Deputy Commissioner on applications for increase of rent.

„ *34.*—Orders by the Deputy Commissioner on applications for reduction of rent.

„ *35.*—Orders by the Deputy Commissioner or a Revenue-officer on applications for commutation of rents payable in kind.

„ *42.*—Decrees for ejectment of non-occupancy raiyats on the ground of refusal to pay a fair and equitable rent.

„ *50.*—Orders by the Deputy Commissioner consenting or refusing to consent to the transfer of lands in certain cases.

„ *55.*—Orders passed by the Deputy Commissioner on complaints of non-delivery of rent receipts.

„ *62.*—Orders passed by the Deputy Commissioner or other officer in cases in which landlords are accused of levying unlawful dues from, or enforcing the observance of unlawful prædial conditions by, tenants.

„ *63.*—Orders by the Deputy Commissioner punishing landlords for extorting payment of rent or interest by duress.

„ *66.*—Orders by the Deputy Commissioner on applications for the ejectment of cultivators preparing *korkar*.

„ *73.*—Orders passed by the Deputy Commissioner in cases of alleged abandonment.

„ *75.*—Orders passed by the Deputy Commissioner allowing or disallowing a measurement or enjoining the attendance of tenants during the measurement of lands.

„ *86.*—Orders or decrees passed by a Revenue-officer in suits under Chapter XII.

„ *90* (*proviso*).—Orders passed by the Deputy Commissioner prohibiting the continuance of waste or damage in respect of waste-land or jungle-land.

Clause 93.—Orders passed by a Revenue-officer, assessing rents on lands assessable with rents, but not assessed.

Chapter XIII.—Orders and decrees in proceedings for the commutation of præedial conditions.

Chapter XIV.—Orders in proceedings for the record of landlords' privileged lands.

Chapter XV.—Orders and decrees in proceedings for the record of the rights and obligations of raiyats having khunt-katti rights, village headmen and other classes of tenants in selected areas.

Chapter XVI.—Orders and decrees in matters cognizable by the Deputy Commissioner.

Chapter XVIII.—Orders and decrees in proceedings relating to Mundari khunt-kattidars.

Clause 252 reproduces section 149 of Bengal Act I of 1879, with a slight amendment in sub-clause (*d*), and with an addition authorising the Local Government to make rules as to service.

Clause 253.—An amendment has been made with the object of authorising Deputy Commissioners to direct the service of their processes by registered post.

Clause 254 is new.

Clause 255 is new. The Bill contains certain clauses prohibiting the registration of certain documents, *viz.*, clauses 47 (*3*) and 236 (*6*). In order that effect may be given to those clauses it is necessary that the registering officer should have an opportunity of seeing what the entries in the record-of-rights are, regarding the lands which are dealt with in deeds tendered for registration. Clause 255 has been drafted to meet this point. Under it, it will be obligatory on all persons tendering for registration a document relating to land, in an area for which a record-of-rights has been published and to which the Local Government has specially applied the clause by notification, to tender at the same time a true copy of all entries in the record-of-rights relating to such land.

Clause 256.—Sub-clause (1), and the preliminary portion of sub-clause (2), are new. They follow the form now commonly adopted in giving power to make statutory rules.

In sub-clause (*a*), a reference to Deputy Commissioner has been inserted.

The words "or publication," in sub-clause (*b*), are new. The words "where no mode is prescribed by these or any other Act," which appear in section 189, sub-section (2), of the Bengal Tenancy Act, 1885, as in force in the Chota Nagpur Division, have been omitted from sub-clause (*b*), because it is proposed to declare in clause 252 that the provisions of that clause as to mode of service shall be subject to rules made under clause 256.

Sub-clauses (*c*), (*d*) and (*e*) are new.

Clauses (*3*), (*4*), (*5*) and (*6*) of section 13 of Bengal Act IV of 1897 are not reproduced, because they are covered by sub-clause (*a*) of clause 256 of the Bill.

Clause 257.—Bengal Act I of 1879 was intended to supply a Code, complete in itself, of procedure in matters cognizable by the Deputy Commissioner but has in practice been found to be deficient in certain details of procedure. To remedy this defect it is proposed, in clause 257, to empower the Local Government, with the previous sanction of the Government of India, to made rules for regulating procedure, and for applying any of the provisions of the Code of Civil Procedure, with or without modification.

Clause 258 has been shortened with reference to section 24 of the Bengal General Clauses Act, 1899 (Ben. Act I of 1899).

Clause 259.—Words as to the effect of rules and notifications have been added—in the form now commonly adopted.

Clauses 260 and 261 are new.

Clause 264.—Section 150 of Bengal Act I of 1879 is not reproduced, because Bengal Act II of 1869 is no longer a living law.

QUESTIONS AND ANSWERS.

CENTRAL WEAVING SCHOOL IN SERAMPORE.

The Hon'ble RAI KISHORI LAL GOSWAMI, BAHADUR, asked :—

Will the Government be pleased to state the reasons of the delay—

(*a*) in the opening of the Central Weaving School in Serampore, sanctioned by the Government some time ago; and

(*b*) in building the school-house and its adjuncts on the land acquired by the Government for that purpose some time ago?

The Hon'ble MR. STREATFEILD replied :—

"(*a*) The delay in opening the Central Weaving School at Serampore is due to the difficulty in securing the services of a properly-qualified Principal and Assistant Principal. The Principal recruited by the Secretary of State failed at the last moment. Further proposals in regard to the selection of a Principal have now been submitted to the Government of India, and it is hoped that a suitable officer will shortly be appointed.

"(*b*) The building of the school has been postponed until the arrival of the Principal, without whose expert advice it would be inadvisable to erect workshops and machinery."

KANKINARA BOMB OUTRAGE.

The Hon'ble RAI KISHORI LAL GOSWAMI, BAHADUR, asked :—

Will the Government be pleased to consider the expediency of disclosing the grounds which led the Police—

(*a*) to suspect some respectable men in Bhatpara, notably a *pandit* who is well known for his Sanskrit erudition and for purity of character, of having been concerned in what is popularly known as "the Kankinara bomb outrage";

(*b*) to search their houses, and then to arrest them and to bring them up for trial in the Court of the Deputy Magistrate of Sealdah; and

(*c*) to withdraw the prosecution without disclosing the charges on which they were put on their trial?

The Hon'ble MR. STREATFEILD replied :—

"It is inevitable that when some persons of 'respectable' position are undoubtedly guilty of crime, the mere fact of respectability will not shield other respectable persons from suspicion when information is received and evidence exists against them. It is also unavoidable that prompt action must be taken on information and evidence produced in such cases, if action is to be of any use. Hence there is unfortunately, in such cases and under such circumstances, the possibility of causing annoyance and inconvenience to persons who may afterwards appear, or prove to be, innocent. The Police have avoided, and do avoid, this as much as possible, and exercise all the care they can, consistently with the public safety. It is impossible, in view of the public interests, to disclose the grounds on which action was taken in this particular case."

CARRYING OF HINDU CORPSES IN THE DUM-DUM CANTONMENT.

The Hon'ble BABU RADHA CHARAN PAL asked:—

(*a*) Is it a fact, as stated in the *Bengalee* newspaper of July 29th, that a Cantonment Committee at Dum-Dum has passed a Resolution restricting the carrying of the corpses of Hindus between sunrise and 7 in the morning and again between 12 noon and 3 in the afternoon, along Jessore Road?

(*b*) Is it a fact, as stated in the same newspaper, in its issue of the 31st July, that as many as twelve persons have been fined for carrying corpses along the Jessore Road beyond the hours specified in the aforesaid Resolution?

(*c*) If so, is the Government aware that such limitation of hours seriously interferes with the religious injunctions of the Hindus relating to the disposal of the dead, the instantaneous removal and cremation of corpses being strictly laid down in the *Sastras*?

(*d*) Will the Government be pleased, in consonance with its wise and beneficial policy of non-interference with the religious practices of the people, to direct the local authorities to allow the corpses of Hindus to be conveyed to the burning-ghât along Jessore Road as before?

The Hon'ble MR. STREATFEILD said:—

"The matter will be inquired into."

ALIPORE REFORMATORY SCHOOL.

The Hon'ble BABU RADHA CHARAN PAL asked:—

(*a*) Is it proposed to remove the Alipore Reformatory School to Hazaribagh?

(*b*) If so, has the Board of Management of the Alipore Reformatory School been consulted on the subject, and with what results?

(*c*) Is it a fact that two Committees appointed by the Government and presided over by Mr. Justice Pargiter and the Hon'ble Mr. Collin, respectively, objected to the amalgamation of the Alipore Reformatory School with the Hazaribagh Reformatory, and that the late Director of Public Instruction, Sir Alexander Pedler, was opposed to the amalgamation and urged the necessity of retaining the Alipore Reformatory near Calcutta?

(*d*) Is it a fact that Sir Charles Elliott, while Lieutenant-Governor of Bengal, rejected the proposal of amalgamation, which emanated from the Board of Management of the Hazaribagh Reformatory, on the objections raised by the Alipore Board of Management, especially those of Messrs. Garrett and Amir Ali, who were then Members of the Board?

(*e*) Is it a fact that the late Lieutenant-Governor, Sir John Woodburn, also dropped the proposal of amalgamation?

(*f*) In the event of the removal of the Alipore Reformatory School to Hazaribagh, will it not be necessary to open a depôt for boys who are at present working on license, in Calcutta and Howrah, and thereby a large expenditure will be incurred, in building and in acquiring land and in maintaining a new staff of Superintendents and guards, apart from the charges of escorting boys to, and bringing back the Calcutta boys from, Hazaribagh?

(*g*) Having regard to the fact that, boys in the Alipore School being principally from Calcutta, its suburbs and Bengal Proper, its removal would, in the words of Mr. Justice Pargiter, "add some of the terrors of transportation to those of imprisonment," will the Government be pleased to drop the proposal of the removal of the Alipore Reformatory to Hazaribagh, or consult public bodies before taking that step?

The Hon'ble MR. STREATFEILD replied:—

"It is proposed to remove the Alipore Reformatory School to Hazaribagh and to amalgamate it with the Reformatory School at that place. The transfer of boys is already taking place.

"The present site of the Alipore Reformatory School has been found altogether unsuitable for the purpose, and the transfer of the school to another site is a matter of necessity. This necessity became urgent owing to the late outbreak of beri-beri in the school. The difficulty of finding a healthy and spacious site in the immediate neighbourhood of Calcutta is almost insuperable and the cost of such a site would be prohibitive.

"After most careful consideration of all the circumstances, the Lieutenant-Governor was fully convinced that, for the sake of the boys' health as well of efficiency and discipline, the amalgamation of the two schools at Hazaribagh was very desirable, especially as the buildings at that place are sufficiently spacious to receive all the boys, and as the amalgamation could therefore be effected promptly and at comparatively small cost. As His Honour was quite satisfied that the amalgamation ought to be carried out, it was not thought necessary to consult the Board of Management. The Board have, however, been informed officially of the intentions of Government. The arrangements for licensing boys have not yet been decided upon It is not proposed at present to open a separate depôt in Calcutta.

"It appears to the Lieutenant-Governor to be entirely unreasonable and improper to apply the expression 'terrors of transportation' to a land journey of 255 miles, of which 215 can be performed by train. The expression 'imprisonment' as applied to detention in a Reformatory School is also misleading under present conditions. These schools are no longer under the Jail Department. They are managed entirely by the Education Department; and every effort is made to secure that their general character shall be as much as possible that of a school and as little as possible that of a prison. The one object of these schools is the reclamation of boys from a career of crime to one of usefulness; and there is reason to believe that the attainment of this object is more easily secured where the boys are altogether removed from the influence of old associates and surroundings. Boys from Assam have always been sent to the Hazaribagh Reformatory School without objection; and there is therefore no reasonable ground for making the removal thither of boys from Bengal a matter of grievance.

"The Government has no intention of dropping the proposal."

FAMINE IN THE NADIA AND IN THE 24-PARGANAS DISTRICTS.

The Hon'ble BABU RADHA CHARAN PAL asked:—

Will the Government be pleased to state the extent and intensity of famine in the Meherpur Sub-division in the district of Nadia and in Basirhat Sub-division in the district of the 24-Parganas, and the steps taken to alleviate the distress of the people?

The Hon'ble MR. STREATFEILD replied:—

"*District Nadia.*—The area affected in the Meherpur Sub-division is 257 square miles with a population of 160,000. No separate statistics of numbers on relief and expenditure incurred are available in respect of this sub-division. In the district taken as a whole, the area affected is 963 square miles with a population of 532,000 persons. About Rs. 5,85,000 have been distributed in loans under the Land Improvement and Agriculturists' Loans Acts. Relief is being given by means of works carried on through the District Board; gratuitous relief has also been given where needed. Grants aggregating Rs. 1,17,830 have been made by Government for this purpose up to date. Funds have also been raised locally, and a grant of Rs. 2,000 will shortly be made from the Bengal Branch of the Indian Famine Charitable Relief Fund.

This, however, will be devoted solely to the purposes for which this Fund has been raised. On the 1st August, 3,845 persons were employed on works, and Rs. 860 were distributed to 2,276 persons as gratuitous relief for the week. There has been good rain and the prospects of the crops are fair.

"*District 24-Parganas.*—Government is not aware of any severe distress in the Basirhat Sub-division, although careful inquiries have been made by the Sub-divisional Officer. There has been good rain throughout the district, and prospects of crops are on the whole fair."

THE CHOTA NAGPUR TENANCY (AMENDMENT) BILL, 1907.

The Hon'ble MR. VINCENT then moved for leave to withdraw the Chota Nagpur Tenancy (Amendment) Bill, 1907. He said :—

"This Bill was introduced into Council in the early part of last year. It was then referred to a Select Committee. On a detailed examination it was found that it was open to objection in some particulars and incomplete and deficient in others. It is therefore proposed to proceed no further with that measure, and I have now to ask leave of this Council to withdraw the same."

The motion was put and agreed to.

THE CHOTA NAGPUR TENANCY AND SETTLEMENT BILL, 1908.

The Hon'ble MR. VINCENT moved for leave to introduce a Bi amend and consolidate certain enactments relating to the law of Landlord

"The law on this subject is at present contained in a number of Acts, mostly Acts of this Council. In the district of Manbhum, however, Act 10 of 1859, which is not, I think, an Act of this Council governs the relations between landlord and tenant. In the rest of the division, Act I of 1879 is in force. It has since been amended in some particulars by two later Acts of 1903 and 1905. There is also a special Act regarding the mutation of praedial conditions, being Act IV of 1897; and finally a number of sections of Act VIII of 1885 being the (Bengal Tenancy Act) are in force in Chota Nagpur excluding the district of Manbhum, by virture of the notifications of the Government of Bengal specified in paragraph 2 of the Objects and Reasons.

"The present Bill has been framed to supersede and consolidate the Acts at present in force in Chota Nagpur (excluding Manbhum), and by clause 1 of the Bill power has been retained to extend the Bill or any portions of the same to the district of Manbhum, if it should appear advisable to do so. I do not propose to deal with the provisions of the Bill at any great length at this stage of the proceedings. The same are discussed fully in the statement of Objects and Reasons which has been circulated and which is an annexure of the Bill. Moreover, the provisions of the Bill will be considered in greater detail in Select Committee. At the same time, I think it my duty to give the Council some account of the history of the proposed legislation and of the main principles therein contained. Act I of 1879 was amended as I have said in 1903 and 1905. In 1906, further proposals for amendment were made. These proposals were subsequently formulated in the Bill which has just now being withdrawn. After the consideration of that Bill in Select Committee, a fresh amending Bill was drafted by the Government on the basis of the recommendations of the Select Committee, and the new Bill was discussed at considerable length at repeated meetings convened by direction of the Lieutenant-Governor at Ranchi in August last. At these Conferences, representatives of all classes interested in the welfare of landlord and tenant in Chota Nagpur were present and the provisions of the draft Bill were considered and discussed at length and in detail, and finally the same were accepted with some modifications and a final Conference was held at which His Honour presided when the proceedings of the previous Conferences were considered and approved. The Government was then of opinion that it would be inconvenient to pass another merely amending Bill, and that it would be well to take the opportunity of consolidating the unrepealed portions of the existing

law and the proposed changes into one Bill, and in accordance with that view the present Bill has been framed. It also includes some amendments—though comparatively few—of importance which were not considered at the Ranchi Conference.

"Having stated briefly a history of the present Bill, I now wish to lay before the Council the main and important changes which are contained in the same. In the first place, the principle of the settled raiyat, which has been accepted for many years in the rest of Bengal, is now recognized in Chota Nagpur.

"In the year 1901, a suggestion was made by the Government of India that the Lieutenant-Governor should consider the expediency of assimilating the law on this point in Chota Nagpur with the provisions of the Bengal Tenancy Act. His Honour was then of opinion that the Government had not sufficient information in regard to local conditions to enable it to accept the proposal. Since then a quantity of information on the subject has been collected by the Settlement Department, and the Government is now, after a consideration of the same, of the opinion that there are no valid reasons for retaining raiyats in Chota Nagpur, in a less advantageous position in this respect than the raiyats in the rest of Bengal. Similarly, it is proposed in the Bill to ameliorate the position of non-occupancy raiyats. Act I of 1879 practically gives this class of raiyats no rights, and so far as that Act is concerned they are, independent of any customary rights, tenants at will, and are liable to be called upon to pay rack rents and to summary ejectment at the hands of the landlord. It is proposed in the present Bill to assimilate the position of a non-occupancy raiyat in Chota Nagpur with that held in the rest of Bengal.

"There is also no provision in the existing Act for the mutation of rents in kind into money rents. Provision has been made on the lines of the corresponding sections of the Bengal Tenancy Acts for such mutations.

"I now come to the question of enhancements of rents of occupancy tenants on which point the Bill makes very material changes in the law. At present the law on the subject of enhancements in Chota Nagpur is contained in section 21 of 1879. Enhancements by private contract are in the opinion of the executive authorities entirely prohibited by section 21 of Act I of 1879, and enhancements can be effected legally only by an order of the Deputy Commissioner. Even Revenue-officers preparing records-of-rights, have no authority to settle rents.

"It is now proposed to change this and to enact that all enhancements of rents in areas where a record-of-rights has been prepared, subject to certain conditions, shall be effected only at periodical revisions of settlement. This proposal was accepted gladly and without a single dissentient voice at the Ranchi Conference. It does not seem necessary, therefore, for me to dwell upon it at any length.

The customary rights of aboriginal raiyats in jungle and waste lands of their villages are a possession which these people greatly cherish. At the same time, they are the subject of constant disagreements and disputes with the landlord; and the difficulty of deciding such disputes satisfactorily is enhanced by the absence in many cases of any documentary evidence regarding the same. To remove this difficulty it is proposed to utilize the services of Settlement Officers engaged in the publication of records-of-rights who will be required under the provisions of the Bill to make a record of such customary rights when preparing a record of other tenants' rights under Chapter 12 of the Bill. This record will have of course only the presumptive value that attaches to the record of-rights. Similarly, the customary rights of raiyats in regard to the conversion of jungle and waste lands into rice lands have been clearly and specifically set forth in clauses 64 and 65 of the Bill, and Settlement Officers when preparing records of-rights are called upon to include a statement in regard to this right in the record if so directed by the Local Government. This subject of the reclamation of waste lands locally, known as the preparation of *Korkar* or *Khandwat*, was discussed at very great length at the Ranchi Conferences to which reference has been made, and the provisions of the Bill are based entirely on the decisions of that Conference.

"Provision has also been made in Chapter 14 of the Act for the protection of the interest of landlords in those privileged lands in which rights of occupancy do not ordinarily accrue. These lands correspond to the lands commonly termed *zerait* in the Bengal Tenancy Act, and the proposals on this point also are based on the decisions arrived at in the Conference. Another very important matter to which attention should be drawn is that discussed in Chapter 15 of the Bill. It has been found in certain backward portions of the division that the customary rights of village headmen and other cultivating raiyats have been systematically disregarded by powerful landlords, and that the aboriginal tenants in such areas have been entirely unable to secure redress for their grievances in the ordinary Civil Courts, and the provisions of this Chapter have been framed for the protection of these tenants where such action is found necessary. It is proposed to empower the Local Government to direct the preparation of the record-of-rights in selected areas which shall be final and conclusive evidence of the particulars recorded therein. It is not the intention of Government to enforce the provisions of this Chapter generally or freely, and it is clearly to be understood that it will be utilized only in particular areas after clear proof of the necessity of special measures for the protection of aboriginal raiyats. There are in the existing law similar provisions for the protection of *Mundari Khunt-Kattidars* and in the *Sonthal Parganas*, a district inhabited by aboriginals of similar races to those that inhabit Chota Nagpur, a settlement record-of-rights is final and conclusive, so that the proposals contained in this Chapter cannot be considered to be either new or untried.

I find I have omitted by oversight one change of some importance which occurs earlier in the Act: I refer to clauses 50 and 51 of the Bill.

"Clause 51 in the Bill is based on section 84 of Act VIII of 1885, and enables a landlord in certain circumstances to acquire a raiyat's holding for purposes of general utility.

"In clause 50 of the Bill, similarly, it is proposed to authorise raiyats to sell their own holdings or a portion of the same for purposes of general utility without the consent of their landlords with the sanction of the Deputy Commissioner. Provision has at the same time been made for safeguarding the landlords' interests before such transfers are sanctioned.

Finally, there are two clauses of the Bill to which special attention should be directed, as they involve principles of very great importance.

"I refer to clauses 95 and 134—sub-clauses (*5*) and (*6*). The first of these modifies the effects of Civil and Revenue Court decrees in regard to certain matters in the areas under settlement. The reason for the insertion of this provision is that it is believed that Revenue-officers inquiring locally into the questions referred to in the section are in a better position to ascertain the actual facts than any Civil or Revenue-officers sitting at head-quarters can be, and the Government desires therefore that the inquiries and decisions of Revenue-officers on the questions referred to should not be unduly hampered or limited owing to the existence of decrees of Civil or Revenue Courts, having in view the fact that such decrees are based on insufficient information. At the same time, it is not proposed to treat these decrees as worthless. They are made relevant evidence of the fact stated therein.

"Sub clauses (*5*) and (*6*) of clause 124 give the Revenue Courts jurisdiction to entertain certain classes of suits between landlords and cultivating tenants and between landlords and village headmen. Under the existing law, these suits are tried by ordinary Civil Courts.

"It has been found by experience that ignorant aboriginals are not able to meet their landlords on equal terms or to secure justice in the ordinary Civil Courts. It is hoped that Revenue-officers will be in a better position to deal with the cases mentioned in these sub-clauses, more satisfactorily, and that they will have more opportunities for ascertaining the actual facts by local inquiry than any Munsif has. In this view, the present sub-clauses were framed. The amendments will, I admit, require most careful consideration in Select Committee.

"I have now discussed the main principles of this Bill, and I cannot, I think, usefully occupy your time by dealing at this stage with the many less

important amendments contained therein. Ample opportunity will be given for the discussion of the same in the course of time. All that is necessary I think for me to do at present is to explain shortly the main principles of the Bill and the reasons which have led to the proposals. This I have attempted to do above, and I have now merely to repeat my request for leave to introduce the Bill."

The Hon'ble BABU KALI PADA GHOSH said:—"Sir, the Bill which has been introduced is much different, both in matter and quality, from the previous Bill which was discussed by the Select Committee in March, 1907, and which has just been withdrawn. The whole of the existing Rent Act of Chota Nagpur has been re-cast by the present Bill, and we feel bound to acknowledge that it is a decided improvement in the previous Bill which was a very meagre and imperfect piece of legislation, drafted with little or no regard for public opinion, and as such it evoked loud complaints from the people whose interests it prejudicially affected. As a matter of fact in discussing the provisions of the said Bill, the Select Committee found that not only several of these were open to objection, but some of them were considered unworkable in their practical operatives, and we are thankful to His Honour the Lieutenant-Governor for allowing the Bill to be dropped at that stage and giving us further opportunities to consider the provisions in the Bill which was to be substituted in its place.

"Last year about this time a Conference was held at Ranchi which was presided over by the Commissioner of the Division and attended by the Deputy Commissioners and some other officers possessing local experience as also by some representative men of the District of Ranchi, and the revised draft of the Bill was discussed by the Conference in five sittings, in one of which His Honour the Lieutenant-Governor presided. To discuss the provisions of a legislative measure at a place where it would operate and amongst people who are directly interested in it, is certainly a right step in the direction of ascertaining its merits and demerits, but unfortunately the procedure adopted in the Conference, namely, to carry every proposal by a majority of votes, was not a happy one, and the result was that the protest made by almost all the non official members of the Conference against some very objectionable provisions was negatived by a preponderance of official votes. The object of the Conference was or at least should have been to ascertain the views of the local people by a discussion with them directly on the subject and to give due and mature consideration to such views and not to summarily reject them, simply because the votes recorded in favour of their proposals happened to be less than the votes against them. The present Bill has incorporated almost all the provisions of the revised Bill which was discussed in the Conference and also the sections of the existing Rent Act, and as regards the former the Bill has mainly embodied the result of the discussions in the Conference. The provisions of the revised Bill which were open to objection have therefore found their place in the present Bill, but we may express a hope that the Hon'ble Members of the Select Committee will not throw away our objections simply because they were vetoed by the Conference.

"I do not think it would be proper at this stage to enumerate all the provisions of the present Bill which are objectionable, but it may not be altogether out of place to make a few observations on some of the points which are open to very serious objections.

"Section 134 of the Bill purports to reproduce section 37 of the existing Rent Act, but in so doing it has introduced an innovation which, I may say, conflicts with the very fundamental principles which regulates the scope and character of suits cognizable by Revenue Courts. Clause 5 of the said section confers exclusive jurisdiction to Revenue Courts in the trial of suits for recovery of possession of agricultural lands from the cultivator thereof, on the ground that he has no title to occupy the land and is a trespasser; and clause 6 also makes a similar encroachment on the jurisdiction of Civil Courts. I would appeal to the experience possessed by the Hon'ble Members of the working of Rent Law in other parts of the country, and ask them to consider how far they can endorse such provisions of the Bill as purport to oust the Civil Courts

of their jurisdiction in suits against trespassers and in which complicated questions of title are bound to arise. While in one part of the province the Government is making an attempt to separate the judicial and executive functions in matters criminal, it must be regarded a strange irony of fate so far as another part of the province is concerned that a retrograde step of such a character should be thought necessary.

"Chapter IV of the Bill extends the rights and privileges of a settled raiyat to the raiyats of Chota Nagpur, and although this may be regarded as an innovation so far as Chota Nagpur is concerned, and however much it may be objected to by the landlords, we must say that it is a change for the better, as there is no reason why the rights which have been enjoyed by the raiyats of Bengal and Bihar ever since the passing of the Bengal Tenancy Act should any longer be denied to the raiyats of Chota Nagpur.

"But although we are prepared to lend our hearty support to such provisions of the Bill as are calculated to secure in favour of the raiyats extended and legitimate rights on their raiyati lands, we cannot certainly shut our eyes to the interests of landlords, so far as their *nijjote* lands are concerned. Under the head 'Record of Landlords' Privileged Lands,' we find no lands in a village other than those that have been entered as *manjhihas* or *bethkheta* in the register prepared under the Chota Nagpur Tenures Act, 1869, shall be recorded as landlords' privileged lands, and that in villages where there have been no demarcation of *manjhihas* lands, the privileged lands will mean a certain description of lands and which are entered as such in the register prepared by a Revenue-officer. If these provisions be read along with section 17 of the Bill which confers on a settled raiyat, the right of occupancy on all lands held by him as a raiyat and that the accrual of right of occupancy will have restrospective effect from January, 1907, it will appear that the right of the landlords to keep their *nijjote* lands in their *khas* possession will be practically done away with. In making these observations, I do not lose sight of the corresponding provisions in the Bengal Tenancy Act whereby restrospective effect was given from two years before the passing of the said Act, but the circumstances of Chota Nagpur are widely different from those of Bengal and Bihar in this respect. I may say that three-fourths of the Chota Nagpur Division, if not more, is under the management of Wards and Encumbered Estates Department, and all the *khas* lands of the proprietors under such management have been settled with raiyats, as the Managers of such estates do not find it practicable to keep any lands in *khas* cultivation and the Commissioner of the Division issued distinct instructions to the Managers to let all *khas* lands to the raiyats for a term or year by year. The settlements which have been made in respect of such lands have not in many cases yet run out and the effect of allowing the accrual of right of occupancy on such lands will not only lead to a destruction of landlords' cherished rights, but will be conferring privileges to the raiyats which they themselves never thought of enjoying The above remarks apply equally to the cases of other landlords in Chota Nagpur who are not under the management of Wards and Encumbered Estates Departments, as by the general practice prevailing in the division, their *nijjote* lands have mostly been let out on what is called *sajha* or *saika* settlement, and the period of such settlement has not expired in many cases. These provisions will therefore require very careful consideration by the Select Committee.

"Section 59 of the Bill lays down the rate of interest chargeable on arrears of rent which, under the definition as given in the Bill, includes cesses, and this rate for all arrears for a year or more shall not exceed six-and-a-quarter *per cent.* The Bengal Tenancy Act allows twelve and half *per cent.* and the Cess Act allows the same rate and it does not stand to reason why the rate as laid down by the Bill shall not exceed six-and-a-quarter *per cent.*

"I do not think I shall take up any further time of the Council, but I shall make one more observation in regard to section 1 of the Bill which contemplates a future extension of this Act to the district of Manbhum. In the character of its land tenures and in development of trade and industry and in several other respects, the district of Manbhum is much different from other districts in the

division, and the present Act, unless it is modified to suit the conditions of that district, will be productive of great hardship. It is hoped that when such extension will be decided upon, the people of that district will be allowed sufficient opportunity to lay their views before the Government.

"The Bill has been placed in charge of the Hon'ble Mr. Vincent, an officer of ripe judicial experience and possessor of an intimate knowledge of the part of the country for which the Bill is intended, and we feel sure that in piloting the measure the Hon'ble Member will steer clear of all bias against any particular section of the people, either landlords or raiyats, and that he will be pleased to bestow a patient and careful consideration for our suggestion in the Select Committee."

The Hon'ble BABU JOGENDRA CHANDRA GHOSE said:—"It is a matter of satisfaction to find that many of the provisions of the Bengal Tenancy Act are going to be introduced into the Chota Nagpur Law. In my humble opinion it would have been very much better if the whole of the Bengal Tenancy Act was introduced in the Chota Nagpur Bill with the addition of a certain number of provisions embodying the customary law of that province. The law relating to landlords, as prevailing in Chota Nagpur and the Sonthal Parganas, has not been of a very satisfactory character. The poverty of the people is owing no doubt greatly to the poverty of the soil, but to some extent also to the paternal system prevailing there by which free contract is restricted and the flow of capital prevented, except the capital of the coal speculators. It would have been very much better if Chota Nagpur and the Sonthal Parganas were regulation districts governed by the same laws which have made the Bengal cultivator prosperous. The constant interference of the Revenue-officers did not make the Bengali cultivator prosperous before 1859.

"It was when the Civil Courts came in, and the system which is now sought to be introduced in Chota Nagpur was abolished in Bengal, that the Bengali cultivator prospered. It is difficult to state all the defects, but the fact remains that from that time alone the prosperity of Bengal dates. I cannot approve of the new provisions by which the jurisdiction of the Civil Courts in very many important matters is being taken away. It is not a move in the right direction. The Chota Nagpur Landlords' Association have objected to a great many provisions of the Act, and I dare say that the Select Committee will carefully consider every one of them. I cannot but congratulate the framers of the Bill on the rights given to non-occupancy raiyats and the restrictions placed on the constant enhancement of rents and other protection for the tenant. The present law of Chota Nagpur has mainly caused a very large proportion of the population to migrate to the tea gardens, and more than three-fourths of the landlords are insolvents under the present conditions. I do not believe that the constant paternal care of the Revenue-officers has been conducive to the good of the country, and I should very much like to have the same system prevailing there as in Bengal."

The Hon'ble BABU DEVA PRASAD SARVADHIKARY said:—"I had not intended at this stage to take part in the discussion, particularly as I see from the Agenda that I shall have the honor of taking part in the proceedings of the Select Committee. But I cannot however refrain from observing from the discussion we have just listened to, that there is undoubtedly a feeling in some quarters that the Bill does not go far enough, and in others that the Bill goes quite the other way. Although there have been Conferences at Ranchi, there is no doubt that the matter has not been as fully thrashed out as it might have been and ought to be. Taking part in the proceedings of the Select Committee, I shall be very sorry two years hence to have it said that the Bill is incomplete, or to have used language with reference to it such as has been heard in the neighbourhood of this table and even by the Hon'ble member in charge of the present Bill. It therefore appears to me that this, like many another measure that has been similarly characterised, is one that should not be hurried through either in the Select Committee or the Council, and the point I should like to submit to the Council at this stage is that more time should be given for the consideration of the matter in the Select Committee

than it was proposed to give so far as I can gather from the proposal about to be submitted for the acceptance of the Council.

"Reference has been made to the benefits derived from a discussion of matters locally, and it has been stated that more than one local conference has been held. Such a procedure is likely to be beneficial to all concerned, but it may be a matter for consideration. Even now whether further information should not be similarly obtained before the matter is finally disposed of. Of course as regards time I do not think that considerations of the character that the period of deputation of the Hon'ble Member in charge of the Bill is limited, will be allowed to influence the situation.

"There is another matter which I would like to refer to at this stage and that is with regard to the Sonthal Parganas which will have neither the benefits of the Bengal Tenancy Act or the Chota Nagpur Tenancy Act, although the Parganas are in many ways closely allied to Chota Nagpur. Attention to this matter was drawn by the Hon'ble Mr. Jogendra Chunder Mookerjee, and it was thought that when the consideration of the Chota Nagpur Bill would be brought up, the position of the Sonthal Parganas would also be considered. The question is whether that should not be taken up at an early and convenient time, and whether it is not convenient to be taken up with this Bill. Regarding other matters, I should not make any observations just now: there will be time enough in the Select Committee. I will, however, say that having regard to the very divergent opinions still prevailing with regard to the amended Bill, the Select Committee should have much more time to consider the matter than is proposed to be given."

The Hon'ble MR. VINCENT in reply said:—"I should like to reply very briefly to one or two criticisms that have been offered on this Bill. I am very grateful to the Hon'ble Babu Kali Pada Ghosh for the very kindly manner in which he has spoken of me and also I think I may say for the moderate manner in which his criticisms of the Bill, have been worded.

"It was unfortunate, however, that he did not specify the particular proposals which were carried at the Ranchi Conference by a majority of officials. The only specific point to which he referred was that of landlords' privileged lands. I think I am right in saying that the Hon'ble Babu Kali Pada Ghosh was one of the members who accepted the proposals on this point made at the Conference which are embodied in the Bill. I agree very distinctly with him that section 134, sub-clauses (*5*) and (*6*), and the other section I referred to which modifies the effect of Civil Court decrees should be very carefully considered in the Select Committee. I have stated so in my opening address and it will be so considered.

"I think in regard to one detail the Hon'ble Member is in error, and that is in supposing that instalments of rent only bear interest at six-and-a-quarter *per cent.* Section 59 lays down that 'any instalment of rent which is not paid before sunset of the day when the same is payable shall be deemed an arrear of rent and shall be liable to simple interest not exceeding twelve-and-a-half *per centum per annum*,' and not six-and-a-quarter *per cent.* The proviso is 'that the interest for the entire year in which any arrear accrues shall not exceed six-and-a-quarter *per cent.*' If a raiyat pays his annual rent within the year, he shall not be called upon to pay more than six-and-a-quarter *per cent.* for that year. The second clause was put in to meet the case of certain landlords who have a system of collection by monthly kists who charge an exorbitant rate of interest. I do not think if the demands are paid within the year, that six-and-a-quarter *per cent.* is unreasonable.

"The Bill has not been extended to Manbhum as yet, and before it is extended there is no doubt that the Local Government will very carefully consider the local conditions. Act X of 1859 is, however, very defective in many details, and if this Act is not extended to Manbhum, then it will be necessary to frame a special Act for that district.

"Another Hon'ble Member proposed the extension of the Bengal Tenancy Act and, in fact, I think he went further and said that all non-regulation districts should be made regulation districts. I think it is not very relevant

to this discussion whether non-regulation districts should be made regulation districts, and I do not propose to enter upon that question.

"The extension of Act VIII of 1885 to this division was considered very carefully, and those sections which are applicable and suited to local conditions have been incorporated in the Bill. I found it a little difficult to follow the Hon'ble Member in regard to Act X of 1859. He said that the prosperity of the agricultural population in Bengal began after Act X had been repealed. I am not aware if this is a fact or not. He then proceeded to say that we were introducing Act X of 1859 into Chota Nagpur. This is not so, and is a statement founded on an entire misapprehension of facts. We do not seek to introduce that Act into any part of Chota Nagpur; in fact power has been obtained to repeal that Act in the district of Manbhum; so that if the repeal of that Act was sufficient to gain prosperity for the agriculturists in Bengal, then the raiyats in Chota Nagpur will have the same advantages as their brethren elsewhere.

"One Hon'ble Member has referred to the time given for the discussion of this Bill in Select Committee. The time put down is only approximate, and if necessary will undoubtedly be extended. It is not the intention of Government to hurry through this Bill either in Select Committee or in Council, but having regard to the fact that the majority of the amendments proposed have been thoroughly discussed at great length at the Conferences already mentioned, the period put down for the presentation of the Select Committee's Report was merely an approximate one. Those sections which have been taken bodily from the Bengal Tenancy Act and introduced into this Bill cannot be the subject of any prolonged discussion, nor do I anticipate that it will be necessary to discuss at any very great length those portions of Act I of 1879 which will remain in force in the division. The remaining portions are not very long and I think, that we may be able to finish in the time described. If it is not done within the time, there will be no objection to an extension being allowed. As for discussing the Bill locally, the only place where it can be discussed is Ranchi, and it has been discussed there at very great length, and I think we shall have to consult the convenience of the other Members of the Committee before making any pronouncement on the matter.

"Lastly, it has been suggested that this legislation should be extended to the Sonthal Parganas, and if I understood the Hon'ble Member correctly, he said a proposal on this point was previously made to Government. No proposal of this kind has, so far as I am aware, been made to Government; nor can the Government make the Act applicable to the Sonthal Parganas without long and detailed inquiries as to the local conditions there. It is very doubtful whether it could be applied with advantage, and the inquiries that would have to be made would be of such a nature that the matter under discussion would be unduly delayed."

The motion was then put and agreed to.

The Hon'ble Mr. Vincent also introduced the Bill and moved that it be read in Council.

The motion was put and agreed to, and the Secretary accordingly read the title of the Bill.

The Hon'ble Mr. Vincent also moved that the Bill be referred to a Select Committee consisting of the Hon'ble Mr. Greer, the Hon'ble Mr. Duke, the Hon'ble Mr. Streatfeild, the Hon'ble Babu Kali Pada Ghosh, the Hon'ble Maharaja-Dhiraj of Burdwan, the Hon'ble Babu Deva Prasad Sarvadhikary, and the Mover, with instructions to report at the Meeting of Council to be held on the 5th September, 1908.

The motion was put and agreed to.

The Council was then adjourned to Saturday, the 22nd August, 1908.

PART II.

LIMITATION OF SUITS, APPEALS AND APPLICATIONS.

3. Subject to the provisions contained in sections 4 to 25 (inclusive), every suit instituted, appeal preferred, and application made, after the period of limitation prescribed therefor by the first schedule shall be dismissed, although limitation has not been set up as a defence.

Dismissal of suits, etc., instituted, etc., after period of limitation.

Explanation.—A suit is instituted, in ordinary cases, when the plaint is presented to the proper officer; in the case of a pauper, when his application for leave to sue as a pauper is made; and, in the case of a claim against a company which is being wound up by the Court, when the claimant first sends in his claim to the official liquidator.

4. Where the period of limitation prescribed for any suit, appeal or application expires on a day when the Court is closed, the suit, appeal or application may be instituted, preferred or made on the day that the Court re-opens.

Where Court is closed when period expires.

5. Any appeal or application for a review of judgment or for leave to appeal or any other application to which this section may be made applicable by any enactment or rule for the time being in force may be admitted after the period of limitation prescribed therefor, when the appellant or applicant satisfies the Court that he had sufficient cause for not preferring the appeal or making the application within such period.

Extension of period in certain cases.

Explanation.—The fact that the appellant or applicant was misled by any order, practice or judgment of the High Court in ascertaining or computing the prescribed period of limitation may be sufficient cause within the meaning of this section.

6. (*1*) Where a person entitled to institute a suit or make an application for the execution of a decree is, at the time from which the period of limitation is to be reckoned, a minor, or insane, or an idiot, he may institute the suit or make

Legal disability.

(*Part II.—Limitation of Suits, Appeals and Applications. Part III.—Computation of Period of Limitation.*)

disability has ceased, as would otherwise have been allowed from the time prescribed therefor in the third column of the first schedule.

(*2*) Where such person is, at the time from which the period of limitation is to be reckoned, affected by two such disabilities, or where, before his disability has ceased, he is affected by another disability, he may institute the suit or make the application within the same period, after both disabilities have ceased, as would otherwise have been allowed from the time so prescribed.

(*3*) Where the disability continues up to the death of such person, his legal representative may institute the suit or make the application within the same period after the death as would otherwise have been allowed from the time so prescribed.

(*4*) Where such representative is at the date of the death affected by any such disability, the rules contained in sub-sections (*1*) and (*2*) shall apply.

Illustrations.

(*a*) The right to sue for the hire of a boat accrues to A during his minority. He attains majority four years after such accruer. He may institute his suit at any time within three years from the date of his attaining majority.

(*b*) A right to sue accrues to Z during his minority. After the accruer but while Z is still a minor, he becomes insane. Time runs against Z from the date when his insanity and minority cease.

(*c*) A right to sue accrues to X during his minority. X dies before attaining majority, and is succeeded by Y, his minor son. Time runs against Y from the date of his attaining majority.

Disability of one of several plaintiffs or applicants.

7. Where one of several persons jointly entitled to institute a suit or make an application for the execution of a decree is under any such disability, and a discharge can be given without the concurrence of such person, time will run against them all: but, where no such discharge can be given, time will not run as against any of them until one of them becomes capable of giving such discharge without the concurrence of the others or until the disabilility has ceased.

Illustrations.

(*a*) A incurs a debt to a firm of which B, C and D are partners. B is insane, and C is a minor. D can give a discharge of the debt without the concurrence of B and C. Time runs against B, C and D.

(*b*) A incurs a debt to a firm of which E, F and G are partners. E and F are insane, and G is a minor. Time will not run against any of them until either E or F becomes sane, or G attains majority.

Special exceptions.

8. Nothing in section 6 or in section 7 applies to suits to enforce rights of pre-emption, or shall be deemed to extend, for more than three years from the cessation of the disability or the death of the person affected thereby, the period within which any suit must be instituted or application made.

Illustrations.

(*a*) A, to whom a right to sue for a legacy has accrued during his minority, attains majority eleven years after such accruer. A has, under the ordinary law, only one year remaining within which to sue. But under section 6 and this section an extension of two years will be allowed him, making in all a period of three years from the date of his

(*b*) A right to sue for an hereditary office accrues to A who at the time is insane. Six years after the accruer A recovers his reason. A has six years, under the ordinary law, from the date when his insanity ceased within which to institute a suit. No extension of time will be given him under section 6 read with this section.

(*c*) A right to sue as landlord to recover possession from a tenant accrues to A, who is an idiot. A dies three years after the accruer, his idiocy continuing up to the date of his death. A's representative in interest has, under the ordinary law, nine years from the date of A's death within which to bring a suit. Section 6 read with this section does not extend that time, except where the representative is himself under disability when the representation devolves upon him.

Continuous running of time.

9. Where once time has begun to run, no subsequent disability or inability to sue stops it:

Provided that, where letters of administration to the estate of a creditor have been granted to his debtor, the running of the time prescribed for a suit to recover the debt shall be suspended while the administration continues.

Suits against express trustees and their representatives.

10. Notwithstanding anything hereinbefore contained, no suit against a person in whom property has become vested in trust for any specific purpose, or against his legal representatives or assigns (not being assigns for valuable consideration), for the purpose of following in his or their hands such property, or the proceeds thereof, or for an account of such property or proceeds, shall be barred by any length of time.

Suits on foreign contracts.

11. (*1*) Suits instituted in British India on contracts entered into in a foreign country are subject to the rules of limitation contained in this Act.

(*2*) No foreign rule of limitation shall be a defence to a suit instituted in British India on a contract entered into in a foreign country, unless the rule has extinguished the contract and the parties were domiciled in such country during the period prescribed by such rule.

PART III.

COMPUTATION OF PERIOD OF LIMITATION.

Exclusion of time in legal proceedings.

12. (*1*) In computing the period of limitation prescribed for any suit, appeal or application, the day from which such period is to be reckoned shall be excluded.

(*2*) In computing the period of limitation prescribed for an appeal, an application for leave to appeal and an application for a review of judgment, the day on which the judgment complained of was pronounced, and the time requisite for obtaining a copy of the decree, sentence or order appealed from or sought to be reviewed, shall be excluded.

(*3*) Where a decree is appealed from or sought to be reviewed, the time requisite for obtaining a copy of the judgment on which it is founded shall also be excluded.

(*4*) In computing the period of limitation prescribed for an application to set aside an award, the time requisite for obtaining a copy

Exclusion of time of proceeding *bonâ fide* in Court without jurisdiction.

14. (*1*) In computing the period of limitation prescribed for any suit, the time during which the plaintiff has been prosecuting with due diligence another civil proceeding whether in a Court of first instance or in a Court of appeal, against the defendant, shall be excluded, where the proceeding is founded upon the same cause of action and is prosecuted in good faith in a Court which, from defect of jurisdiction, or other cause of a like nature, is unable to entertain it.

(*2*) In computing the period of limitation prescribed for any application, the time during which the applicant has been prosecuting with due diligence another civil proceeding, whether in a Court of first instance or in a Court of appeal, against the same party for the same relief shall be excluded, where such proceeding is prosecuted in good faith in a Court which, from defect of jurisdiction, or other cause of a like nature, is unable to entertain it.

Explanation I.—In excluding the time during which a former suit or application was pending, the day on which that suit or application was instituted or made, and the day on which the proceedings therein ended, shall both be counted.

Explanation II.—For the purposes of this section, a plaintiff or an applicant resisting an appeal shall be deemed to be prosecuting a proceeding.

Explanation III.—For the purposes of this section, misjoinder of parties or of causes of action shall be deemed to be a cause of a like nature with defect of jurisdiction.

Exclusion of time during which proceedings are suspended.

15. (*1*) In computing the period of limitation prescribed for any suit or application for the execution of a decree, the institution or execution of which has been stayed by injunction or order, the time of the continuance of the injunction or order, the day on which it was issued or made, and the day on which it was withdrawn, shall be excluded.

(*2*) In computing the period of limitation prescribed for any suit of which notice has been given in accordance with the requirements of any enactment for the time being in force, the period of such notice shall be excluded.

Exclusion of time during which proceedings to set aside execution-sale are pending.

16. In computing the period of limitation prescribed for a suit for possession by a purchaser at a sale in execution of a decree, the time during which a proceeding to set aside the sale has been prosecuted shall be excluded.

Effect of death before right to sue accrues.

17. (*1*) Where a person who would, if he were living, have a right to institute a suit or make an application, dies before the right accrues, the period of limitation shall be computed from the time when there is a legal representative of the deceased capable of instituting or making such suit or application.

(*2*) Where a person against whom, if he were living, a right to institute a suit or make an application would have accrued dies before the right accrues, the period of limitation shall be computed from the time when there is a legal representative of the deceased against whom the plaintiff may institute or make such suit or application.

(*3*) Nothing in sub-sections (*1*) and (*2*) applies to suits to enforce rights of pre-emption or to suits for the possession of immoveable property or of an hereditary office.

Effect of fraud.

18. Where any person having a right to institute a suit or make an application has, by means of fraud, been kept from the knowledge of such right or of the title on which it is founded, or where any document necessary to establish such right has been fraudulently concealed from him,

the time limited for instituting a suit or making an application—

(*a*) against the person guilty of the fraud or accessory thereto, or

(*b*) against any person claiming through him otherwise than in good faith and for a valuable consideration,

shall be computed from the time when the fraud first became known to the person injuriously affected thereby, or, in the case of the concealed document, when he first had the means of producing it or compelling its production.

Effect of acknowledgment in writing.

19. (*1*) Where, before the expiration of the period prescribed for a suit or application in respect of any property or right, an acknowledgment of liability in respect of such property or right has been made in writing signed by the party against whom such property or right is claimed, or by some person through whom he derives title or liability, a fresh period of limitation shall be computed from the time when the acknowledgment was so signed.

(*2*) Where the writing containing the acknowledgment is undated, oral evidence may be given of the time when it was signed; but, subject to the provisions of the Indian Evidence Act, 1872, oral evidence of its contents shall not be received.

Explanation I.—For the purposes of this section an acknowledgment may be sufficient though it omits to specify the exact nature of the property or right, or avers that the time for payment, delivery, performance or enjoyment has not yet come, or is accompanied by a refusal to pay, deliver, perform or permit to enjoy, or is coupled with a claim to a set-off, or is addressed to a person other than the person entitled to the property or right.

Explanation II.—For the purposes of this section, "signed" means signed either personally or by an agent duly authorized in this behalf.

Explanation III.—For the purposes of this section an application for the execution of a decree or order in an suit

The Indian Limitation Act, 1908.

(Part III.—Computation of Period of Limitation. Part IV.—Acquisition of Ownership by Possession.)

Effect of payment of interest as such or of part payment of principal.

20. (*1*) Where interest on a debt or legacy is, before the expiration of the prescribed period, paid as such by the person liable to pay the debt or legacy, or by his agent duly authorized in this behalf,

or where part of the principal of a debt is, before the expiration of the prescribed period, paid by the debtor or by his agent duly authorized in this behalf,

a fresh period of limitation shall be computed from the time when the payment was made:

Provided that, in the case of part payment of the principal of a debt, the fact of the payment appears in the handwriting of the person making the same.

Effect of receipt of produce of mortgaged land.

(*2*) Where mortgaged land is in the possession of the mortgagee the receipt of the rent or produce of such land shall be deemed to be a payment for the purpose of sub-section (*1*).

Explanation.—Debt includes money payable under a decree or order of Court.

Agent of person under disability.

21. (*1*) The expression "agent duly authorized in this behalf," in sections 19 and 20, shall, in the case of a person under disability, include his lawful guardian, committee or manager, or an agent duly authorized by such guardian, committee or manager to sign the acknowledgment or make the payment.

Acknowledgment payment by one of several joint contracto , etc.

(*2*) Nothing in the said sections renders one of several joint contractors, partners, executors or mortgagees chargeable by reason only of a written acknowledgment signed or of a payment made by, or by the agent of, any other or others of them.

Effect of substituting or adding new plaintiff or defendant.

22. (*1*) Where, after the institution of a suit a new plaintiff or defendant is substituted or added, the suit shall, as regards him, be deemed to have been instituted when he was so made a party.

(*2*) Nothing in sub-section (*1*) shall apply to a case where a party is added or substituted owing to an assignment or devolution of any interest during the pendency of a suit or where a plaintiff is made a defendant or a defendant is made a plaintiff.

Continuing breaches and wrongs.

23. In the case of a continuing breach of contract and in the case of a continuing wrong independent of contract, a fresh period of limitation begins to run at every moment of the time during which the breach or the wrong, as the case may be, continues.

Suit for compensation for act not actionable without special damage.

24. In the case of a suit for compensation for an act which does not give rise to a cause of action unless some specific injury actually results therefrom, the period of limitation shall be computed from the time when the injury results.

Illustration.

A owns the surface of a field. B owns the subsoil. B digs coal thereout without causing any immediate apparent period of limitation in the case of a suit by A against B runs from the time of the subsidence.

Computation of time mentioned in instruments.

25. All instruments shall, for the purposes of this Act, be deemed to be made with reference to the Gregorian calendar.

Illustrations.

(*a*) A Hindu makes a promissory note bearing a Native date only, and payable four months after date. The period of limitation applicable to a suit on the note runs from the expiration of four months after date computed according to the Gregorian calendar.

(*b*) A Hindu makes a bond, bearing a Native date only, for the repayment of money within one year. The period of limitation applicable to a suit on the bond runs from the expiration of one year after date computed according to the Gregorian calend r.

PART IV.

ACQUISITION OF OWNERSHIP BY POSSESSION.

Acquisition of right to easements.

26. (*1*) Where the access and use of light or air to and for any building have been peaceably enjoyed therewith as an easement, and as of right, without interruption, and for twenty years,

and where any way or watercourse, or the use of any water, or any other easement (whether affirmative or negative) has been peaceably and openly enjoyed by any person claiming title thereto as an easement and as of right without interruption, and for twenty years,

the right to such access and use of light or air, way, watercourse, use of water, or other easement shall be absolute and indefeasible.

Each of the said periods of twenty years shall be taken to be a period ending within two years next before the institution of the suit wherein the claim to which such p riod relates is contested.

(*2*) Where the property over which a right is claimed under sub-section (*1*) belongs to Government, that sub-section shall be read as if for the words "twenty years" the words "sixty years" were substituted.

Explanation.—Nothing is an interruption within the meaning of this section unless, where there is an actual discontinuance of the possession or enjoyment by reason of an obstruction by the act of some person other than the claimant, and unless such obstruction is submitted to or acquiesced in for one year after the claimant has notice thereof and of the person making or authorizing the same to be made.

Illustrations.

(*a*) A suit is br ught in 1911 for obstructing a right of way. The defendant admits the obstruction, but denies the right of way. The plaintiff proves that the right was peaceably and openly enjoyed by him, claiming title thereto as an easement and as of right, without interruption from 1st January 1890 to 1st January 1910. The plaintiff is entitled to judgment.

(*b*) In a like suit the plaintiff shows that the right was peaceably and openly enjoyed by him for twenty years. The defendant proves that the plaintiff, on one occasion during the twenty years, had asked his leave to enjoy the right. The suit shall be dismissed.

Exclusion in favour of reversioner of servient tenement.

27. Where any land or water upon, over or from which any easement has been enjoyed or derived has been held under or by virtue of any interest for life or any term of years exceeding three years from the

The Indian Limitation Act, 1908.

(Part IV.—Acquisition of Ownership by Possession. Part V.—Savings and Repeals. The First Schedule.—First Division: Suits.)

granting thereof, the time of the enjoyment of such easement during the continuance of such interest or term shall be excluded in the computation of the period of twenty years in case the claim is, within three years next after the determination of such interest or term, resisted by the person entitled, on such determination, to the said land or water.

Illustration.

A sues for a declaration that he is entitled to a right of way over B's land. A proves that he has enjoyed the right for twenty-five years; but B shows that during ten of these years C, a Hindu widow, had a life interest in the land, that on C's death B became entitled to the land, and that within two years after C's death he contested A's claim to the right. The suit must be dismissed, as A, with reference to the provisions of this section, has only proved enjoyment for fifteen years.

Extinguishment of right to property.

28. At the determination of the period hereby limited to any person for instituting a suit for possession of any property, his right to such property shall be extinguished.

PART V.

SAVINGS AND REPEALS.

The Indian Ports Bill.

(Chapter. V.—Port-dues, Fees and other Charges. Chapter VI.—Hoisting Signals. Chapter VII.—Provisions with respect to Penalties.)

Application and account of hospital port-dues.

50. (*1*) Hospital port-dues shall be applied, as the Local Government may direct, to the support of any such hospital or dispensary as aforesaid, or otherwise for providing sanitary superintendence and medical aid for the shipping in the port in which they are levied and for the seamen belonging to the vessels therein, whether such seamen are ashore or afloat.

(*2*) The Local Government shall publish annually in the *local* official Gazette, as soon after the first day of April as may be, an account, for the past financial year, of the sums received as hospital port-dues at each port where such dues are payable, and of the expenditure charged against those receipts.

(*3*) Such account shall be published as a supplement to the abstract published under section 36, sub-section (*2*).

CHAPTER VI.

HOISTING SIGNALS.

Master to hoist number of vessel.

51. (*1*) The master of every inward or outward bound vessel, on arriving within signal-distance of any signal-station established within the limits of the river Hooghly, or within the limits of any part of a river or channel leading to a port subject to this Act, shall, on the requisition of the pilot in charge of the vessel, signify the name of the vessel by hoisting the number by which she is known, or by adopting such other means to this end as may be practicable and usual, and shall keep the signal flying until it is answered from the signal station.

(*2*) If the master of a vessel arriving as aforesaid offends against sub-section (*1*), he shall be punish*able* for every such offence with fine which may extend to one thousand rupees.

Pilot to require master to hoist number.

52. (*1*) Every pilot in charge of a vessel shall require the number of the vessel to be duly signalled as provided by the last foregoing section.

(*2*) When, on such requisition from the pilot, the master refuses to hoist the number of a vessel, or to adopt such other means of making her name known as may be practicable and usual, the pilot may, on arrival at the first place of safe anchorage, anchor the vessel and refuse to proceed on his course until the requisition has been complied with.

Penalty on pilot disobeying provisions of this Chapter.

53. Any pilot in charge of a vessel who disobeys, or abets disobedience to, any of the provisions of this Chapter shall be punish*able* with fine which may extend to five hundred rupees for each instance of such disobedience or abetment, and in addition shall be liable to have his authority to act as a pilot withdrawn.

CHAPTER VII.

PROVISIONS WITH RESPECT TO PENALTIES.

Penalty for disobedience to rules and orders of the Local Government.

54. If any person disobeys any rule or order which a Local Government has made in pursuance of this Act and for the punishment of disobedience to which express provision has not been made elsewhere in this Act, he shall be punish*able* for every such offence with fine which may extend to one hundred rupees.

Offences how triable, and penalties how recovered.

55. All offences against this Act shall be triable by a Magistrate, and any Magistrate may, by warrant under his hand, cause the amount of any fine imposed upon the owner or master of any vessel, for any offence committed on board of the vessel or in the management thereof or otherwise in relation thereto, whereof the owner or master is convicted, to be levied by distress and sale of the vessel, and the tackle, apparel and furniture thereof, or so much thereof as is necessary.

Costs of conviction.

56. (*1*) In case of any conviction under this Act, the convicting Magistrate may order the offender to pay the costs of the conviction in addition to any fine or expenses to which he may be liable.

(*2*) Such costs may be assessed by the Magistrate and may be recovered in the same manner as any fine under this Act

Ascertainment and recovery of expenses and damages payable under this Act.

57. (*1*) If any dispute arises as to the sum to be paid in any case as expenses or damages under this Act, it shall be determined by a Magistrate upon application made to him for that purpose by either of the disputing parties.

(*2*) Whenever any person is liable to pay any sum, not exceeding one thousand rupees, as expenses or damages under this Act, any Magistrate, upon application made to him by the authority to whom the sum is payable, may, in addition to or instead of any other means for enforcing payment, recover the sum as if it were a fine.

Costs of distress.

58. Whenever any fine, expenses or damages is or are levied under this Act by distress and sale, the costs of the distress and sale may be levied in addition to such fine, expenses or damages, and in the same manner.

Magistrate to determine the amount to be levied in case of dispute.

59. If any dispute arises concerning the amount leviable by any distress or arrest under this Act or the costs payable under the last foregoing section, the person making the distress or using the arrest may detain the goods distrained or arrested, or the proceeds of the sale thereof, until the amount to be levied has been determined by a Magistrate, who, upon application made to him for that purpose, may determine the amount, and award such costs to be paid by either of the parties to the other of them as he thinks reasonable, and payment of such costs, if not paid on demand, shall be enforced as if they were a fine.

Jurisdiction over offences beyond local limits of jurisdiction.

60. (*1*) Any person offending against the provisions of this Act in any port subject to this Act shall be punishable by any Magistrate having jurisdiction over any district or place adjoining the port

The Indian Ports Bill.

(*Chapter VII.—Provisions with respect to Penalties. Chapter VIII.—Supplemental Provisions.*)

(2) Such Magistrate may exercise all the powers of a Magistrate under this Act, in the same manner and to the same extent as if the offence had been committed locally within the limits of his jurisdiction, notwithstanding that the offence may not have been committed locally within such limits, and in case any such Magistrate exercises the jurisdiction hereby vested in him, the offence shall be deemed, for all purposes, to have been committed locally within the limits of his jurisdiction.

Conviction to be quashed on merits only.

61. (1) No conviction, order or judgment of any Magistrate under this Act shall be quashed for error of form or procedure, but only on the merits, and it shall not be necessary to state, on the face of the conviction, order or judgment, the evidence on which it proceeds.

(2) If no jurisdiction appears on the face of the conviction, order or judgment, but the depositions taken supply that defect, the conviction, order or judgment shall be aided by what so appears in the depositions.

CHAPTER VIII.

SUPPLEMENTAL PROVISIONS.

Hoisting unlawful colours in port.

62. (1) If any vessel belonging to any of His Majesty's subjects, or sailing under British colours, hoists, carries or wears, within the limits of any port subject to this Act, any flag, jack, pennant or colours, the use whereof on board such vessel has been prohibited by the Merchant Shipping Act, 1894, or any other Statute now or hereafter to be in force, or by any proclamation made or to be made in pursuance of any such Statute, or by any of His Majesty's regulations in force for the time being, the master of the vessel shall, for every such offence, be punishable with fine which may extend to fifty rupees.

17 & 18 Vict., c. 104, 57 & 58 Vict., c. 60.

Provided that a deposit be first made of such sum as the Magistrate deems necessary for the subsistence of the deserter during the detention, and that the detention of the deserter shall not be continued beyond twelve weeks.

Application of sections 10 and 21.

64. (1) The provisions of sections 10 and 21 shall be applicable to all ports heretofore or hereafter declared by the Local Government to be ports for the shipment and landing of goods but not otherwise subject to this Act, and may be enforced by any Magistrate to whose ordinary jurisdiction any such port is subject.

(2) Any penalties imposed by him, and any expenses incurred by his order, under the said provisions shall be recoverable respectively in the manner provided in sections 55 and 57.

(3) In any of the said ports for the shipment and landing of goods the consent referred to in section 21, sub-section (4), may be given by the principal officer of customs at such port or by any other officer appointed in that behalf by the Local Government.

Exercise of powers of conservator by his assistants.

67. (1) All acts, orders or directions by this Act authorized to be done or given by any conservator may, subject to his control, be done or given by any harbour-master or any deputy or assistant of such conservator or harbour-master.

(2) Any person authorized by this Act to do any act may call to his aid such assistance as may be necessary.

Service of written notice of directions.

68. Any written notice of a direction given under this Act, left for the master of any vessel with any person employed on board thereof, or affixed on a conspicuous place on board of the vessel, shall, for the purposes of this Act, be deemed to have been given to the master thereof.

Explanations to Part II of the First Schedule.

Explanation 1.—In this Part of the schedule—

(*a*) "ship" means a sailing vessel, and "steamer" a steam-vessel;

(*b*) "coasting ship" or "coasting steamer" means respectively a ship or steamer which at any port discharges cargo exclusively from, or takes in cargo exclusively for, any port in the island of Ceylon or any part of India, between the westernmost part of Sind and the south-eastern most part of Burma; and "coasting steamer" includes a coasting steam-vessel having a general pass under section 164 of the Sea Customs Act, 1878; VIII of 1878.

(*c*) "foreign ship" or "foreign steamer" means respectively a ship or steamer not being a coasting ship or coasting steamer:

Act V of 1903, s. 4.] Provided that, for the purpose of the levy of port-dues, a vessel shall not be deemed, during one and the same voyage, to be both a coasting ship or steamer and a foreign ship or steamer, but port-dues shall, in respect of such voyage, be leviable on such vessel either as a coasting or as a foreign ship or steamer, whichever rate is the higher.

Explanation 2.—As regards the levy of port-dues, each of the following pairs of ports, namely, Cocanada and Coringa, Nagore and Negapatam, Beypore and Calicut, is to be treated as if it were only one port; every vessel in respect of which such dues have been charged and taken at one of any of the said pairs being exempted from the dues on entering the other of the same pair immediately after leaving the one in which the dues were charged and taken.

THE SECOND SCHEDULE.

ENACTMENTS REPEALED.

(*See section 70.*)

Year.	No.	Short title or subject.	Extent of repeal.
1889 ...	X	The Indian Ports Act, 1889	So much as is unrepealed.
1891 ...	V	The Indian Ports Act, 1891 ...	The whole.
1894 .	II	The Indian Ports Act (1889) Amendment Act, 1894.	Ditto.
1896 ...	IV	The Indian Ports Act (1889) Amendment Act, 1896.	Ditto.
1901 ...	III	The Indian Ports Act, 1901 ...	Ditto.
1903 ...	V	The Indian Ports (Amendment) Act, 1903.	Ditto.

STATEMENT OF OBJECTS AND REASONS.

1. This is a pure consolidating Bill. The Indian Ports Act, 1889, has been amended by no less than five other Acts. The object of the present Bill is to collect the provisions of these six Acts and to incorporate them in one Act. The result will be that the law will be more easily ascertainable and that one Act will take the place of six on the Statute-book.

2. The fact that the General Clauses Act, 1897, will apply to the Bill when passed has rendered it unnecessary to retain some provisions of the existing Act. The opportunity has been taken to incorporate alterations of a formal character intended merely to improve and simplify the language of the existing Act. The numbering of the sections of the Act of 1889 has been preserved.

3. The only clause which in any way alters the law as at present in force is clause 43 (*b*). That clause corresponds to section 43 (*b*) of the Act, which enacts that the owner or master of a vessel must pay all expenses, required by section 228 of the Merchant Shipping Act, 1854 (17 & 18 Vict., c. 104), to be borne by him, before the grant of a port-clearance. The Statute of 1854 has been repealed by the present Merchant Shipping Act, 1894 (57 & 58 Vict., cap. 60), section 207 of which makes the owner or master liable to pay a further item of expense in addition to the items mentioned in the corresponding section (228) of the repealed Statute. The substitution of section 207 of the existing Statute for the reference to the repealed Statute makes the scope of clause 43 (*b*) of the Bill slightly wider than that of the corresponding provision of the existing Act. This is, however, in accordance with the spirit of the existing enactment.

4. The Act has been withdrawn from certain ports mentioned in the first schedule, while certain new ports have been brought under its operation. The schedule has been amended accordingly.

5. A table showing the disposal of the sections of the Acts is annexed.
